Boulder Evening
University of Colorado credit courses offered weekdays after 5 pm through the departments of communication, English, mathematics, psychology, sociology, Spanish, and more.

Web Registration Information
Instructions for eligible Boulder Evening and Independent Learning students to register using the Web.

Independent Learning
University credit courses via online or correspondence—an excellent solution for disciplined independent learners. Includes High School Independent Learning.
Learning is a lifelong journey. Indulge your sense of adventure and advance your career through the University of Colorado at Boulder’s Division of Continuing Education and Professional Studies.

Let our highly qualified faculty inspire you. Use our convenient schedules to easily blend your study with work and family life. And count on our support staff to help you navigate CU’s abundant academic programs, financial aid opportunities, and career placement services.

Open your mind, and you’ll discover anything is possible.
If a song has ever moved you, you know music can inspire strong emotions — whether that’s hearing the tune your mother used to sing or the ballad that helped you cope with teenage angst. Daniel Brigham’s course examines the role music plays both in your life and in society at large. In small writing workshops and discussion groups, you will form your own opinions and then demonstrate their validity.

“My students dig into the meaning of music in their lives and in society. For example, they the subtle ways music has shaped their identity and outlook on life.”

TAKE CREDIT FOR LEARNING.

You’re unique — and so is the Boulder Evening program. Our goal is to give you more learning options. With courses that meet during the evenings, you can make significant progress toward a degree without taking time away from the rest of your busy life. You can start a degree, finish one, experiment with returning to college, or supplement your current on-campus course load. It all depends on you.

Credits earned in Boulder Evening courses are just like those awarded on main campus. Grades count toward your GPA. And your transcript doesn’t distinguish between evening and daytime courses. Explore your options by talking with one of our advisors today at 303-492-8252.

Eligibility

All you need is a high school diploma or GED. (Individuals with University of Colorado financial stops or on academic suspension from the College of Engineering and Applied Science may not enroll.)

For fall and spring semesters, if you are under 20 years of age as of January 15 for spring or September 15 for fall, not in high school, and not officially admitted or enrolled in a CU-Boulder degree program, you must meet criteria similar to those of freshmen entering the University. To determine your eligibility to take credit classes, you must meet (by phone or in person) with a Continuing Education academic advisor and provide copies of your high school transcript and SAT or ACT scores. Please make your appointment with an advisor as soon as possible to explore all of your options by calling 303-492-8252 or toll free 1-800-331-2801.

Adding and/or Dropping Courses

See page 4 for critical deadlines for adding and/or dropping classes. Adding and dropping can be done via PLUS at www.colorado.edu/plus or via CUConnect, the student web portal, at
cuconnect.colorado.edu. You can also add or drop in person at Continuing Education, 1305 University Avenue. If you don’t officially withdraw from a course, you may receive a grade of “F” for that course and you may be liable for any tuition and fees.

Tuition
Tuition is determined by residency status.

Resident tuition
$167 per credit hour.

Nonresident tuition
Three credits or less is $387 per credit hour. Four or more credits is $744 per credit hour.
The Division will charge the resident tuition rate for Boulder Evening when a nonresident student pays for six (6) or more credit hours through the Boulder campus and then enrolls for additional Boulder Evening courses. A full tuition schedule is available on the Web at www.colorado.edu/conted/tuitionsummer.htm.

Some courses requiring special equipment or materials may be slightly higher.

Residency
If you have lived in Colorado for the past 12 months, you may be eligible for in-state tuition rates although you may be asked for documentation. Please see the calendar on page 4 for deadline dates to petition for in-state classification.

If you’re not 23 years old by the first day of classes, you are assumed to have the same legal residence as your parents. If your parents live out of state, you may petition the University of Colorado for resident status as an emancipated minor. If you believe your initial classification is incorrect, talk to the Classification Coordinator at 303-492-5148.

Final Exams and Grades
Final exams are held the last day of the class. See the list of courses by start date on page 5. Final grades will be available on CUConnect, the student web portal, at cuconnect.colorado.edu approximately 2 weeks after a class ends. If you need an official transcript showing your grade, visit the registrar’s office web site at registrar.colorado.edu/support/transcripts.htm for information.

Faculty and Staff Discounts
University of Colorado faculty and staff on at least a permanent, half-time appointment and retired faculty and staff may enroll in classes at a 50% tuition discount. Please provide proof of status with the University of Colorado when you register. Call 303-492-5148 for more information.

Student Services
See page 38 for information on advising, financial assistance and scholarships, career advising, bursar services, and more.

Student Fees
Students have the option of paying student fees for use of the Recreation Center, Wardenburg Health Center, etc. including an RTD bus pass. Visit the web site at www.colorado.edu/conted/accounting.htm for more information.

Survival Tip
Boulder Evening tuition is assessed in addition to any tuition paid on campus (resident or nonresident).

ART AND ART HISTORY

Special Topics in Studio Arts: Introduction to Book Arts
ARTS 3017  3 SEMESTER HOURS
The book is a symbol for intellectual freedom and expression as well as a unique object that can be touched and manipulated. This course will examine the book as a conceptual space to create works of art by covering a variety of binding structures (from traditional books to structures which defy the conventional notions of a book), content, materials, and techniques (binding, folding, adhering, etc.). The class will discuss the question of “What is a book?,” come up with a definition, and then challenge what is defined through class discussion and assignments. Experimentation with various processes, tools, and materials for individual ideas and imagery will be emphasized. Prereq., ARTS 1010 and ARTH 1300 or 1400, or instructor consent. Restricted to juniors and seniors.

Mia Semingson, MFA
Section 100: Call No. 60248. Tuesdays, Wednesdays, and Thursdays, May 31–June 30, 9 am–12 pm, Fine Arts C153. $551 (resident).

New Directions in Photography
ARTS 4171  3 SEMESTER HOURS
This is an advanced studio art course designed for students with a background in photography (primarily black and white) who want to expand their image making vocabulary through the use of alternative photographic techniques. The photographic processes to be explored include cyanotype, Van Dyke brown printing, ortho film, liquid photo emulsion, Polaroid transfers and emulsion lifts, Lasertran, and pinhole camera construction. The work created will exhibit not only a firm understanding of the processes demonstrated, but will also challenge the traditional use of these processes. May be repeated twice. Prereq., ARTS 3191 or equivalent, or instructor permission.

Mia Semingson, MFA
Section 100: Call No. 60099. Tuesdays, Wednesdays, and Thursdays, May 31–June 30, 1–4 pm, Fine Arts C1B70. $651 (resident).

ATMOSPHERIC AND OCEANIC SCIENCES

Weather and the Atmosphere
ATOC 1050  3 SEMESTER HOURS

Patty Ruiz

Music and Society

“This class allows me to be a little bit more creative and personal in my writing than other courses I’ve had in the past. The professor involves everyone in exploring what we really think and developing interesting topics surrounding the impact of music on everyday life.

Because of Continuing Education’s night classes, I can still work during the day and make progress toward my degree. They really cater to nontraditional students.

I completed many other Continuing Ed classes before I got into the degree program. The advisors helped me settle on a goal and develop a path toward finishing what I started in junior college. Their tips and ideas were really useful.”
BOULDER EVENING

JOURNALISM

Special Topics: Scriptwriting for the Entertainment Industry
JOUR 4874  3 SEMESTER HOURS
Introduces basic scriptwriting skills and formats for broadcast and cable television situations, comedies, dramas, and movies. Eligible Boulder Evening and Independent Learning students may register for courses on the Web using Personal Lookup Services (PLUS). To be eligible, your CU student record must be activated for the current semester.

If you have taken courses through Continuing Education during the past 12 months, call us at 303-492-5148 to have your student record activated or rolled forward.

If you have not attended during the past 12 months you will need to do one of the following to activate your record:

- Return the credit registration form located in the center of this catalog to Continuing Education at 1505 University Avenue or fax it to 303-492-3962.
- Complete the application on the Web at www.colorado.edu/conted/creditapp.htm.

Once your form has been processed, you will receive an Invitation to Register or ITR confirming your eligibility to register using PLUS along with your CU student identification number (SID) and personal identification number (PIN). Your CU SID and PIN are required to log-on to PLUS. Please keep your PIN confidential. Use of web registration (PLUS) obligates you for any tuition charges as a result of adding any course.

You can use PLUS to conduct online course searches. At the PLUS home page choose Planning Tools and then Schedule Planner to search the Continuing Education courses for the current semester or log-on using your CU SID and PIN and choose Course Status at the bottom of the page. Schedule Planner is updated nightly; Course Status is updated on a real-time basis.

Some courses have prerequisites and enrollment restrictions. It is your responsibility to ensure that you have met the listed prerequisites and/or restrictions. If you are unsure, please call 303-492-8252 and make an appointment with an academic advisor.

**Register Using PLUS**

To register using PLUS, go to www.colorado.edu/plus and choose the Registration Log-on button. Enter your CU student identification number (SID) and personal identification number (PIN) and submit.

At the registration menu, choose the Register tab at the bottom of the page. Follow the instructions to add or drop and request pass/fail or no credit. You will need to enter the five-digit course call number to register and click on the Submit button to process each course request.

To access PLUS through CUConnect, the student web portal, go to cuconnect.colorado.edu and log on with your IdentiKey and password. Choose the plus tab and the Registration button.

Please note that once you register for a course then decide to change to pass/fail or no credit, you should come to our office at 1505 University Avenue and fill out the necessary paperwork. You can also e-mail your request to ceregistration@colorado.edu. If you e-mail your request, be sure to include your name, the last 4 digits of your CU SID, and the course number and title. The only way to change your status online is to drop the course and re-enroll which may result in losing your place in the course.

If a course is closed, you may add your name to a wait list. This does not guarantee that you will be enrolled in the course. If an opening occurs, you will automatically be enrolled in the course. It is important if you choose to wait list for a course that you verify your schedule often to avoid being charged additional tuition and fees, and receiving a grade of “F” for the course.

To verify your course selections, click on the Schedule tab at the bottom of the page. If you are taking Boulder Evening courses, your schedule can be adjusted through the deadline dates listed on the academic calendar on page 4.

When you’re finished, be sure to exit web registration.

Web registration (PLUS) is normally available Monday–Friday from 7 am–midnight and Sundays from 11 am–midnight (including holidays). It is not available on Saturdays.

If you have any type of registration or financial stop, you may not be allowed to enroll. Please call our registration office at 303-492-5148 for more information on your stop. This information is also available on PLUS at www.colorado.edu/plus or through CUConnect, the student web portal, at cuconnect.colorado.edu. Once you are logged on, choose the Reg Status tab (Registration Status) at the bottom of the page.

**Account Balances and Tuition Payments**

Once you register for courses using PLUS, you can find out your account balance and pay your tuition by choosing Next Step then Account Balance, Submit, and Credit Card Payment. We accept VISA, MasterCard, and Discover. If you log-out before paying your tuition, you must enter through Registration Log-on to pay using a credit card. If you are unable to log-on to PLUS, you can also make credit card payments by calling our bursar/accounting office at 303-492-2216, fax your information to 303-492-3962, or visit us at 1505 University Avenue.

You can also submit payments online from your checking or savings account using the Payment Only Option, an electronic interface with your bank. More information is available at www.colorado.edu/conted/paymentonly.htm.

**Additional PLUS Features**

Once you are enrolled in classes, you will be issued an IdentiKey and eligible to use CUConnect, the student web portal, to access PLUS, WebMail, and WebCal. Through PLUS you are able to:

- Confirm your degree program information (primary and secondary college, major, and class standing)
- See books required for your courses
- See your current semester billing and financial aid information
- Order an official transcript
- Print an unofficial transcript
- Change your address
- Change your IdentiKey or PIN
- Perform a degree audit (for certain colleges)
“Although I never meet my Independent Learning students, sometimes I become more intimate with them than with the people who attend my traditional classes.”

Todd Pinney knows that writing about literature can be an intensely personal experience. In his American Literature course, students read and write mostly about diverse 20th century works by Native Americans, African Americans, women, and other influential authors. “It’s America’s writers grappling with the challenges of advanced civilization, including our country’s unsettled identity,” Pinney explained. Students craft essays in response to socially significant literature. If you like American literature, put this summer reading course on your list.

THE ULTIMATE IN FLEXIBILITY WITH CU QUALITY.

You call the shots—by deciding when, where, and how you learn.

Independent Learning lets you start your study any time of the year. You can complete courses over the Internet or through the mail; choose from self-paced classes that you complete according to your calendar; or term-based classes that follow the semester calendar. Online classes allow rich interaction with your instructor and other students.

Think of the possibilities. You can earn extra credit toward your degree, enhance and develop your job skills, prepare for a career change, or just satisfy your curiosity—all at your own convenience.
So, it’s up to you to challenge yourself and to decide how you want to take a course. Complete course descriptions and additional information are available on our website at www.colorado.edu/ce or call 303-492-5148.

For fall and spring semesters, if you are under 20 years of age as of January 15 for spring or September 15 for fall, not in high school, and not officially admitted or enrolled in a CU-Boulder degree program, you must meet criteria similar to those of freshmen entering the University. To determine your eligibility to take credit classes, you must meet (by phone or in person) with a Continuing Education academic advisor and provide copies of your high school transcript and SAT or ACT scores. Please make your appointment with an advisor as soon as possible to explore all of your options by calling 303-492-8252 or toll free 1-800-331-2801.

These University of Colorado credit classes are approved by the individual departments and are offered in three formats:

**Correspondence Courses by Mail**
These courses are self-paced, allowing you up to a year to finish course work (one-year extensions are also available). Students follow a printed study guide and professor-student communication is conducted by regular mail and e-mail.

**Self-paced Online Courses**
Like correspondence courses, self-paced online courses allow you up to a year to finish and can be extended for another year. All course communications are conducted online. Many of these courses involve online interaction among students and a broad range of web activities.

**Term-based Online Courses**
Term-based online courses follow a fixed calendar so that all students will be on the same schedule and can regularly interact with each other online. (See page 18 for full descriptions of term-based courses.)

Independent Learning also offers:

**Applied Music**
Private and small group for-credit music instruction with the Applied Music program (see page 21)

**High School Correspondence Courses**
(see page 20)

**Individualized Instruction**
For special cases when a student needs a course that is unavailable (talk to your advisor or call 303-492-5148 for more information)

High School Independent Learning

In cooperation with your high school, we offer high school correspondence courses. You can take these courses with the approval of your school. Your high school grants credit when you successfully complete courses. And it’s up to you to decide when and where to learn. Self-paced courses put you in control. Additional information and course descriptions are available on the Web at www.colorado.edu/cewww.

All courses are for one semester (half-unit) of high school credit. Registration for credit requires the approval and cooperation of the student’s high school. Tuition is $120 per course. Syllabi and texts are extra.

High School students may also register for CU-Boulder courses as concurrent students, earning credit at the university and at their high school. See the High School Concurrent Program, page 21.

ACCESS Program

Available Credit Courses for Eligible Special Students
Do you want to take a credit course at CU-Boulder during the day? Are you interested in a particular class for personal or professional development? Do you plan to enroll in a degree program in the future? The ACCESS Program enables nondegree students to enroll in Boulder main campus undergraduate or graduate courses on a first-come, first-served basis after most degree-seeking students have had an opportunity to register.

We are currently accepting applications for the Fall 2005 semester. Registration begins Friday, August 19 and classes begin Monday, August 22. Call 303-492-5148 for more information or visit the ACCESS web site at www.colorado.edu/conted/access.

High School Concurrent Program
If you are a high school student interested in the challenge of university course work, you may enroll in Summer Session 2005 or Boulder Evening credit courses at the University of Colorado at Boulder. In addition, you may be able to use the credit you earn toward high school graduation requirements and for college credit. Participation in the High School Concurrent Program requires written permission from your high school counselor and parent/guardian. You may obtain more information on Boulder Evening courses in this catalog. For information on Summer Session 2005 courses visit the web site at www.colorado.edu/summersession.

During the fall and spring semesters, high school juniors and seniors may enroll in the ACCESS (Available Credit Courses for Eligible Special Students) Program and request tuition reimbursement from their school district under the Postsecondary Enrollment Options. You must notify your counselor of your intent to enroll at least two months prior to the beginning of the term. Call 303-492-8252 for an application and more information or visit the web site at www.colorado.edu/conted/hsconcur.

Summer Session

Summer Session at CU-Boulder includes traditional daytime courses held on the Boulder campus. Classes are smaller, more relaxed, and more personal. Different terms allow you to take classes and have time to work, travel, relax, or participate in an internship.

Many students appreciate the opportunity to focus on math, biology, chemistry, or physics during the summer. Have you always wanted to take a drawing, painting, or art history class? Summer is the time. Interested in business, journalism, engineering, or music classes? Enjoy Boulder in the summer and take advantage of more than 500 classes.

We welcome high school students, undergraduate students, graduate students, and others to join us in Boulder. Different terms help you plan the classes you need around your schedule. Consider taking one class in the 3-week Maymester. There are also 5-week, 8-week, 10-week, and intensive terms.

For more information on Summer Session call 303-492-5148 or visit the web site at www.colorado.edu/summersession to request a catalog.

Degree Completion Program
The Division of Continuing Education and Professional Studies has helped nontraditional students finish their undergraduate degrees for years. Completing a degree is a very unique experience for each person. Students who have a significant amount of eligible credit or who have earned an associate’s degree may be able to complete their bachelor’s degree using course work offered through Continuing Education. Interested students should call 303-492-8252 to make an appointment with an advisor or visit the web site at www.colorado.edu/conted/degreecompletion.htm.

Applied Music
During fall and spring semesters the College of Music and the Independent Learning Program offer private instruction for voice and most popular instruments. Group classes are offered for beginning guitar. Private lessons are by arrangement.

Nine hours of instruction. Two semester hours of credit that can be taken for a letter grade, pass/fail, or no credit. For more information, visit the web site at www.colorado.edu/ceww/appliedmusic.htm.

Student Services
See page 38 for information on advising, financial assistance and scholarships, career advising, bursar services, and more.
Sandra Rosewell is a matchmaker of sorts. Her Career Exploration Workshop helps people pair their marketable skills with a career they’ll truly love. Participants include those just finishing their bachelor’s degrees, disillusioned graduate students, people returning to the workforce, and those searching for a second career. Throughout the class, students take personality and interest surveys, examine labor market trends, undergo in-depth discussions, talk one-on-one with a career counselor, and study the university’s job databases. “Many come in thinking they don’t have much to offer and realize they’re actually very valuable to an employer,” said Rosewell. “By the end of the course, they can go out and make it happen.”
Tuition and classroom information are listed at the end of each course description. Early registration is advised as class sizes are limited. Full refunds are given on request prior to the second class meeting. Please keep in mind that non-attendance or non-payment does not constitute withdrawal. If you would like to withdraw from a course, contact Continuing Education. Only preregistered students may attend class.

**Foreign Language Classes**

Students enrolled in Continuing Education Foreign Language classes may use the University of Colorado Anderson Language Technology Center (ALTEC). Located in Hellems Hall, the lab provides state-of-the-art audio, video, and print materials for language students. A receipt for your Continuing Education language class is all that you need to use the facility.

**Fine Arts Supplies**

Many of our fine arts classes have recommended supply lists. You will find the list on our web site at [www.colorado.edu/conted/pefa.htm](http://www.colorado.edu/conted/pefa.htm) and scroll down to your course or call 303-492-5148.

**Faculty and Staff Discounts**

University of Colorado faculty and staff on at least a permanent, half-time appointment and retired faculty and staff may enroll in classes at a 25% tuition discount. Please provide proof of status with the University of Colorado when you register. Call 303-492-5148 for more information.

Finding a new career takes more than reading the want ads! Getting serious about a new career direction requires values clarification, interest assessment, and career planning. This workshop will give you the information and tools you will need to explore what’s right for you in your career. During and after the class, you will have access to most of the services available at the campus Career Services office.

Sandra Rosewell is a career counselor in the CU-Boulder Career Services office. She has been counseling job seekers and changers for over 20 years.

Section 100: Wednesdays, June 8–29, 6–8 pm, Continuing Education Center, 4 sessions. $140.

FIN E ARTS

Introduction to Drawing
NCFA 020
Learn to translate your observations through drawing! You will explore line, value, texture, perspective, and more. Working with different materials, such as paper, pencil, graphite, ink, charcoal, and house paint, you will experience the different approaches to contemporary drawing. No experience is necessary to start drawing now! Supplies will cost approximately $50. Check the online course description or call 303-492-5148 for a supply list. Please bring materials for the first night.

Robert Penn, MFA from CU-Boulder, has taught both drawing and painting on campus.

Section 100: Tuesdays, June 7–July 12, 6:30–8:30 pm, Fine Arts N298, 6 sessions. $142.

Ninan Koshy
Figure Drawing

“I am a recent graduate of CU working for a company here in Boulder. This short figure drawing class fit perfectly into my schedule. The course has really helped me improve my skills and build a strong foundation for advanced art classes. The professor is really motivated, and the group environment lets me see different perspectives and styles.”

Water Media
NCFA 009
You will be introduced to various watercolor applications, such as wet into wet, dry brush, glazing, mingling, etc. Discussions focus on understanding color and developing the composition and techniques that include a salt lift, masking fluid, plastic wrap, and different ways to create whites. You will explore watercolor as a medium to record visual information in your journal as well as in finished work. The class examines a variety of resources such as the still life, human figure, and photograph. Complete, discounted supply kits are available at Art Hardware (1135 Broadway) for approximately $95–$120. Call 303-492-5148 for a supply list. Please bring materials to the first class meeting.

Robert Penn, MFA from CU-Boulder, has taught both drawing and painting on campus.

Section 100: Mondays, June 6–July 18 (no class July 4), 6:30–8:30 pm, Fine Arts N298, 6 sessions. $142.
Introduction to Oil Painting
NCFA 028
Gain an understanding of fundamental color theory and basic oil painting materials and methods, such as using mediums to ensure that paintings don’t crack over time. Studio time will include work with observing and representing light, choosing and mixing color, developing interesting compositions, and creating the illusion of space. Development will be encouraged through individualized instruction and group discussion. Check online course description or call 303-492-5148 for a supply list. The estimated cost for the materials is $140–$200. Complete, discounted kits are available at Art Hardware (1135 Broadway) for approximately $130. Please bring all materials to the first class meeting. No previous painting experience is necessary! No class on July 21.

Christina Craigo, MFA from the School of Visual Arts in New York, is a painter who has exhibited her work nationally and in India.
Section 100: Thursdays, June 9–August 18 (no class July 21), 6:30–8:30 pm, Fine Arts N103, 10 sessions. $230.

Plein Air Landscape in Pastels
NCFA 039
Because of its ease of use, brilliance of color, and the fact that no solvents are needed, pastel is the perfect medium for plein air landscape painting. In the class we will explore the secrets of landscape painting by combining the use of photographs and plein air techniques. We will learn how to select landscape elements to make a strong composition as well as work with light and shadow, and explore color in nature. During four evening classes we will learn basic landscape techniques and explore the effects of light and atmosphere to catch the beauty of a Colorado evening. In our final class we will expand our skills in observing and painting from nature in a full day plein air landscape workshop. This class will include demonstrations and individual instruction.

Gretchen Acharya, BA in Fine Arts from CU-Boulder, has been teaching art for 15 years. She is the president of the Boulder Art Association Pastel Painters and has taught plein air pastel workshops in Italy.
Section 100: Thursdays, June 2–23, 6–8 pm, and Saturday, June 25, 10 am–3:30 pm, Fine Arts C103, 5 sessions. $142.

Fearless Basic Photography
NCFA 001
Come prepared to have fun while learning how to operate your 35mm SLR camera. We will cover f-stops, shutter speeds, film, exposure, lenses, filters, flash, simple lighting techniques, composition, alternative shooting techniques, and ways of “seeing.” For weekly assignments, you will be shooting color slide film and will be encouraged to share your images to receive feedback from the class. A minimum of six rolls of color slide film is required to complete all assignments (approximate cost is $85 for film and processing). Bring your 35mm SLR camera and enthusiasm for learning a new skill. No experience necessary!

Mia Semingston, MFA in Photography from CU-Boulder, has taught photography at the college level since 1996. She is teaching photography at CU-Boulder and has exhibited her work nationally and internationally.
Section 100: Wednesdays, June 8–July 27, 6:30–8:30 pm, Ketchum 119, 8 sessions. $176.

Every business relies on a unique set of information to function, including paper-based communication, spreadsheets, and word-processing documents. A database program organizes these elements so that people can use their information more efficiently. In Issy Kilbride’s Microsoft Access classes, students learn to design and build effective databases or to simply understand and fully utilize their existing ones. “Databases can be like giant, intricate spider webs. Changing data in one place often changes it in other parts of the program,” explained Kilbride. “Once you understand how the components fit together, your database becomes easier to comprehend, administer, and expand. A little organization can eliminate the chaos!”

“I love teaching this database class because it helps people make order out of chaos.”

**CAREER BUILDING SKILLS.**

With computers occupying almost every workplace, home, and school, making the most of technology is critical for everyone. Our courses can help you make the most of technology — whether you’re a novice or an aficionado. Through our curriculum, you can learn to master popular applications. Boost your career by building technical skills. Earn a certificate from CU in networking, programming, technology management, or web development topics.

Courses feature hands-on, online, or lecture instruction from respected leaders in the IT industry. You know your course is relevant, current, and applicable because our instructors work in their fields and bring real-world experience to the classroom.
Computer Classes
A variety of classes and workshops are available each term to enhance your basic, intermediate, and advanced skills. Courses are offered each semester in applications, graphics, networking, programming, web development, Cisco networking, Oracle database management, and business process management (Six Sigma Black Belt). A schedule of courses offered this term is available on page 31.

New! Certificate Programs
Our certificate programs have been redesigned to take you step by step on the path to a new career or more advanced skills. New course tracks also introduce information technology management, and advanced skills in Cisco networking and Oracle database management. See our web site for prerequisites, course requirements, and more information.

Individual certificates are available in:
- UNIX
- Windows Server Administration
- Network Security
- Business and Network Systems
- Six Sigma (Black Belt)
- CCNA
- Programming Fundamentals
- C++
- Java
- Visual Basic
- HTML
- Dreamweaver
- Flash
- Graphics
- JavaScript

As well as these comprehensive certificates:
- Web Site Design (Technical or Graphics/Multimedia Emphasis)
- Web Developer
- Senior Web Developer
- Webmaster

If you began a certificate prior to fall 2004, you have the option of completing your certificate under the previous requirements or applying your completed course work toward one or more of the new certificates. Contact us for more information.
Vincent Randazzo
Intermediate HTML

“The instructors all have industry backgrounds, so they’re very professional and knowledgeable. They have a well-founded response to every question asked. I feel like I’m getting accurate, up-to-date information because they deal with this information in the real world every day.”

Workshops and Free Seminars
Short and convenient workshops are designed to enhance your skills in a specific area of interest and give you more time to interact with the instructor and other students. Free seminars are offered to introduce you to subjects like graphics and web design. Available workshops and free seminars are listed on page 31.

Business Training Services
Computer classes, customized training, and computer lab rentals can be tailored for your business. Also, our computer applications students can make valuable interns and employees. See www.colorado.edu/conted/cts for more information.

Program Information
All computer applications courses are approved by the University but are noncredit and do not apply toward any degree programs. Listed in each course description, available on our web site, you will find:

Prerequisites
Most courses have a prerequisite which should be completed before attending the course. Equivalent experience or courses from another institution may be accepted in place of the prerequisite(s). Contact us if you are unsure you have the necessary background to satisfy the prerequisite.

Textbooks
Some courses require or recommend textbooks. This is indicated at the end of each course description. Textbooks are available at the CU Book Store in the University Memorial Center (UMC) and at most local bookstores.

Classroom Locations and Parking
The majority of courses offered through the Computer Applications Program are held at one of the following locations:
• Continuing Education Center (cedu) at 1505 University Avenue
• Folsom Stadium (STAD), Gate 11, at the corner of Colorado Avenue and Folsom Street on the main CU campus
• University Management Systems (UMS) at 4780 Pearl East Circle
See our web site for maps and parking information. Refer to the map on page 40 for other course locations.

Enrollment Limits
Enrollment is limited by the number of computers or seats available in each classroom. Only registered students are allowed into class.

Grading Policy
There are two grading options depending on your purpose for taking the course.

Satisfactory (S)/Unsatisfactory (U): You are assigned a satisfactory (S) or unsatisfactory (U) grade at the end of the course based on your attendance, quizzes, and/or completion of assignments. This option is mandatory for anyone seeking to complete one of the certificate programs, and may be required if your employer is paying for your courses or if you are seeking tuition reimbursement.

No Credit (NC): If you are not working toward a certificate or do not need to be assessed a grade you can choose to receive a No Credit (NC) grade. Notify your instructor at the start of class if you would like to receive an NC grade.
If you are working toward one of our certificates you must receive a satisfactory grade in all courses that apply toward the certificate.
If an unsatisfactory or No Credit grade is received, the course must be taken again to obtain a satisfactory grade.

Course Cancellations
Courses may be cancelled due to low enrollment. In this case, you will be notified at least three business days prior to the start date of the course. A valid e-mail address or working phone number must be on file for us to contact you in a timely manner. You can also check our web site for the most up-to-date cancellation information.
Courses may also be cancelled due to severe weather conditions. In this situation, call 303-735-5000 for announcements.

Drop Deadlines and Refund Policy
Once enrolled, it is your responsibility to attend the course or drop from it in a timely manner. To receive a refund, a course must be dropped three business days before it begins. No refunds will be issued after this time.

Other Information
Faculty, Staff, and Student Discounts
University of Colorado faculty and staff on at least a permanent, half-time appointment and retired faculty and staff may receive a 25% tuition discount on our courses. Proof of status must be provided at the time of registration. CU-Boulder students enrolled at least half-time in credit courses are also eligible for a 25% tuition discount.

Student Services
See page 38 for information on advising, financial assistance and scholarships, career advising, bursar services, and more.
Visit our web site at www.colorado.edu/conted/computer for more information, or call 303-492-5148 or 800-331-2801.

The energy you dedicate to improving your education is usually well worth the INVESTMENT.

CU Professional Studies could make you a better leader and a more valuable employee with targeted courses created for working professionals.

Through the University’s many professional studies offerings, you can receive university credit, gain an advanced degree, and earn professional certificates. We cater to teachers needing recertification, engineers polishing skill sets, managers selecting employee programs, nonnative English speakers practicing language proficiency, executives seeking cutting-edge knowledge, and other professionals bent on concentrated learning. Use your time and resources wisely by tapping into CU’s professional studies programs today.

Monica Pleiman: “As the owner of a small business focused on consulting and technology, the 50 for Colorado program helped me learn more about statewide concerns. With this expanded knowledge base, I can address a broader scope of community and economic issues.”

University Credit and Degree Programs

Traditional Undergraduate and Graduate Courses
CU helps you to earn credits toward a degree or professional certification. Night classes are offered year-round through the Boulder Evening program (see page 2). Check out our expanded schedule during Summer Session (see page 21). You can complete course work on your own terms through the Independent Learning program (see page 12) which offers courses online or by mail. And the ACCESS program (see page 21) lets you attend traditional daytime courses.

Center for Advanced Engineering and Technology Education (CAETE)
Earn a masters degree from the College of Engineering and Applied Science in engineering, computer science, telecommunications, or management that is designed specifically for busy working professionals. Finish your degree on your terms through our on-campus courses or distance learning technologies (see page 34).
David Raduziner: “The diverse experiences and networking among participants in the 50 for Colorado program have made me a more involved and knowledgeable community leader. The program opened my eyes to the diverse interests and issues across the entire state, not just the Front Range.”

**Language Programs**

**International English Center**
If you’re a nonnative English speaker, you can improve your language proficiency via the English as a Second Language (ESL) and the Global Business Communications programs (see page 36).

**Foreign Language Courses**
Would you like to add a foreign language to your resume? You can learn everything from Japanese to Spanish. Conversational, not-for-credit classes are available through the Personal Enrichment program (see page 22), while the Boulder Evening program features language courses that earn college credit (see page 2). For daytime options, find out more about our ACCESS or Summer Session programs (see page 21).

**Certificate Programs**

**Executive Development Programs**
Hone your professional edge through our certificates in leadership, negotiations, executive development, technology management, and finance. These targeted programs are offered in partnership with the Leeds School of Business (see page 35).

**Computer Applications Program**
Pick up hands-on skills by enrolling in our web site design, graphics, networking, and software applications classes. You may even earn a computer applications certificate (see page 28).

**Center for Advanced Engineering and Technology Education (CAETE)**
Our certificate programs in engineering, computer science, telecommunications, and management are tailored to meet the needs of today’s professionals. Choose from on-campus courses or distance learning options (see page 34).

**Custom Training**
If your business requires employees to learn a specific skill set, we can design a workshop or series of classes to address nearly any topic by drawing on CU’s vast intellectual resources. This customized training is available through the Executive Development, Center for Advanced Engineering and Technology Education, and Computer Applications programs.
The Center for Advanced Engineering and Technology Education brings CU-Boulder’s College of Engineering and Applied Science directly to you. Whether you are looking for a graduate degree, professional development classes, or a career enhancing certificate, CAETE connects you with robust curricula, world class faculty, and advanced e-learning technology wherever you are.

Academic Excellence
CU-Boulder is one of the leading research universities in the United States. The College of Engineering and Applied Science at CU–Boulder is known for its outstanding faculty, strong industry partnerships, and dedication to excellence in both teaching and research making it one of the best institutions of higher education in the country for meeting the challenges of the 21st century.

• Graduate programs at the College of Engineering and Applied Science are currently ranked 19th among public engineering schools (U.S. News and World Report, April 2004).
• Among the 170 distinguished faculty in the College of Engineering and Applied Science are 18 NSF National or Presidential Young Investigators, 17 NSF CAREER Award winners, and three NSF Presidential Early Career Award winners or faculty fellows.
• Interdisciplinary Telecommunications Program faculty member, Frank Barnes, received the National Academy’s highest award, the Bernard M. Gordon Prize, for innovation in engineering and technology education.
• Students and faculty of the College’s 18 research centers are involved in joint research projects with national laboratories and numerous industrial firms.

Degrees and Certificates
CAETE serves on-campus students, distance learners, and working professionals through traditional classroom settings, and providing course materials and lectures through streaming or downloading from the Internet and CD-ROM delivery. Courses through CAETE can help you reach your goals with career enhancing degrees, certificates or specific skills:
• Earn a master’s degree in aerospace engineering, computer science, electrical and computer engineering, engineering management, or telecommunications from CU-Boulder’s College of Engineering and Applied Science.
• Earn a certificate in engineering management, project management, power electronics, embedded systems, software engineering, computer and network security, or wireless networks and technologies from CU-Boulder’s College of Engineering and Applied Science.
• Take elective courses in the areas of civil, environmental, or mechanical engineering.

The Professional Advantage
CAETE brings the opportunity to earn graduate degrees or certificates and participate in professional development classes directly to your workplace or home. Courses are taught by tenured and tenure-track faculty at the University or by adjunct faculty who, as industry professionals, bring real-world experience into the classroom.

• The convenience of distance learning allows you to pursue your professional development from anywhere.
• Contact with world-class faculty gives you exposure to cutting-edge research and practical expertise.
• Access to an extensive library of courses gives you the flexibility to take a class that may not be offered during the regular semester, or your company can rent or purchase courses for in-house training.
• We will consult with your company to design and deliver customized training programs to help employees gain skills and knowledge to perform effectively and solve business issues. For free training consultation contact the CAETE director at 303-492-6048.

Whether you apply courses toward a degree program or enroll for professional development, CAETE provides the best of both worlds—learning convenience and University of Colorado academic quality.

Leeds Executive Development Programs is an executive education provider with a national presence. We focus on excellence and customer service that meets the needs of busy executives. With a full staff and access to some of the best faculty in the world, we design quality programs that prepare tomorrow’s business leaders.

CU Business Intensive Certificate (CUBIC)
CUBIC teaches basic business principles to non-business majors and recent graduates. Taught by world-class faculty from the Leeds School of Business, students will participate in a rigorous interactive learning experience. CUBIC focuses on: accounting, finance, management, marketing, economics, and personal finance. Upon successful completion, participants earn a Certificate in Applied Business. Tuition is $3,300 and includes 14 days of instruction, class materials, professional development activities, and lunch and snacks on class days. CUBIC is offered each year during Maymester. The 2005 class runs May 9–27 and the 2006 class May 15–June 2.

Finance and Accounting for Non-Financial Executives
This three-day seminar teaches how financial data is generated and reported, as well as how it is used for decision making, analysis, and valuation. Participants will learn how to find the “real meat” in balance sheets and financial statements, the difference between direct and fixed costs, and the best tests for evaluating liquidity, solvency, and leveragability, among other things. This program is particularly useful for those who need to read and interpret corporate financial statements, and for those who need a more sophisticated understanding of how their jobs impact the “bottom line.” Tuition is $1,950 and includes all materials, and lunch on class days. Class runs September 19–21, 2005 and March 27–29, 2006.

The Six Questions of Leadership
In association with the NorthStone Group, Executive Development offers this two-day course, which introduces the Six Questions of Leadership that form the core of effective leadership. Using extensive, proprietary research conducted by NorthStone Group Partner Adam J. Goodman, PhD, participants will assess how well their organization has answered these essential questions. This enables effective leadership and allows for success in the organization’s strategic direction and operation. Participants will also learn to identify and close leadership gaps, giving them a competitive leadership edge. Tuition is $1,250 and includes all materials, and breakfast and lunch on class days. Class runs September 15–16, 2005.

Humanizing the Negotiation Process
This two-day course is designed for mid-level managers who want to improve their ability to negotiate. Participants will recognize that negotiation is a skill used daily in their personal and professional lives. By gaining an understanding of the elements of negotiation, participants will also be able to recognize when they are being “negotiated upon” by others and will be better prepared to engage in the negotiation. Participants will practice in the safe confines of this course and will gain greater self-awareness of how their communication skills and behavior impact their negotiating approach. Tuition is $1,250 and includes all materials, and breakfast and lunch on class days. Class runs November 17–18, 2005.

Technology Leadership Program
Go from being today’s technology expert to being tomorrow’s business visionary. The Technology Leadership Program combines leadership and management training with a strategic and practical understanding of the business fundamentals that impact today’s global companies. Expand your technical expertise to include management, finance, and globalization trends influencing today’s businesses. Immediately apply classroom knowledge to your business through project-based learning. Conclude with a capstone program-long project specific to issues within your company. Class includes 13 full-day sessions from October 2005 to May 2006.

50 for Colorado
This program is the perfect venue for leaders and emerging leaders throughout Colorado to experience the state’s economy and to build a network with others who share a concern about the state’s future. Each month, participants learn about a different segment of the Colorado economy, from defense to farming to tourism and everything in between. Applications are accepted through October for the following year’s program. Tuition for the Class of 2005 is $3,100 and includes meals on class days, accommodation for three overnight trips, and two networking events with 50 for Colorado alumni. The program runs January through October 2006.

Colorado Executive Development in Residence (CEDIR)
CEDIR gives experienced business professionals a critical overview of fundamental business concepts. Participants will gain a solid foundation in fundamental business skills, enhance their functional knowledge of business, receive exposure to the latest management ideas, and learn to be more productive employees. Over the course of three years, offered as two-week summer sessions each year, participants earn a Certificate in Executive Management. Executives from market-leading companies including IBM, Level 3 Communications, and Sun Microsystems have participated in past years. Tuition is $5,500 per session and includes all course materials, meals on class days, and a graduation dinner. Class runs July 18–29, 2005 and July 17–28, 2006.

Custom Business Programs
In today’s world, companies need a strong leadership team. In order to develop the executives who provide leadership and shape the future of the organization, many companies have university faculty-led programs designed around their specific needs. At Leeds, we work with companies to create or enhance employee development programs. Ranging from first line managers to senior executives, each program involves the client company in the development to identify target audiences and topics. At either our site, yours, or in a retreat setting, you can be sure that every detail has been attended to and that your executives will receive the best education possible.

To view all Executive Development offerings, including the Thought Leader Series, please visit our web site at leeds.colorado.edu/executive, contact us by e-mail at execdev@colorado.edu, or call 303-735-0541.
The International English Center (IEC) offers five English as a Second Language (ESL) programs for international students, community residents, or interested visitors from other countries.

**Intensive Program**
The Intensive English Program offers full-time communicative English language study (23 hours per week) in eight-week sessions and one four-week session in the summer with instruction in grammar, reading, writing, listening, and speaking with an emphasis on academic preparation and orientation to university customs, with opportunities to explore American culture as well as the cultures of its diverse student body in a safe, friendly, and caring environment. Students are tested on arrival and are placed into classes appropriate to their proficiency in English.

**Global Business Communication**
The Global Business Communication program provides executives and managers from companies around the world with full-time study in a sixteen-week program of practical English language and cross-cultural communication training for business purposes that can be applied immediately in their work. The program is offered twice a year, starting in either January or August. The GBC coordinator and instructors work closely with students to customize the assignments and activities to fit their needs.

**Evening Courses**
Six-week evening classes in English as a Second Language are offered five times a year to students with at least a high school education.

**Beginning Level**
NCIE 6100
For students who have a limited vocabulary, speak in simple sentences, and understand some of what is said.

Summer Session: Mondays and Wednesdays, June 15-July 27 (no classes July 4), 6:30-8:30 pm. $345 (materials included).

**Intermediate Level**
NCIE 6200
For students who have more than basic vocabulary, can communicate, understand much of what is said, and read a variety of materials, but experience some difficulty in writing.

Summer Session: Mondays and Wednesdays, June 15-July 27 (no classes July 4), 6:30-8:30 pm. $345 (materials included).

**Advanced Level**
NCIE 6300
For students who have an extended vocabulary, communicate effectively, read a variety of materials with little difficulty, and write effectively with little guidance, but have a desire to polish their skills.

Summer Session: Mondays and Wednesdays, June 15-July 27 (no classes July 4), 6:30-8:30 pm. $345 (materials included).

**English as a Second Language for Degree Students (ESLG)**
The International English Center offers non-intensive credit and noncredit speaking and writing courses designed to be taken concurrently by graduate and undergraduate degree students who need further work in the language; nondegree students may enroll with appropriate level of English proficiency. An English Placement Test is given at the beginning of the fall and spring semesters and recommendations are made based on student results. For information on the courses offered, please visit the web site at www.colorado.edu/iec/new/ESLG.html.

**Online Writing Instruction for ESL Graduate Students**
Online noncredit writing modules are offered for students who have completed an undergraduate degree and who need to improve their writing for their course work, thesis, or dissertation. Students work through the online course and receive comment and evaluation from the online instructor through two assignments. Each module must be completed within 60 days. Tuition is $60 per module.

**Module 1 — Graduate Writing; Description, Summary, and Abstract**
NCIE 7100-143

**Module 2 — Graduate Writing; Persuasion, Analysis, and Argument**
NCIE 7100-144

**Module 3 — Graduate Writing; Prospectus/Proposal**
NCIE 7100-145

**Module 4 — Graduate Writing; Research and Citations**
NCIE 7100-146

For more information on any of these programs, please visit our web site at www.colorado.edu/iec or call 303-492-5547.
Committed to education across the state of Colorado

Using a portion of the revenue generated through its credit and noncredit courses, Continuing Education partners with CU-Boulder’s Chancellor and Provost to fund the CU-Boulder Outreach Committee. The committee awards funding to faculty projects designed specifically for external audiences that highlight faculty research, creative work, and teaching. Projects feature a wide variety of disciplines, including everything from history, dance, philosophy, and Shakespeare to physics, geology, and engineering.

These activities reach audiences of all ages in communities across Colorado. Living Shakespeare is a performance based series of workshops and learning activities that are tailored to the needs of Colorado K–12 students and teachers. A total emersion approach engages the students as actors to assist them as they hone decision-making skills, practice personal responsibility, learn collective cooperation, and harness their imagination. One of these activities, the Will Power Festival held on the Boulder campus, features an appearance of The Bard himself, along with his patron, Queen Bess. Young, budding actors from elementary schools showcase scenes and condensed versions of their favorite plays in this delightful one-day festival of performance. Backstage tours of Colorado Shakespeare Festival, a parade, a stage fight demonstration, an audience with William Shakespeare and hands-on activities round out this day of celebration.

To view all the education outreach programs offered through the CSF, visit the web site at www.coloradoshakes.org/organization/education.cfm.

For additional information on the CU-Boulder Outreach Program and a complete list of recent awards, visit the web site at www.colorado.edu/conted/outreach.

Melinda J. Scott
Education Director
Living Shakespeare Program

“Every year, thousands of K-12 students and teachers develop a deeper understanding of Shakespeare through our Living Shakespeare Programs. We travel the state with a range of hands-on workshops and public performances, enlivening the comprehension, enjoyment, and performance of Shakespeare’s works. Students soon discover that his plays are as relevant today as they were when first written.”
You’ve got questions. We’ve got answers.
For most of our students, life is complicated. Let our staff help you sort through your options — and simplify your decision making. Tap our expertise to identify a course of study, find financial aid, navigate the CU system, prepare for a career, and more. This is what we do, day after day, and we’re good at it.

Getting Started

Academic Advising
Our academic advisors are experienced at helping students evaluate the university options that are right for them. They can help you sort through the possibilities and choose the best course of action — whether it’s for academic credit or noncredit. Call 303-492-8252 to set up an appointment.

You will find helpful hints for preparing for your appointment on the Web at www.colorado.edu/conted/advising.htm.

For fall and spring semesters, if you are under 20 years of age as of January 15 for spring or September 15 for fall, not in high school, and not officially admitted or enrolled in a CU-Boulder degree program, you must meet criteria similar to those of freshmen entering the University. To determine your eligibility to take credit courses, you must meet (by phone or in person) with a Continuing Education academic advisor and provide copies of your high school transcript and SAT or ACT scores.

Financial Assistance
Our financial aid advisor can help you determine if there are funds available to help you meet your educational goals. Call 303-492-8252 to make an appointment or visit the web site at www.colorado.edu/finaid/continuinged.html.

Students over the age of 25 are also eligible to apply for a Nontraditional Student Scholarship. Awards are for up to 80% of the cost of taking a credit or noncredit course. Complete information, deadline dates, and an application form are available by calling 303-492-5148 or on the Web at www.colorado.edu/conted/scholarships.htm.

Enrolling
When you’re ready, you can register through the mail, by telephone, in person, or online. Choose the method that’s best for you.

1. Registration forms are located in the center of this catalog. Fill out the appropriate form and fax it to 303-492-3962, bring it to our office at 1505 University Avenue, or use the postage paid envelope provided. Our office hours are 8 to 5 Monday-Friday through Thursday, May 5. Beginning Friday, May 6 our summer hours will be 7:30 to 4:30 Monday-Friday. The University is closed Monday, May 30 and Monday, July 4.

2. You can register over the telephone for Personal Enrichment or Computer Applications courses by calling our registration office at 303-492-5148 and charging the tuition to your VISA, MasterCard, or Discover.

3. You can use our online registration forms for credit courses. For Boulder Evening or Independent Learning, submit the credit application on our web site, www.colorado.edu/conted/creditapp.htm.

No matter how you register, you will receive confirmation of the course you are enrolled in along with course meeting times and location through the mail.
Paying
Continuing Education offers a full service bursar/accounting office. You can pay your tuition by check, cash, credit card (Visa, MasterCard, or Discover), or online from your checking or savings account at www.colorado.edu/conted/paymentonly.htm.

For your convenience, you can use your credit card (Visa, MasterCard, or Discover) to pay for your credit course through PLUS at www.colorado.edu/plus, by phone at 303-492-2216, or by fax at 303-492-3962. You can also visit our office at 1505 University Avenue. Our office hours are 8 to 5 Monday-Friday through Thursday, May 5. Beginning Friday, May 6 our summer hours will be 7:30 to 4:30 Monday-Friday. The University is closed Monday, May 30 and Monday, July 4.

If you need confirmation of enrollment and payment of tuition for employer reimbursement, please contact us at 303-492-2212 or by e-mail at cebursar@colorado.edu.

Additional Information
Course Updates
Occasionally information printed in this catalog changes. We encourage you to verify your course information such as course locations, cancellations, etc. before traveling to campus for your class. You will find the most up-to-date information on our web site at www.colorado.edu/conted.

We try to notify enrolled students of course changes by e-mail and telephone. We therefore encourage you to let us know if any changes occur to your contact information.

Student Privacy
You may elect to have directory information withheld about yourself. Please call or visit our office to receive the required form.

Accessing Campus Services
As a Continuing Education student, you may be eligible to use the campus libraries and computer labs at no cost. To gain access to these campus services, please obtain a “no fees paid” sticker (available at the Continuing Education cashier’s desk) and bring the sticker and a photo ID with you when you plan to use the libraries or computer labs. You can also purchase a student ID, the Buff OneCard, for $20 by presenting a copy of your student schedule and photo ID. Visit the web site at www.buffonecard.com for location and hours.

Severe Weather
Classes are held when scheduled. Continuing Education may cancel classes because of severe weather or if the Chancellor closes the campus. If you are concerned about traveling to your class, please call 303-735-5000 for a list of cancellations. Boulder campus closings are announced on local radio and television stations.

Books and Supplies
Required course materials are available at the CU Bookstore in the basement of the University Memorial Center on campus. Call 303-492-6411 or visit their web site at cubooks.colorado.edu

FAQs
How much will my course cost?
Costs vary depending on the course. For Personal Enrichment and Computer Applications, you will find the cost at the end of each course listing. For Boulder Evening tuition, tuition is different for Colorado residents and nonresidents. Information on tuition and residency can be found on page 3 or on the Web at www.colorado.edu/conted/tuitionsummer.htm.

Continuing Education tuition is charged separately from and in addition to other CU tuition. All tuition and refund determinations are subject to audit.

Where do I get a record of my classes?
If you need a record of your academic credit courses, request a transcript through PLUS at www.colorado.edu/plus or CUConnect at cuconnect.colorado.edu. You can also visit the CU Registrar’s web site at registrar.colorado.edu/support/transcripts.htm for other options.

For a record of your noncredit courses, call our registration office at 303-492-5148.

Where is my class?
Is there parking nearby?
Course locations are listed at the end of each course description. Many campus parking lots offer $2.00 parking after 5 pm and on Sundays. Some are free during evenings and weekends. The Campus Map on page 40 gives both building and parking lot locations. To skip parking altogether, take the RTD bus to campus.

What if my plans change and I have to drop my class?
Please let us know. Depending on when you drop a course, you may receive a full refund. Refer to each program description for refund policies after a course begins.
