## DEPENDENT CHILDREN OF NEW FACULTY AT COLORADO STATE-SUPPORTED INSTITUTIONS In-State Tuition Application

This application is for children of new faculty at Colorado state-supported colleges and universities who otherwise would not qualify for in-state tuition as one-year Colorado residents. Students qualifying for in-state tuition on this basis qualify for the Colorado Opportunity Fund (which requires a separate application), but do not qualify for Colorado resident Financial Aid programs. The parent must have moved to Colorado for the primary purpose of taking a faculty position.
