At our Work Study Orientation, you will learn:

- The advantages of working while attending college
- The types of jobs that CU has to offer - both hourly and work study
- How to find available jobs on and off the CU campus
- Where to find help with interview skills and resume writing
- What paperwork and information is required for you to begin your job at CU
- The differences between work study and hourly jobs
- How to get a work study award if you do not already have one
- How to request additional work study funds if your initial award is not enough
- How to apply for and earn summer work study
