Gathering place.

Our office in UMC 416 is more than a place for us to do business. It is an environment open to the campus community, where students, staff and faculty can come together in conversation, in action or community. The Women’s Resource Center is a gathering place in many ways, whether it be a place for creative community during BitchCraft, or for women of color to join in conversation during Kitchen Table. We invite you and your friends to visit our gathering place sometime to join us in conversation or to take advantage of our comfortable couches.
