JOE (Job Openings for Economists)
at the Department of Economics, University of Colorado at Boulder

MACROECONOMICS

E0: Macroeconomics and Monetary Economics
F3: International Finance

The Department of Economics invites applications for a tenure-track position to be filled at the level of assistant professor. Candidates for this position should demonstrate a strong potential for outstanding research and be committed to excellent teaching at both the graduate and undergraduate levels. The ideal candidate will have first-rate abilities in macroeconomic theory and analytical techniques. Macroeconomics is the primary field for which we search, but it would be a plus if the candidate demonstrated complementary interests in open-economy macroeconomic issues. The appointment will begin August, 2005. Candidates ordinarily should have completed all requirements for the PhD by that time, though it is possible for candidates who have finished all but the dissertation to begin work while finishing the degree. A doctorate is required for re-appointment. Qualified applicants should submit a cover letter, curriculum vitae, a sample of research, relevant documentation of teaching effectiveness, and three letters of recommendation to Macroeconomics Search Committee Chair, Department of Economics, 256 UCB, Boulder, CO, 80309-0256. Review of applications will begin on October 15, 2004 and continue until position is filled, though we expect to meet with candidates at the ASSA meetings in January 2005. The University of Colorado is committed to diversity and equality in education and employment.

MICROECONOMICS

D0: Microeconomics

The Department of Economics invites applications for a tenure-track position to be filled at the level of assistant professor. Candidates for this position should demonstrate a strong potential for outstanding research and be committed to excellent teaching at both the graduate and undergraduate levels. The ideal candidate will have first-rate abilities in advanced or applied microeconomic theory. The appointment will begin August, 2005. Candidates ordinarily should have completed all requirements for the PhD by that time, though it is possible for candidates who have finished all but the dissertation to begin work while finishing the degree. A doctorate is required for re-appointment. Qualified applicants should submit a cover letter, curriculum vitae, a sample of research, relevant documentation of teaching effectiveness, and three letters of recommendation to Microeconomics Search Committee Chair, Department of Economics, 256 UCB, Boulder, CO, 80309-0256. Review of applications will begin on October 15, 2004 and continue until position is filled, though we expect to meet with candidates at the ASSA meetings in January 2005. The University of Colorado is committed to diversity and equality in education and employment.

Potential applicants should note that we do not accept applications by electronic mail. Please send hard copies of the materials we request by regular mail to the addresses indicated.
Announcement for Health Behavior Positions

The Institute of Behavioral Science at the University of Colorado at Boulder invites applications for two assistant professor, tenure-track positions, one in the sociology of health behavior in collaboration with the Department of Sociology, and the other in the economics of health behavior in collaboration with the Department of Economics. A Ph.D. is required. The positions are rostered in the Institute of Behavioral Science, with tenure track and teaching responsibilities in the relevant department, either Sociology or Economics. A major commitment to and demonstrated excellence in research and the ability to secure external research funding are expected, as well as excellence in teaching at both graduate and undergraduate levels.

Substantive interests in social disparities in health, or the economics of health behavior, and in processes for changing health-related behaviors are essential. Send letter, curriculum vitae, and names and contact information of three references to Prof. Richard Jessor, Chair, Search Committee and Director, Research Program on Health Behavior, Institute of Behavioral Science via email: hlthbeh@colorado.edu. Review of applications will begin December 1, 2004 and continue until the positions are filled. For Economics we anticipate interviewing candidates at the ASSA Annual Meeting. Further information is available at www.colorado.edu/ibs/HB/positions. The University of Colorado at Boulder is committed to diversity and equality in education and employment.
