Degree Requirements and Academic Advising

- Degree audits are available but under construction. To remain in good academic standing, students must maintain a 2.0 overall GPA and a 2.5 GPA in their major course work. Students who fall below the minimum GPAs will be placed on probation, and may face suspension.

- All students must complete a Secondary Area of Concentration outside their major. This can be fulfilled by a second degree in another college or program, a minor, a certificate, or, in some cases, by meeting with your advisor to form a self-designed emphasis. Journalism majors (JRNL) are required to complete an Additional Field of Study (AFS) for the Secondary Area of Concentration. Please visit the CMCI website and degree audits for more information.

Major Changes, Double Majors and Double Degrees

- Students who wish to change majors in CMCI must meet with their CMCI Advisor to change their major.

- Double majors are available in CMCI. Some major combinations may result in additional coursework beyond the 120 credit hours required to receive the degree. Double degrees with other colleges and schools are also encouraged.
