Environmental Studies Internship Opportunity Form

Organization: Shanahan Neighbors for Climate Action

Address: 2945 Lafayette Dr.

City: Boulder              State: CO     Zip:  80305

Contact person: Harvey Wellman

Email: dhwellman2@gmail.com     Phone: 720-470-7671

Number of interns requested for:

Spring  X  Summer  Fall  X

Nature of project(s) and skills required:

We are looking for a person that is passionate about the issue of climate change. We are a Boulder neighborhood organization with 400 South Boulder neighbors on our email list. This candidate must be organized, resourceful, outgoing, and self-motivated. Computer skills are a plus.

Over the last 7 years we have invited many scientists, authors and distinguished guests to share their knowledge with us. We are looking for someone who can work with us to keep the enthusiasm rolling and to brainstorm what we can do within our community to get more people involved. We want a person to identify the most informative and interesting speakers to give presentations to our group.

Possible projects:

Initiate through the City of Boulder and GO Boulder an annual voluntary no drive day.

Create an engaging newsletter/brochure of all the things we can do to reduce our impact to send out to our email list which people can read and enjoy (i.e. not just a boring list).

Align ourselves with 350.org, the Citizens Climate Lobby and other groups in order to know when organized group activities are planned.

We can pay an intern $15 per hour for approximately 5 hours per week.
