Laboratory Policies and Conduct
The Human Anatomy laboratory uses prosected human cadavers. This experience serves as a valuable teaching tool, and is one afforded to few people. Students are expected to show respect and dignity toward the cadavers. **If any student treats the cadavers with disrespect, defaces the cadavers in any way, or removes human anatomical specimens from the laboratory, a failing grade will be given for the course.**

Viewing of the cadavers is limited to those enrolled in or teaching the Human Anatomy course. Students are not permitted to bring friends or anyone else into the lab.

Eating or drinking is **not** permitted in the laboratory.

Disabilities & Special Testing Accommodations
Accommodations for students with learning disabilities are possible pending evaluation from Disability Services, and an approval letter is provided to the course coordinator (Steven Hobbs) during the first two weeks of class. For evaluation, contact Disability Services: 303-492-8671, Center for Community N200, [http://www.colorado.edu/disabilityservices](http://www.colorado.edu/disabilityservices). Exams for students with special accommodations will be held on the second day of regular exams (Tuesday or Thursday) and begin at 8:00 AM in Ramaley N276.

Academic Integrity
All students are expected to abide by the academic standards outlined in the University of Colorado Honor Code. If you are unfamiliar with the Honor Code, you can find it at [www.colorado.edu/academics/honorcode](http://www.colorado.edu/academics/honorcode). Violations of this policy may include: cheating, plagiarism, academic dishonesty, fabrication, lying, bribery, and threatening behavior. All incidents of academic misconduct shall be reported to the Honor Code Council (honor@colorado.edu; 303-735-2273). Students who are found to be in violation of the academic integrity policy will be subject to both academic sanctions from the faculty member and non-academic sanctions (including but not limited to university probation, suspension, or expulsion). **Discussing exam material after you have taken a practical is cheating!!** Your TA will not give out any answers until all lab sections have completed the exam.

Religious Observances
Campus policy regarding religions observations requires that faculty make every effort to reasonable and fairly deal with all students who, because of religious observations, have conflicts with scheduled exams, assignments or required attendance. Please notify the instructor in a timely manner (1st week of class) of any conflict(s).

Sexual Harassment
The University of Colorado at Boulder Discrimination and Harassment Policy and Procedures, the University of Colorado Sexual Harassment Policy and Procedures, and the University of Colorado Conflict of Interest in Cases of Amorous Relationships policy apply to all students, staff, and faculty. Any student, staff, or faculty member who believes s/he has been the subject of sexual harassment or discrimination or harassment based upon race, color, national origin, sex, age, disability, creed, religion, sexual orientation, or veteran status should contact the Office of Discrimination and Harassment (ODH) at 303-492-2127 or the Office of Student Conduct (OSC) at 303-492-5550. Information about the ODH, the above referenced policies, and the campus resources available to assist individuals regarding discrimination or harassment can be obtained at [http://www.colorado.edu/odh](http://www.colorado.edu/odh).
