AFI 36-2011, Cadet Operations, 15 November 2017

1. The mission of Air Force ROTC is to develop quality leaders for the US Air Force. To achieve that mission, Detachment 105 provides quality training which develops the Leadership, Officersh, and Management Skills of the cadets in preparation for commissioning and entry into active duty. In order for the mission to succeed as a cadet, you must ensure that your academics are your number one priority or you cannot commission or graduate from your respective colleges. AFROTC upholds a number of academic priorities that cadets must achieve, in addition the below are Detachment 105 policies for academics:

2. Non-scholarship cadets will receive an academic Conditional Event (CE) if:
   - Term GPAs are less than 2.0
   - You take less than 12 credit hours to be a full time student (except your final semester of your graduating year)

3. Scholarship cadets will receive an academic Conditional Event (CE) if:
   - You take less than 12 credit hours to be a full time student (except your final semester of your graduating year)

4. Non-contracted cadets will be “Det Dropped” from this program and Contracted cadets will initiate a Commander’s Retention Review (CRR) if you receive anything less than a C- in a term of an AS level course (unless there are mitigating circumstances as determined by the Detachment Commander).

5. All scholarship cadets are still required to maintain a term 2.5 GPA at all times in accordance with the AFI 36-2011.

6. All cadets are still required to meet, in addition to the above, all requirements found in the AFI 36-2011 to include a cumulative GPA of 2.0 or above.

7. Further guidance on this policy memo can be found with your respective APAS.
