A LEGACY OF EXCELLENCE

PIONEERING TOURISM FROM ANTARCTICA TO THE GALÁPAGOS

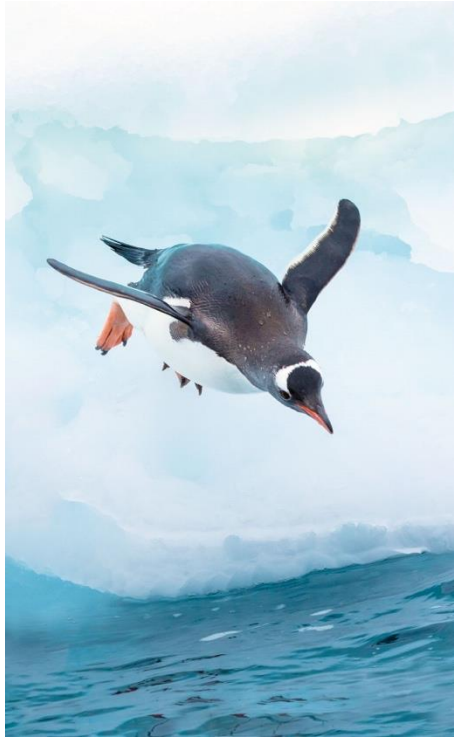

Lars-Eric Lindblad

Sven Lindblad

A LEGACY OF EXCELLENCE

PIONEERING RESPONSIBLE EXPLORATION FOR 50+ YEARS

Antarctica
1966

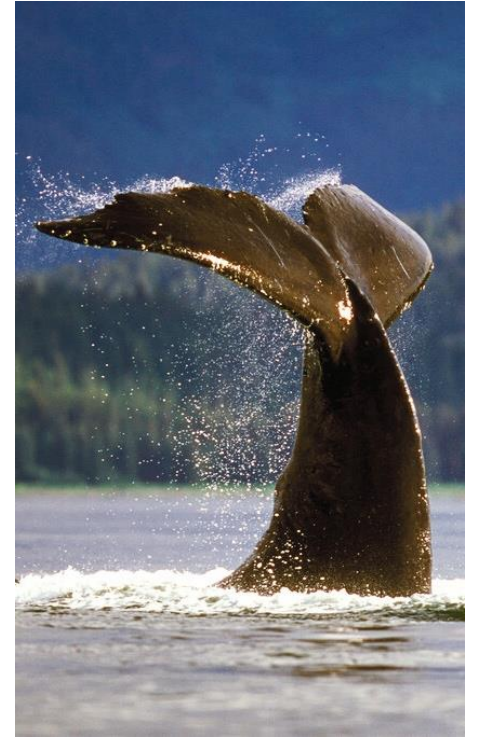

Galapagos
1967

Arctic
1972

Baja California
1981

Alaska
1981

KEY DIFFERENTIATORS

PIONEERING RESPONSIBLE EXPLORATION

HOW WE MAKE A DIFFERENCE

- Eliminating single-use plastics across the fleet—no guest-facing single-use plastic bottles, cups, straws and stirrers.
- Local, sustainably-sourced food including string sustainable seafood policy to keep the ocean healthy and fish stocks replenished.
- The LEX NG Fund supports impactful projects that protect the world's oceans and foster environmental stewardship in regions we explore.
- The Visiting Scientist Program allows scientists to use the fleet as a platform for research endeavors in place like Antarctica, the Arctic, and the Galápagos.
- The Artisan Fund supports and empowers local artisans.

THE PANAMA CANAL, PEARL ISLANDS AND DARIEN JUNGLE

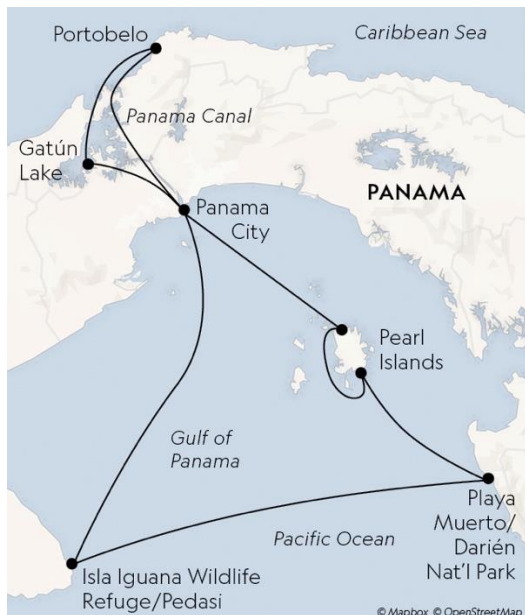

ITINERARIES

The Panama Canal, Pearl Islands and Darien Jungle

8 DAYS | FROM \$7,305

January 9 - 16, 2026
