“Local tour directors were very informative, knowledgeable and helpful. They were very aware of safety and were accommodating to the level of our abilities and restrictions. We will definitely consider future trips with Roaming Buffs!”

"This scholarship truly means the world to me as it allows me to travel to a location I have always dreamed of visiting, Sweden... This experience will allow me to complete an essential requirement into receiving my certificate in global business through CU. But for me, it's not just business, I am also so excited to embrace and explore the rich culture and history of Sweden. Without the Buffs Abroad Scholarship, I don't think I could embark on this amazing adventure!"

"My wife and I wanted to see some of Europe. We had taken a PAC-12 Alaskan cruise and liked it very much so another cruise seemed appropriate. The sailing vessel was excellent. The ship, including personnel, food and accommodations, were excellent."

"The Roaming Buffs Scholarship is an invaluable contribution toward my study abroad journey. Initially, I didn't think that studying abroad could be affordable for people like me, but this scholarship will help make it possible...I know that studying in Sweden will enable me to profoundly grow as a person and student, build cross-cultural resiliency, and become more competitive for future career opportunities."

“This was a great trip!!!! I have traveled a great deal but most of the time we have planned the trips ourselves. It was so nice to have all of the planning and execution of the trip arranged by someone else! We saw so many things and learned an incredible amount of information about the Incan culture in a short period of time.”

"During the fall of 2023, I will be studying abroad in Milan, Italy, at Bocconi University. I have wanted to go abroad in college ever since middle school and it's surreal that it will be finally happening. I am so grateful for the Roaming Buffs Scholarship. This scholarship significantly helps lessen financial stress and also allows for more experiences while I'm abroad. I can't wait to represent CU Boulder internationally and take every opportunity I can."
