June 11 – 26, 2022

Madagascar is called the “Red Island” for its ochre-colored soil, but it could easily be “blue” for its sapphire mines, “green” for its lush forests, and any color of the rainbow for the unique flora and fauna that exist only here. You’ll discover all this, as well as the traditions of the Malagasy, the world’s only Afro-Asian culture. Our adventure takes us to national parks, arboretums, and community reserves where lemurs, chameleons, and flying foxes inhabit one of the world’s most fascinating biodiversity hotspots! Join your fellow Forever Buffs for the experience of a lifetime, as we discover the “8th continent” together.

Dear Forever Buffs and Friends,

Join us on a lifetime experience to the island of Madagascar! From the moment you arrive, you will sense the difference in this captivating land of unique species, fascinating history, and enduring culture.

Madagascar is a dream destination for botanists and nature enthusiasts alike. Nowhere else on earth will you find as much biodiversity in such a small area, with 70% of its 200,000 species endemic to the island. Our travel experts at Holbrook Travel have meticulously planned our program to the “8th continent” as shown in the detailed itinerary enclosed. You’ll take guided hikes in national parks and community reserves, learn about the Malagasy way of life, and even have a chance to snorkel in the turquoise waters off the coast. You may also opt for a 5-day post-trip extension to pristine Sainte-Marie Island.

Please join us on this expedition to the “Red Island.” As our group is strictly limited – only 12 participants – please make your reservation as soon as possible to guarantee your spot!

Sincerely,

Tricia Essenpreis

WHAT THIS TRIP IS LIKE

ACTIVITY LEVEL: 4 | MODERATE-STRENUOUS

This journey provides an in-depth look at an island nation whose culture is unique, and whose flora and fauna are found nowhere else on earth. Your comprehensive itinerary covers six locations with epic landscapes ranging from towering forests to sandstone canyons to rocky deserts and idyllic beaches. But great distances and a poor infrastructure make travel between them taxing. Some days involve long drives of up to 7 hours, often on bumpy, dusty roads. Cultural discovery includes lectures and folkloric performances; plus visits to tribal villages, and historic fortress-palace, a factory, and an artisanal workshop. Expect some early mornings and hikes that may last up to 4 hours. The hike in Ranomafana is moderately difficult and uphill on the way in, with the possibility of going off-trail. The physical ability of your small group (12 members, maximum) will determine our pace. April through October is the dry season, when there is less humidity and average temperatures fall between 68–79°F. Overland transfers use air-conditioned, 4x4 vehicles.

ITINERARY

BLD = BREAKFAST, LUNCH, DINNER

MADAGASCAR LANDSCAPE

JUNE 11 - DEPART

JUNE 12 - ANTANANARIVO

Meet our guide and transfer to the hotel to check in and rest after the long flight. *Overnight at Royal Palissandre & Spa. (BLD)*

JUNE 13 - ANTANANARIVO

Enjoy a morning at leisure to recover from long flights. After lunch and program orientation, your guide will give an overview of the history, economy, education, and culture of Madagascar. This evening enjoy a welcome dinner at a local restaurant. *Overnight at Royal Palissandre & Spa. (BLD)*

JUNE 14 - ANDASIBE

After breakfast, drive to Andasibe, admiring the large *Raphia farinifera* palms along the road. On arrival, check in to the hotel and have lunch. Pay a visit to Lemur Island, established by Vakona Lodge to provide sanctuary for displaced lemurs that were former pets and not suited for reintroduction into the wild. The lemurs are isolated on the island and accustomed to human visitors, which offers guests the

unique opportunity to interact and be photographed with them. This evening, enjoy dinner overlooking the Madagascar rainforest. *Overnight at Vakona Lodge. (BLD)*

JUNE 15 - ANDASIBE

Rise early for breakfast and a full-day exploration of the Analamazaotra Reserve in Andasibe-Mantadia National Park. The primary forests of Andasibe-Mantadia contain a dense humid forest covered with lianas, moss, fern trees, and more than 100 orchids species. Conservation of the forest is a critical challenge in this region due to the graphite mines inside the park; we will discuss conservation initiatives as they relate to natural resources. Later today, take an evening walk in the Mitsinjo Analamazaotra Forest Station, a community-managed protected area, to look for nocturnal species of endemic lemurs and tree frogs. *Overnight at Vakona Lodge. (BLD)*

JUNE 16 - ANDASIBE

This morning, have breakfast while listening to the peculiar call of the endangered indri, the largest living lemur species — some reach up to three feet tall! Andasibe-Mantadia National Park is an ideal place to observe the indri, as there are some indri families there who have been habituated to humans. Considered a sacred animal in Madagascar,

INDRI

the indri is the focus of several myths. In addition to the 13 lemur species that can also be seen at Andasibe-Mantadia, these forests are home to 15 other mammal species, more than 100 types of birds, 50 species of reptiles, and 80 amphibian species. *Overnight at Vakona Lodge. (BLD)*

JUNE 17 – ANTANANARIVO

After breakfast, check out of the hotel, and transfer back to the central part of Antananarivo. Have dinner at the hotel. *Overnight at Relais des Plateaux. (BLD)*

JUNE 18 – TOLIARA

Transfer to the airport for flight to Toliara, situated near the Tropic of Capricorn. Upon arrival, visit the Arboretum of Antsokay for a look at its more than 900 plant species, 90% of these endemic to Madagascar. Enjoy lunch at the arboretum. This afternoon have a lecture on Madagascar’s unique spiny forest, a highly endemic ecoregion that surrounds Toliara, only in the southwestern part of the country. Transfer to hotel and enjoy time to relax before dinner. *Overnight at Moringa Hotel. (BLD)*

JUNE 19 – ISALO

After breakfast, head to Madagascar’s most-visited park: Isalo. En route, make a stop at Zombitse National Park and enjoy a picnic lunch. Zombitse is notable for its location in a transition zone between spiny forest and dry woodland regions. It is also classified as an Important Bird Area, with 38 endemic species known to the park. Arrive at the hotel in Isalo, check in and have dinner, then relax in anticipation of the national park’s beautiful sandstone landscapes. *Overnight at Le Relais de la Reine. (BLD)*

JUNE 20 – ISALO

Spend the day exploring Isalo National Park, a continental sandstone plateau dating to Jurassic times. This trek is across varied landscapes with different forms of sandstones, dotted with the famous dwarf baobab. After an hour walk with short climbs, stop to rest in a spectacular valley with beautiful views. The overlook

shows miles of azure sky, rocky desert, and winding greenery. The hike becomes more difficult as you trek to a white-sand natural pool. Go for a swim, then hike back to the starting point. Transfer back to the hotel for a sundowner, then dinner. *Overnight at Le Relais de la Reine. (BLD)*

JUNE 21 – IFATY

Early this morning, return to Isalo National Park for a half-day exploration before lunch. After lunch, check out of the hotel and drive to the seaside town of Ifaty. After check-in, have time to relax, followed by dinner at the hotel. *Overnight at Le Paradisier. (BLD)*

JUNE 22 – IFATY

This morning, embark on a glass-bottom boat to the Massif des Roses (“Rose Garden”) snorkeling site. (*Note: gear is included.*) Rose Garden is a patch reef approximately 1.8 miles from shore. Just six feet to the top of the reef, Rose Garden takes its name from the rose-shaped coral (*Montipora*), the primary inhabitant of the reef. Other prominent coral colonies include mushroom-shaped coral (*Fungia*) and table corals (*Acropora*); the reef is also home to over 100 species of fish, as well as lobsters, shrimp, rays, and octopus. After returning to shore, have the remainder of the day at leisure to enjoy the beach. *Overnight at Le Paradisier. (BLD)*

JUNE 23 – IFATY

Rise early for a special sunrise walk in Reniala Private Reserve, managed by a local environmental association working to develop ecotourism in the area. Hike some of the trails to explore the spiny forest ecosystem. The reserve contains more than 2000 plant species, as well as impressively old baobabs – including one that is 41 feet in diameter. There are also 65 species of birds; rare endemics such as the Red-capped Coua and the Blue Vanga can easily be seen. Return to the hotel for a late breakfast, and explore the beach or hotel amenities. This evening, enjoy a farewell dinner under the baobab trees. *Overnight at Le Paradisier. (BLD)*

JUNE 24 – ANTANANARIVO

This morning after breakfast, transfer back to Toliara for the flight back to Antananarivo. Upon arrival, visit Ambohimanga Royal Hill, a hilltop fortress and UNESCO World Heritage Site. The family-style meal will also be accompanied by singing and dancing from a local dance troupe. *Overnight at Relais Des Plateaux. (BLD)*

JUNE 25 – DEPART

Today is a departure day. If you have opted for the 4-day extension on Sainte-Marie Island, you will transfer to the airport in the morning for your short flight to the island. Or, for those interested, visit Lemurs Park, a rescue and rehabilitation center for lemurs. Return to hotel to pack. Dinner included at the hotel. This evening, transfers to the airport for flights back to the US. *Day room at Relais Des Plateaux. (B)*
