ELLINGTON WINS SWING POLL
Tommy Dorsey Best In Sweet

“After starting in a first place tie with Benny Goodman in the Sixth Annual “Down Beat” All Start Swing Poll, Duke Ellington cooled his heels for a reluctant two incomplete tabulations, constantly straining at the thin thread that kept him from Benny, and finally, in the terrific flood of final ballots, edged up top a small but decisive victory over Benny Goodman. The victory was the tightest since Artie Shaw topped King Benny for 1938s crown in that department. Almost as close was Tommy Dorsey’s lead over Glenn Miller for the sweet band lead. Tommy’s crown was re-acquired in the year of his string addition despite many adverse comments from the critics on the style change. Tommy held the crown in 1939 and then bowed to Glenn for the 1940 and 1941 seasons to recapture the coveted award again this year.¹

THE 1943 SSD “TOMMY DORSEY” SHOW

The War Department Special Service Division Radio Bureau (SSD) started dubbing network programs for transmission to the armed forces. Their editing practices, techniques and skill evolved between 1943 and 1945. Early efforts suffered from abrupt edits of commercials, use of canned applause, etc. Tommy Dorsey’s NBC Raleigh-Kool program was selected for rebroadcast by SSD starting with the January 6, 1943 broadcast. 36 programs broadcast during 1943 would be transcribed with commercials edited out and material (“fillers”) from other broadcasts inserted to compensate for the time lost from the edited commercial content. This practice would be repeated on 1944, 1945 and 1946 with other network programs featuring Tommy Dorsey.

Monday (11) (12:30 - 1:00 am)

The old gentleman wasn’t particularly sentimental in choosing his selections for the remote caught. Two of the four ballads were of the sophisticated type and the other half of the program jumped. Music was of an extremely high caliber. TD’s personnel must be draft-ranked as much as any other leader but one would never have known it from hearing this shot. Only one instrumental solo, that of a sax, was way off the beam and in an extended flight into improvisation got to sounding like the honking of a wild goose on the wing. Barbara Canvin, brand new with the band, is really something special in the way of replacements. Announcer had her name sounding like everything from Kent to Camden; the gal herself sounded terrific. Smooth-as-silk warbling with use of dynamics that left none of the plumbing showing. Miss Canvin got plenty hot on one swing thing, but there she acquired the announcer’s bad habit and made the words completely indistinguishable. Dick Haymes sang “That Old Black Magic” rich and full, without spilling over into phony mannerisms. He got appropriately softer for “There Are Such Things.”2

TD CAN'T STUFF THE CUFF ON CBS
Dorsey’s Plug Song Rated ‘Facetious’ By Network Censors

“Los Angeles – CBS officials here have refused to clear a new song, “No Stuff In Your Cuff,” written by Sy Oliver and being plugged by Tommy Dorsey, on the grounds that it makes light of the food shortage facing the country. One line goes, “There’s gonna be no more meat, not even mutton.” CBS carries TD’s remote broadcasts from the Palladium. Network execs said that they regarded the ‘facetious treatment of a serious problem’ as contrary to radio policies laid down by the Office of War Information. Meanwhile, Tommy has presented the ‘offensive’ number on one of his NBC broadcasts for Raleigh Cigarettes with no kickback from this air chain. NBC heads here said there had been no complaint from their eastern offices and that the number would be cleared here unless opposition was received from the east. Dorsey, who is putting the song out via his own publishing house, has refused to have any changes made in the lyric.”

Hollywood – Tommy Dorsey, whose band won the sweet band selection in the 1942 Beat Poll, and Roy Eldridge, winner in the trumpet section, are seen in action here with Gene Krupa on the Palladium bandstand. TD’s crew succeeded the Krupa outfit, to which Roy belongs, at this popular west coast spot.

N.Y. HOTELS SET SUMMER BANDS

“Summer band fare in various N. Y. hotels is now beginning to shape up. With gas, rubber rationing and railroad transportation problems figuring to hold people in town, hotel operators are looking forward to a healthy season. Some hotels, the Commodore for one, are figuring on breaking precedent and operate through the summer for the first time in years. Bands that have been booked or tentatively scheduled make the lineup. As it now stands, appear like a winter schedule. Harry James opens the Astor Roof May 17 for at least six weeks (Tommy Dorsey unveiled spot past two seasons), and Benny Goodman may follow, which would be his Initial shot at the 1,000 capacity Roof. Dorsey has been booked for months for the Pennsylvania Hotel, opening in October, undoubtedly the reason for his not playing a summer date at the Astor. Charlie Spivak will return to the Pennsylvania following the current Jimmy Dorsey, whose stay has been extended to May 1. Spivak opens May 3, followed probably by Glen Gray again.”

DICK HAYMES QUITTING T. DORSEY TO GO SINGLE

“Dick Haymes, vocalist with Tommy Dorsey since Frank Sinatra’s exit, is leaving the band to do a single. He’s aiming at radio just as Sinatra did; latter is on Lucky Strike Hit Parade. Haymes quits Dorsey following band’s week at the Orpheum theatre, Los Angeles, in early April, and may be replaced by either Bob Davis, recently with Gene Krupa, or Sonny Saunders, once with Harry James.”

INSIDE STUFF - MUSIC

“Millionth Victor recording of ‘There Are Such Things’ by Tommy Dorsey was gold plated by Harry Meyerson, West Coast rep of Victor, for presentation to the band leader on his Raleigh broadcast from the stage of the Orpheum theatre (Los Angeles) last week (31).”

ORPHEUM, L. A.
Los Angeles, March 31

“Orpheum was packed to the rafters at opening show with jivers out to hear Tommy Dorsey and his orchestra give forth with extremely listenable music. Dorsey and his show had patrons demanding more. House was shaken continually by patting feet, attesting to ear-catching ability of the Dorsey rhythms and close of each number was greeted with unrestrained approval. Band was a tired crew of 27, having played seven one-nighters, seven camp-shows and two broadcasts in seven days while beating their way down from northern California, but that fact didn't interfere with top brand of music delivered at first matinee. Disappointment at first show was absence of Dick Haymes, vocalist, who was laid up with a cold. Substituting was Larry Stewart, loaned by Freddie Martin. Personable baritone was solid with six pop tunes: ‘Old Man River,’ ‘You’d Be So Nice To Come Home To,’ ‘Heard That Song Before,’ ‘Old Black Magic,’ ‘It Started All Over Again,’ and ‘There Are Such Things,’ aided in the last one by the Sentimentalists. Dorsey comes on with his theme and quickly swings into Hallelujah with a special treatment that pleased. Next on was ‘Song Of India,’ another swell arrangement that made full use of his large outfit, including the nine violins and harp.

Band then almost pulled the hep cats into the aisles with ‘Mandy.’ Barbara Canvin and the Sentimentalists vocal ‘Why Don’t You Do Right,’ ‘As Time Goes By,’ ‘Brazil’ and ‘Can’t Get The Stuff In Your Cuff,’ Dorsey follows a band number Bounce Team with his special ‘Sleepy Lagoon,’ and here again odd instruments in his outfit get the play. Harp tomes, the tuba and violins are played up for sharp effect that made for good music.”

“A quick change of pace sends Well, Get It, hot number, spotlighting Don Lodice on the sax, Ray Linn, trumpet, Heine Beau clarinet, Moe Purtill, drums, and Milt Raskin, piano. Tommy, himself, displays his trombone to advantage on several well spotted moments.”

VAUDEVILLE REVIEWS
Orpheum, Los Angeles
(Reviewed Wednesday Afternoon, March 31)

“Tommy Dorsey got off to a big start here. He’ll do five shows daily with six over the week-end. Another fortunate thing for Orpheum patrons this week is that the Dorsey band is backed by good supporting acts, Lew Hoffman and the Rogers Dancers. Dorsey’s crew fills the stage with seven brass, five reed, 10 strings (including harp) and five rhythm. Maestro’s trombone also augments the brass section. Following the theme, band takes off on ‘Hallelujah,’ with Don Lodice, hot sax man, and Moe Purtill, drummer, getting the nod. ‘Song Of India’ lets the sax section put on a satin finish, with Dorsey socking in his trombone against a reed background. Ray Linn’s trumpet is effectively heard on the fast wind-up. Third band number is a Sy Oliver original, with the strings getting good play, followed by Dorsey’s horn blending with three other trombonists. It’s Linn’s trumpet and Purtill’s drums on the end. Lew Hoffman, juggler, injects plenty of comedy with his manipulations of hats and balls. Hoffman, who knows his crowd, brought on a flash three-cigar box trick for the killing, with the crowd applauding to a near show-stop. The Sentimentalists, four men and a girl, put the show back in the groove with ‘Why Don’t You Do Right?’; ‘As Time Goes By’, ‘Brazil’ and ‘Can’t Get The Stuff In Your Cuff.’ Barbara Canvin paces the crew. Had to beg off. Dorsey’s crew takes over with another original which gives the reed section ample opportunity to show versatility.

Again, Lodice’s torrid sax is in, and it’s Heinie Beau’s licorice stick for a wow. Dorsey takes good advantage of good material, and his horn, with that of Linn’s, is in again to put the fans on edge. String section rings in a concert arrangement of Sleepy Lagoon. Fiddles have it sewn up right from start, and Dorsey’s muted slip-horn goes a terrific pace, with the harp furnishing colorful background. Dorsey changes the pace for a bounce number, with the brass section hitting the spot. Milt Raskin’s effective ivory beating brings down the house. The Rogers Dancers (two men and a gal) bang out good slapstick comedy along with serious accro stuff. Lifts, spins and throws are outstanding. A strong act. Larry Stewart, of the pix, took over Dick Haymes’s songs. Got off to a bad start with ‘Ol’ Man River,’ which was badly spotted, but does a good job on ‘You’d Be So Nice To Come Home To,’ ‘Heard That Song Before’ and ‘Old Black Magic.’ Assisted by the four men from the Sentimentalists, Stewart continued his wowing with It Started All Over Again and There Are Such Things. Pic: Calaboose. Opening crowd: capacity.18

TOMMY’S BRIDE WILL SING WITH DORSEY BAND
Pat Dane Grooms Her Voice For Tour Of Army Camps

Los Angeles – Patricia Dane, movie glamor girl whom Tommy Dorsey married in Las Vegas on April 8 plans to tour with the band, as far as her picture engagements will allow, to assist in the presentation of musical shows to army camps. Pat, as she is known among the younger “movie set” here, has never sung in public before but she is taking a course of vocal coaching and will sing with the TD band in appearances at camps. Dorsey’s arrangers have prepared special numbers for her. Tommy met Pat for the first time on last New Year’s Eve at the Palladium, where his band was playing at the time. The romance was a surprise to all except their closest associates. Tommy broke the news during his appearance at the Orpheum Theatre here, making the announcement himself from the stage. The couple flew to Las Vegas for the ceremony. They were accompanied by Leonard Vannerson, Tommy’s managerial side, and Mrs. Vannerson, known professionally as Martha Tilton. It was Tommy's second marriage. He has two children by his former wife.26

ON THE STAND

Tommy Dorsey
(Reviewed at the Sherman Hotel, Chicago)

The Dorsey bandstand looks like a musician’s convention, crowding 25 sidemen in addition to the maestro and six vocalists. The pay roll is heavy, but the returns, obviously, more than take care of the expanded budget. For this job the hotel management canceled its customary Panther Room floorshow to buy the band. It’s the first time for TD here, following attempts of a couple of years to bring him in. It’s a double feature show with strong short subjects to support this TD aggregation. There is enough for a band in the string section (six violins, two violas, cello and harp), and more than enough for a brass outfit in the four trumpets, three trombones (including the leader’s), five saxes and four rhythm. And there are certainly enough vocalists for a couple of groups, including Liz Tilton, Martha’s sister, who recently joined up; Skip Nelson, former Glenn Miller and Chico Marx balladeer, and the Sentimentalists, four serious-faced lads who handle both slow and fast ones in smooth style, even tho’ they have yet to reach the sock stage of the former Pied Pipers. While a number of standards are played with the proper blending from the strings and brass sections, most of the sock work is dished out by one or other department. The swinger, naturally enough, get a fine brass treatment, with the pretty numbers aired by the well-trained string group. The combined work of all men is not always clear cut, even tho’ it is impressive in volume and color. Dorsey is getting heavier in weight, but not rustier in his music, and that slush horn still emits tones that are soothing and beautiful. Liz Tilton is the vocal highlight with a personable voice and delivery. Nelson has a good voice for ballads but his facial expressions are too mournful. He wants attention rather than sympathy, and a livelier expression will do the trick. The Sentimentalists dish out nice harmony on their own and work well with both singers on several classy arrangements of pops and standards - Sam Honigberg.31

SINATRA, T. DORSEY FAIL TO REACH AGREEMENT IN CHICAGO CONFAB

“Frank Sinatra and Tommy Dorsey got nowhere in their meeting in Chicago last week to settle the contractual hold Dorsey has on Sinatra's earnings. Sinatra met Dorsey, who was playing in Chicago at that time, last Wednesday (19) and the negotiations they began will be continued when Dorsey gets into N. Y. later. Dorsey owns 33 1/3% of Sinatra, and Leonard Vannerson, leader's manager another 10%, both cuts coming off the top. There are no other ‘pieces’ except the singer's agency commission, usually 10% leaving Sinatra around 47% of his earnings. In order to meet Dorsey in Chicago, Sinatra had to take a couple days off from his job at Frank Dailey's Terrace Room. Newark. N. J., and he also missed his new 45-minute sustaining broadcast on CBS Friday (21). Returning by plane Friday, he was grounded. Raymond Scott filled in the full time.”

"RCA-Victor will soon release Tommy Dorsey's recording of 'Sleepy Lagoon' under a Red Seal label, selling at 75c. Dorsey's arrangement of the tune, with strings prompted the company to market it under its classical label, the first time that any popular style Victor band has been sold that way. Dorsey cut 'Lagoon' long before it became popular last year. For some reason he or the company held up its release. Meanwhile, Harry James' version (or Columbia hit the stands, and it's success contributed to James' rise to his current prominence. Dorsey's version backed by 'Melody, T. D.'"33

“Los Angeles - Tommy Dorsey, returned to California this week with a new vocalist whom he plans to feature heavily. The maestro, soon to start work in a new picture at MGM, announced that his new “discovery” is Betty Brewer, whom Tommy heard and signed to a contract while in New York. Elizabeth (Liz) Tilton, who has been handling most of the band’s vocal duties the past two months, is out of the orchestra and will remain here as a single. Acquisition of Miss Brewer marks the first time Dorsey has planned an extensive build-up for a femme chirper, Tommy's previous campaigns centering around the males. Jack Leonard, Dick Haymes and Frank Sinatra all showed into stardom by the trombone-sliding leader.”

“Hollywood – Tommy Dorsey troupe is back in town, after several weeks of camp and theater appearances, to start work on Tommy’s fourth picture for M-G-M, which now comes up, after several title changes, as “Broadway Rhythm.” Tommy has a new girl singer, Betty Brewer of New York. She was to make her first appearance with the band on their Raleigh program of June 16. She replaced Liz Tilton, sister of Martha Tilton, who joined Tommy when he left on the tour from here. Liz said she felt she needed a rest.”

SINATRA MOO STILL FLOWING ‘STEEN WAYS

“New York – Frank Sinatra’s finances are still in a jumble although talk goes on of a possible settlement between him and T. Dorsey, who owns the largest slice of the Sinatra pie. The singer recently found himself a lawyer and an accountant who will attempt to settle his legal and money worries. AFRA (American Federation of Radio Artists) is said to be looking into the alleged inequitable deals to which Sinatra is signatured.”

INSIDE STUFF - ORCHESTRAS

“In their eagerness’ to get -on the- rank Sinatra bandwagon, some disc jockeys on N. Y. radio stations have lately been playing Sinatra recordings made with Tommy Dorsey and Harry James, with credit only to the singer. This practice, for no reason other than they think it's unfair, is gripping music and bandsmen. In reply, the stations involved deny a deliberate attempt to spotlight Sinatra, by hiding, the Dorsey or James connection; They state simply that the practice is based on the fact that Sinatra has not made sufficient recordings under his own name to form a 14-minute period. So far only one of his own recordings, without musical accompaniment, has been released by Columbia Records, to which he's signed. All his other discs, were made with either James or Dorsey, the majority with the latter.”

NOBLE BUYS BLUE FOR $8 MILLION IN CASH
Three Outlets Included; FCC Chairman Fly Gives Blessing To Deal

David Sarnoff, RCA president, as owner of the network, announced the sale of the Blue Network Company to Edward J. Noble, owner of WMCA, New York, chairman of Life Savers Corp. and former Undersecretary of Commerce, for $8 million in cash, subject to necessary approvals, Friday, July 30. Mr. Noble has agreed to sell WMCA as soon as a purchaser can be found. Mark Woods, Blue Network president, will remain the operating head of the network and the entire staff will be retained. Blue Network affiliates were advised of the sale in a closed circuit talk Friday afternoon. The move comes a year and a half after the Blue Network was organized as a separate company from NBC with the FCC decision regarding ownership of more than one network by RCA or any other corporate entity. NBC will continue to operate the former Red network under the NBC aegis. The new owner has filed for immediate transfer of the three Blue-owned local stations and prompt FCC approval is likely. The stations are WJZ, New York, KGO, San Francisco and WENR, Chicago.\(^\text{42}\)

“Tommy Dorsey has a small part in the forthcoming Red Skelton-Eleanor Powell-Jimmy Dorsey film, ‘I Dood It’ (Metro), in a situation similar to the bit played by Bing Crosby in one of Bob Hope’s recent releases. Upon entering a nightclub, from which Jimmy Dorsey’s band can be seen from the street, Skelton comments to another window-gazer about the band. Latter turns out to be Tommy Dorsey, who says ‘I'll Take Bob Hope.’”

RCA BOARD APPROVES SALE OF BLUE

“The RCA board has ratified the sale of the Blue Network to Edward J. Noble, New York broadcaster and industrialist, for $8 million cash. There is one remaining action prior to the change of ownership of the network, FCC approval of the transfer of WJZ, New York; WENR, Chicago and KGO, San Francisco to Mr. Noble. David Sarnoff, RCA president and Mr. Noble have finalized the transfer and applications will be filed with the FCC immediately. The authority of the commission extends to the station licenses and not the network. This is the first sale of a network in history. The total cost to Mr. Noble will exceed $8 million cash less the $1.6 million Blue has on its books. There will be major costs associated with separating Blue facilities, equipment and staff from NBC into a dedicated and fully independent physical entity. It is expected that the government will drop its anti-trust suit against RCA-NBC and CBS filed December 31, 1941, alleging violation of the Sherman Anti-Trust laws.”

TOMMY MIXES COMEDY WITH SWING IN “BROADWAY RHYTHM”

“Hollywood – A swing-style version of Sousa’s ‘National Emblem March’ will be one of Tommy Dorsey’s feature numbers in his forthcoming M-G-M musical ‘Broadway Rhythm,’ on which the band started its pre-recording chores early in July. Number is also charged with hokum supplied by Charles Winninger, who will do a comedy role playing his trombone during the number. Gag is based on Winninger’s attempts to keep up with the band after it leaves the conventional march style for the Tommy Dorsey manner of swing. Winninger’s trombone playing will not be faked. He played trombone for years as part of his stage routine and also plays fiddle and sax. The comedian will also work with the band in one of the new Don Raye-Gene De Paul numbers written especially for the picture, ‘I Love Crazy Music.’ Theme of ‘Broadway Rhythm’ which stars Ginny Simms, is based on the usual ‘show within a show’ idea.”

DEAD WEIGHT CUT SEEN IN DORSEY ORK NOTICE MOVE

“Hollywood, Aug, 7 - Although he vigorously denied any intention of breaking up his band and said he preferred not to make any statements relative to his action, Tommy Dorsey yesterday placed his entire orchestra on notice. The action came as a spectacular surprise to members of the Dorsey aggregation, all of whom have been active for several weeks on a picture at Metro-Goldwyn-Mayer. On top of film work, the band has four more weeks to go under its contract with Raleigh Cigarettes on the NBC-Raleigh program, as well as numerous one-night stands and Army camp appearances. Nor would Leonard Vannerson, Tommy’s manager, issue a statement on the affair. But persons close to the Sentimental Gentleman said it was merely his way of getting rid of “dead weight” in the band’s personnel. Virtually everyone will be hired again shortly, it was said. Members of the brass section have not performed up to Dorsey’s requirements, and Tommy is also said to be cutting down his string section from 12 to 8. Vocalists Skip Nelson and Betty Brewer will not be affected, it was reported. Tommy’s action created a lot of fantastic conjecture along Vine Street, however, and some observers sais the trombone sliding Irishman had “big things” in mind, possibly having to do with government service.”

46 The Billboard, August 14, 1943, p. 13
“Tommy Dorsey, irked by salary demands of the men in his band, fired his entire personnel in Hollywood, Sunday (8) and will come into N. Y. about the middle of September, with those of his musicians who wish to rejoin him to build a new organization. Dorsey is now working on a film at Metro, which he finishes about Sept. 5; his last broadcast (8) he plays his final broadcast for Raleigh Cigarettes, after which the notice he gave his men is effective. Several dates the band was to play on the way east have been cancelled. Dorsey is paying one trumpeter $350 weekly, on top of which the latter required Dorsey to pay Social Security, and 21/2% withholding taxes, which, on that salary, brought the total cost to the leader for the one position to over $400. In addition, it's said, some of his men sought bonuses before agreeing to leave California for N. Y., where Dorsey is scheduled to open at the Pennsylvania Hotel early in October and at the Paramount theatre around Christmas.

“If Dorsey had come east with the men and payroll he has been carrying the past months he would have lost close to $2,000 weekly on the hotel job. Contract there calls for a guarantee (about $3,000) against a percentage of covers, which couldn’t net him much more than $4,000 weekly. His combined payroll this week (with radio), is approximately $7,800 weekly, probably a record for a dance band (Harry James is about $7,200 including radio). Though he will not have the commercial while at the Penn, and his payroll would drop, so would his income and the net; result would be about the same $2,000 loss. Dorsey has one of the biggest bands in the business; it adds up to between 35 and 40 people.”

TOMMY DORSEY BOLTS AT METRO DEAL, WANTS SAME PAYOFF AS JAMES

“Hollywood, Aug. 17 - Tommy Dorsey is on the warpath again, and this time it isn't with his band, but the office that books it and the studio, that hired it. TD's quarrel is with Metro and Music Corp. of America and in the background lurks his biggest rival, Harry James. The rub lies in what Dorsey says is a belter contract for James. What Dorsey can't fathom is why James and his men are paid from the time they check into the Metro studio while the Dorsey crew is paid only when it works. That puts the salary onus on Dorsey, while the studio pays the James tootlers. The Dorsey crew, now around for 'Broadway Rhythm' at M-G-M is on 45-minute call. Dorsey insists they should be put on weekly salary by the studio. Dorsey didn't mind when they had a dance engagement at the Palladium but with no outside work except the Raleigh radio show, the picture job won't prove a profitable venture under the present arrangement, he says. It is pointed out that when James' band was brought out by Metro for Best Foot Forward' it was put on full studio salary at once, even though the picture wasn't ready and they hung around for seven weeks. Eager to get the band out here, Metro paid Maria Kramer of the Hotel Lincoln, New York, $20,000 to release the band four weeks before expiration of the hotel contract. Now at the studio, for 'Mr. Co-Ed,' the James outfit checked in July 6 and finally got before the cameras last Wednesday (11), being on full salary all the while. What Dorsey wants top know specifically from MCA is why the James boys get full salary from the time they set foot on the studio and his men are paid only for the actual work they do. The James contract with Metro was signed last November, while Dorsey’s deal goes back 18 months. Dorsey maintains that if MCA profited by a mistake since the Dorsey deal he should get the benefit of it and not James.”

T. DORSEY'S REORG COSTS HIM $50,000 IN THEATRE BOOKINGS

“Tommy Dorsey cancelled four weeks of theatres when he decided last week to reorganize the personnel of his orchestra, and the cancellations, cost him a possible gross of between $50,000 and $60,000, probably nearer the latter. Dorsey was set for the Circle Theatre, Indianapolis, Akron, Youngstown, Palace, Cleveland, and the Stanley, Pittsburgh for successive weeks; That he could have earned that much for his end on guarantees and a percentage is virtually certain, especially since his band has done no theatre or one-night location work in the eastern area for more than a year. He went to California in August last year and has devoted himself almost exclusively to pictures since. Dorsey's reorganization and the way he went about it has been the delight of those leaders and managers who have for months been decrying the prices musicians have been requesting. These people have been the strongest protagonists against leaders losing money on locations, as Dorsey would have done had he come into the Pennsylvania Hotel, N. Y., Oct. 4 with his payroll 'setup' as it was before last week's blowup.”

SKELETON SET AGAIN; "BEAT THE BAND" REPLACES DORSEY

“NBC has confirmed last week’s news that Tommy Dorsey will be signing off the Raleigh-Kool program on September 15 as he reportedly attempts to revamp his band. According to sources, Dorsey is dissatisfied with his musicians and the band is wracked with personnel problems. Hildegarde and ‘Beat the Band’ will move from Tuesday at 10:30 pm to Dorsey’s time Wednesday at 9:30 pm. This makes room for the return of the ‘Red Skelton Show’ effective September 14. For some time it seemed that Red Skelton would be drafted but apparently the sponsor is willing to take a chance on the comedian. Dorsey started with Raleigh in 1936 and has been with them ever since except for two brief hiatuses.”

“Music Corp. of America is negotiating with Tommy Dorsey to buyout the leader's contract with Frank Sinatra, which calls for a 33 1-3% slice of the singer's earnings. The dickering had not been completed up to yesterday (Tues.) Meanwhile, Leonard Vannerson, Dorsey's manager (who is reported to have split with the leader), attached Sinatra's RKO salary to satisfy a 10% interest he holds. Sinatra is at RKO making 'Higher and Higher,' his first effort on a seven-year optional contract negotiated by General Amusement Corp., which has a management contract on him. Neither Dorsey nor Vannerson has ever collected on the interests they have in Sinatra. MCA's attempt to buy into Sinatra via Dorsey's holdings is an effort to get at least a partial hold on one of the trio of vocalists who have come up fast in the recent bull market On pop singers. MCA has neither of the three: it was offered Sinatra when he first left Dorsey last year to do a single, but failed to sign him. GAC thereafter picked him up and also has Perry Como, whom it recently sold to 20th-Fox on a contract comparable to Sinatra's at RKO, with one exception. Both pacts will return the singers over $1,000,000 over seven years, but Sinatra's gives him the right to make one outside film a year in addition to two for RKO. In view of this, he has been dickering with Vanguard (Selznick) for one film at a flat $100,000. Dick Haymes, third of the high-flying group, is managed by William Morris Agency, personally by Bill Burton. Sinatra's publicity has long been a source of discussion. Lately, however, this pro and con has been hyped by the extensive attention he has been getting from the daily press, national magazines and network radio programs, very little of which has been favorable. Last week Life, Time, daily columnists and radio shows took cracks at him. Life, in a one-sided story, cited his conduct during a recent appearance with the Philharmonic in N. Y. How much of this bad publicity can be attributed to the often-outrageous conduct of his teen-age supporters is a moot question. Trade observers are of varied opinions on the effect it may have. Some shrug it off with an 'every knock is a boost' attitude. Others, among them some of his handlers, are apparently concerned about it.”

MCA'S $60,000 'GIFT' ENABLES SINATRA TO BUY DORSEY-VANNERSON'S 43 1/3% 

“Music Corp. of America bought itself a management contract on Frank Sinatra last Thursday (26) when it handed the singer $60,000 to buy out the interests in him held by Tommy Dorsey and Leonard Vannerson. Dorsey's manager, who between them held a 43 1/3% slice of his earnings. In return for the $60,000 (it is unconfirmed but rumored that Sinatra is to repay $25,000 in small payments) MCA will take over Sinatra's management immediately, though the singer’s management contract with General Amusement Corp. has another 14 months or so to go. MCA will hand over to GAC all commissions due until the singer is solely MCA property. As Sinatra’s affairs now stand, MCA doesn’t figure to recover much of the money it advanced Sinatra for some lime. GAC signed him to his RKO film deal, which runs for seven years beginning with the film he is now finishing on the coast (‘Higher and Higher’); handled his radio contract with Lucky Strike, which is said to expire in March 1945, and also committed him to a three-year deal with the Paramount Theatre, N. Y., for six-weeks per year. GAC, of course, collects the commissions from these contracts. Film deal, it's said, returns commission to GAC for only the initial two years. Sinatra, it is claimed, gave GAC the opportunity, to buy Dorsey out, as MCA did finally. Agency, however, deemed it unwise to put out so much cash to hold him. Agency claims, however, to have offered to loan Sinatra the money he needed, which was rejected in favor of MCA's outright gift, Sinatra could have gotten out of his attachment to Dorsey about six months ago by agreeing to pay the bandleader $35,000 at the rate of $5,000 a year. This deal, it’s asserted, was worked out by a N. Y. attorney and met with Dorsey’s satisfaction. It wasn't agreeable to Sinatra, however. It cost MCA $60,000 to get something it could have had for virtually nothing less than a year ago. When Sinatra left Dorsey, Vannerson offered him to MCA, but the agency let the singer slip to GAC. Now that he is returned to MCA the hard, way, GAC still hasn't loo much to worry about. It also has under management Perry Como, who also has made a hefty splash in the baritone sweepstakes. The Sinatra-Dorsey troubles apparently were big news. When the settlement, was finally worked out, the results were headlined on some of Thursday (26) evening’s radio news broadcasts.”

VANNERSON-SINATRA SUIT DROPPED

"Hollywood, Aug. 31 – Frank Sinatra bought out one partner last: week and acquired another. New associate is Music Corp., which paid out $60,000 for Tommy Dorsey's interest in his former singer. Negotiations were concluded after Leonard Vannerson, Dorsey's manager, as assignee for TD, had filed suit in superior court for $17,000. It has been dropped. Vannerson’s reputed 10% interest in Sinatra's earnings was passed over as his attorney held it would be difficult to win a judgment because Vannerson, in the capacity of an agent, admittedly didn’t do enough in the crooner's behalf to press payment of his fees. Settlement talks were in the air before Vannerson’s attorney marched into court, but the downtown papers were plastering the story all over the front pages so they let it ride until the next day, when the payoff was officially announced."

This was the first of Tommy’s straight discs to use a Sy Oliver arrangement and there is
no questioning that it improved the band’s beat no end. You may disapprove completely
of the powerhouse tactics used but it’s better to have good powerhouse, no matter how
batteringly distasteful that may be, than an utterly dead unit which was Tommy’s dance
status before Oliver joined him. This is also one of the best records that the late-
lamented Pied Pipers (as of Tommy) made. Note the offbeat ending with the gals and
Sinatra holding the tune and Buddy Rich knocking himself out on the accents. This one
is topnotch for light shagging.⁵⁴

"OVER 50G" CASH PAYMENT SETTLES SINATRA – T. DORSEY, VANNERSON CONTRACT LAWSUIT

MCA in But GAC Continues as Manager-Booker

"Los Angeles - Aug. 28 – Frank Sinatra’s contract difficulties with Tommy Dorsey, Dorsey’s manager, Leonard Vannerson and General Amusement Corporation, which books the crooner, reached a climax here this week that ended in a cash settlement. The baritone, whose salaries from his “Hit Parade” radio program, RKO-Radio Picture and recent Hollywood Bowl concert, had been attached earlier in the week by Dorsey and Vannerson, paid his former boss and manager a flat sum, which attaches of the singer said was ‘considerably more than $50,000.’ This severs all of Sinatra’s relations with Dorsey. It was the emergence of Jules C. Stein, president of Music Corporation of America, into the Sinatra picture, which proved the highlight of the bitter battle between the trombone-playing maestro and the singer. Stein is understood to have put up the money that Sinatra is using to abrogate his contract with Dorsey and Vannerson. Dorsey was guaranteed 33 per cent and Vannerson 10 per cent of all of Sinatra’s earnings until the settlement was reached Wednesday at a meeting in Hollywood, attended by attorneys of all parties concerned.

GAC Remains As Booker

"Sinatra will continue to be booked by General Amusement as per original terms of his contract but will move over to Music Corporation of America guidance when his binder with GAC ends. According to Ralph Wonders, head of GAC’s Hollywood branch, his agency was not represented at the session. Wonders declared that GAC’s contract with Sinatra “has a couple of years to run” and includes management as well as motion picture bookings. And if Stein wanted to assist the crooner, with an eye toward taking over his contract as booker, Wonders knew nothing about it.

“The final settlement came after a hectic week in which all of Sinatra’s moneys were attached by Vannerson and Dorsey. On Tuesday Vannerson named Sinatra defendant in a suit for $17,000 filed in Los Angeles Supreme Court by Joseph Ross, Vannerson’s attorney. The amount asked represented 10 per cent of Sinatra’s earnings, a figure which would indicate the crooner had earned $170,000 since he pulled out of Dorsey’s band a little over a year ago. Throughout the long period since Sinatra struck out on his own as a single, he never paid Dorsey or Vannerson a penny, they charged. Vannerson’s suit, of course, was withdrawn the day after it was filed when the settlement was completed
Jules Stein’s role

“Stein’s part in the picture isn’t crystal clear to many observers in as much as his agency, MCA, cannot book Sinatra and collect commission moneys until Frank’s pact with GAC runs out. It is believed, however, that Stein and MCA will service the singer without charge until his GAC contract expires, with the possibility that a deal will be worked out with Tom Rockwell and GAC freeing Sinatra from their guidance.

“Frank Cooper, at one time affiliated with GAC as a booker and the man who got Sinatra his first jobs in theaters and on the radio after Sinatra went out on his own, also is understood to be out of the picture now.

“Sinatra’s attorney, Henry Jaffee, came here from New York to affect a settlement. The final figure, in excess of 50 grand, will be divided by Dorsey and Vannerson. Negotiations were concluded by Sinatra, Dorsey and Vannerson under circumstances which one of the attorneys said were “not exactly chummy.”

T. DORSEY LOSES VANNERSON VIA RESIGNATION;
SINATRA DIVY SAID TO BE REASON

Trombonist Now Minus Swooner, Band and Manager

“Hollywood, Sept. 4 — Leonard Vannerson resigned as personal manager of Tommy Dorsey Wednesday (1) in a surprise move, which left the sentimental gentleman without managerial guidance as well as a band. Vannerson, who has acted as Dorsey’s right hand man for more than two years, said his resignation was ‘mutually agreeable’ and insisted that he and Dorsey were parting as friends. While no successor has been named by Tommy, Jack Johnstone, who heads Dorsey’s music publishing ventures, is being mentioned as manager.

“Vannerson and his wife, Martha Tilton, were to leave Los Angeles this week for a brief vacation before she returns here to star in the new Dick Powell Campana program on CBS. Vannerson said he is considering “a couple of nice offers” but would accept nothing until his return late in September.

Sinatra Split The Reason?

“His split with Dorsey, he said, was ‘complete and permanent.’ Vannerson denied that the recent settlement of contract difficulties with Frank Sinatra, who paid Dorsey $50,000 plus to free himself of a 33 per cent equity in the singer, had anything to do with his leaving Tommy. He did say, however, that although he had a 10 per cent ‘piece’ of Sinatra via a personal management contract, Dorsey had kept all the money without offering to settle with Vannerson. Persons close to Tommy and Vannerson claim this has plenty to do with the dissolution of the Dorsey-Vannerson partnership.

55 The Billboard, September 4, 1943, p. 12
Dorsey Still Sans Band

“Dorsey trains out for the middle west September 9 to play two weeks of theatres with a smaller band, which has not yet been completely organized. The only regulars who are definitely set to remain with him, as of today, as Milton Raskin, pianist, Manny Gershman and Don Lodice, saxophonists and George Seaburg, trumpeter. Freddie Stulce will remain in Hollywood to enter radio, as will several other key men. Vocalists Betty Brewer and Skip Nelson are also slated to go east with Dorsey.

“Vannerson told The Billboard that Dorsey’s bookings were set for the next five months and that Tommy would not require much in the way of a personal manager until November. Meanwhile, Dorsey is personally making the rounds in Los Angeles attempting to hire musicians and get an orchestra in shape for the trip east.”

56 The Billboard, September 11, 1943, p. 14
“Los Angeles – The Swami of Swoon is out of escrow at last, following the filing of a series of ‘I want my cut’ suits, all of which were settled at conference tables here, over which attorneys huddled as the man who tosses the well-known Sinatrance prepared to embark on his movie career at RKO. The newspaper stories said that Frankie is his own boss again after buying out the interest held by Tommy Dorsey and Leonard Vannerson for a sum placed at $60,000. What actually appears to have happened is this: MCA, which has had longing eyes on the Great Swooner for some time, negotiated a re-financing deal in which the Stein agency put up all or part cash to buy out the Dorsey-Vannerson interest. RKO is also said to have put up some money and Frankie himself may have chipped in with some of the dough to get himself out of hock.”

SINATRA PERSONALLY TO PAY OFF $35,000 OF $60G DORSEY-YANNERSON BUY-OUT

“Hollywood, Sept. 7. - It cost Frank Sinatra $35,000 of his own money to get a release from the agreement with Tommy Dorsey and his manager, who; between, them held a 43 1/3% interest in the singer. There's disagreement as to who put up the $35,000 for Sinatra or whether it all came out of his own pocket, but it's certain that he's paying that much and MCA put up the remainder. Sinatra got off easy on the deal since he already owed Dorsey more than that on accrued percentage of his earnings since leaving Dorsey's band last year. It's asserted by one person involved in the deal that Sinatra's $35,000 came from Columbia Recording as an advance against disc royalties on current and future records. This is denied by Columbia. Another report has it that MCA advanced the money against future commissions, as well as posting $25,000 as a gift. General Amusement Corp., which lost Sinatra to MCA, denies that it was never given the opportunity to buy or help buy Dorsey's contract oh Sinatra. GAC also maintains that it will collect commissions on Sinatra's film deal with RKO for the full seven years if the film company picks up all options, not for just two years, as reported last week. GAC claimed to have signed Sinatra to a three-year Paramount Theatre, N. Y., contract calling for six. weeks a year. The Paramount says it has him for four weeks and options for 1944 and 1945 only.”

T. DORSEY'S BAND REORG GIVES RIVAL MAESTRI CONCERN ON HOLDING MUSICIANS

“Tommy Dorsey's advent in N. Y. to complete, the reorganization of his orchestra has rival leaders playing that area in the next couple of weeks taking sleeping powders. It's figured Dorsey will recruit whatever men he needs to complete his outfit from contemporaries' musicians within reach. This possibility induced one maestro to remark last week -that he was glad his current job was ending and he was getting his band out of town. Dorsey is expected in N. Y. next week (13) with those of his, original men who are to be the nucleus of the rebuilt band. Dorsey on Aug. 8 gave his entire outfit notice, effective today (Wednesday). His move was predicated on the necessity for lowering his payroll, plus demands by his men that he pay 20% withholding on their salaries. Though Dorsey is aiming for a lower payroll, he can still afford to pay more money, than the majority of rival leaders’ and they know that if he makes one of their men an offer it's almost a foregone conclusion that they'll be forced on the prowl for a replacement. Dorsey opens at the Pennsylvania Hotel, N. Y. Sunday, Oct. 3. This, is a radical, departure for the Pennsylvania, for beginning then the hostelry's Cafe Rouge will switch from a Sunday off to Monday off. There is. a two-fold reason for the change. Since the war-born boom in hotel rooms (as in theatres, night clubs, etc.) Sunday night in N. Y, has become equally important a box office night as Saturday; Working Sundays instead of Monday, therefore, will help- the hotel's gross and Dorsey's weekly take, since he's on percentage. However, it's said that the change is based mostly on the fact' that having Monday night off leaves him free to take Coca Cola shots (series doesn't broadcast Sunday) and that a substantial number of these assignments will help him meet his payroll with a minimum of loss. Working at the Penn with a band the size of his is bound to cost him money, even if be does capacity biz every night. Coca-Cola shots will help him toward at least breaking even.”

DORSEY EAST THURS (9)

“Hollywood, Sept. 7 - Tommy Dorsey leaves Thursday (9) for New York, where he'll reorganize band. He's taking only about a half-dozen men with him as nucleus for new outfit he'll recruit in N. Y.”

TOO MANY FIDDLES

“New York, Sept. 11 – Tommy and Jimmy Dorsey are still in a clinch but it’s purely fraternal affection. The last three broadcasts Jimmy did from the Hollywood Palladium, where he just closed a six-week run, had Tommy anonymously pumping away in the trombone section, with the ether fans let in on his presence only at the sign-off, when, instead of going into Jimmy's theme song, the band played ‘I'm Getting Sentimental Over You.’ Tommy also lent his presence in 'I Dood It,' the M-G-M film starring Jimmy Dorsey's band. Tommy stands with his back to the camera looking at a sign plugging Jimmy’s band when Red Skelton comes along and comments, 'boy, that Jimmy Dorsey has the best band in the world,' A third person asks. ‘what about Tommy Dorsey’s band?’ And Skelton retorts, ‘nah, too many fiddles.’ Tommy then shows his face, cracking, ‘I like Bob Hope.’ The pay-off is that Tommy may have taken that fiddle gag seriously, as it is reported his fiddle section will be cut in half when he reorganizes his band.”

DORSEY THREAT HELPS TOOTERS GET RAISES FROM JITTERY MAESTRI

“Many musicians in bands playing around N. Y. got the same idea simultaneously last week. Knowing that their leaders were apprehensive, about Tommy Dorsey’s arrival to reorganize his band, some of the faster-thinking tooters feigned bids to join Dorsey as a means of securing raises; in at least a couple, cases the increases were forthcoming. Contrary to what most leaders think, Dorsey has no Intention of rebuilding his outfit with men lured from other bands. His N. Y. office has a long list of men now without connections from which he probably will; select the personnel needed to round out his orch. Dorsey arrived in N. Y. Sunday (12). Dorsey brought with him from the Coast 11 musicians; nine were holdovers from the band he broke up plus two men hired on the Coast. He will have a 22-piece outfit, four trumpets, three trombones (four with his own) five sax, four rhythm and six violins. Betty Brewer remains as femme vocalist, Jimmy Cook replaces Skip Nelson as male singer, and the quartet is out. ; Men Dorsey retained from the old' band are:: Don Lodice, Manny Gershwin, George Seaberg, Milt Raskin, piano, Maurice Purtill, drums and four fiddles. He will add 11 men in N. Y. Jack Johnstone, who operated Dorsey’s Embassy and Yankee Music firms, will replace Leonard Vannerson as manager of the band.”

DEAN HUDSON FINDS BAND IN TD TRYOUTS

“New York – Oct. 2 – Dean Hudson, who has been trying to reorganize a band since returning to civilian life with an honorable discharge and lieutenancy from the army, finally found a band by helping Tommy Dorsey reorganize his band. Enough men were left over from the Dorsey tryouts to give Hudson a 14-piece outfit with which he opens in New England next week.”\textsuperscript{66}

THE DOVE OF PEACE

New York - Oct. 9 – Tommy Dorsey decided to do something about the lousy amplification system in the Hotel Pennsylvania grill and told James McCabe, general manager of the hotel, he would send for his own p. a. system in a week. ‘Bring it in tomorrow,’ answered McCabe, ‘see if I care.’ He couldn’t, Tommy explained. His brother Jimmy had borrowed it for use on the coast. ‘That’s what you get for being friends again,’ was the ribbing response from McCabe, ‘if you weren’t fighting, we’d have a decent amplifier.’\textsuperscript{67}

T. DORSEY CANS 2 SIDEMEN, CHARGING INSUBORDINATION

“Tommy. Dorsey fired his drummer and a trumpeter for 'insubordination' last week, on the advice of N. Y. local 802 of the American Federation of Musicians. Dorsey was ill and not present during a rehearsal of the band and he claims Maurice Purtill, drummer, and Bob Price, trumpeter, walked out of the rehearsal before it was completed. Irving Cutler replaced Purtill and the spare trumpeter Dorsey was carrying is in Price's place. Dorsey was off the stand at the Penn Thursday, Friday and part of Saturday due to a bad back brought on, according to his doctor, by being on his feet too much.”

“Openings in 40 theaters over the Thanksgiving holiday weekend have been set for M-G-M's 'Girl Crazy,' Tommy Dorsey starrer. Recorded tunes included in the all-Gershwin score are 'But Not For Me,' 'Embraceable You,' and 'I Got Rhythm.'

T. DORSEY STILL TORN BETWEEN TWO B WAY HOUSES ON '44 DATES

"Tommy Dorsey's contractual troubles in connection with commitments to both the Paramount and Capitol Theatres, N. Y., during 1944 still have not been settled. Leader owes both houses dates next year, but the agreement with the Capitol calls for his playing there and nowhere else during that period. Dorsey agreed to play the Capitol under pressure from Metro, to which he's contracted for films. Loew's Inc., owns both Metro and Loew's theatre chain, of which Capitol is flagship. However, after signing that agreement, on the Coast last August he is said to have given the Paramount a contract for another date beyond the one he is to begin this Dec. 22. As this obviously must be played in 1944, it conflicts with the Cap's exclusive hold on him during the year. The Capitol agreement carries a clause that gives the leader the right to complete his obligation in the Paramount in December 1943, but doesn't allow for any other commitments Dorsey may have in N. Y. Dorsey has never played any other Broadway house but the Paramount. He opens at the Paramount Dec. 22."

FROLICS, MIAMI, OFFERS T. DORSEY RECORD LOCATION SALARY, $10,000

“Tommy Dorsey has been offered $10,000 a week for two-week stay at the Frolics Club, Miami. For a location job this offer is probably without precedent. Yet Dorsey, who has little time open and apparently isn’t particularly interested in going south, countered with a request for hotel and transportation expenses. General Amusements Corp. is booking the Frolics, while Music Corp. of America is booking an opposition ballroom, the Flagler Gardens' Restaurant, in the same town. Twist on it is that GAC would have to buy Dorsey from MCA and to supply him to a spot in opposition to the one MCA is booking. The two Florida danceries, both former night clubs, have been in name band competition for some time, although lately Flagler has not been offering anywhere near the salaries the Frolics has been dangling. Latter paid Glen Gray $5,500 a week for a stay there recently and is paying Tommy Tucker, who follows the current Sonny Dunham, a slice not far under that amount. As with the Dorsey MCA-GAC situation, Tucker, is an MCA band, while, the current occupant of the opposition Flagler (booked by MCA) is Hal McIntyre, a William Morris property. Heavy coin being dispensed by the Frolics is forced by circumstances. To knock out Flagler it must have top names and since the spot has no wires it must compete with theatre salaries to bring such bands south. On occasion sunshine and golf have been added bait. Bobby Sherwood, who opens at Flagler following McIntyre, was influenced, he says, by the, recreational possibilities.”

NETS CUTTING DOWN ON BAND REMOTES IN FACE OF PETRILLO'S STRIKE THREAT

“Though they seemingly have nothing more than rumors on which to base conclusions, the broadcasting, companies expect AFM head James C. Petrillo to call a strike after the first of the year, at least against remote pickups. To avoid being caught without fill-in material, as they have been in the past, each net, with the exception of Mutual, has been decreasing band region’s lately to devote more time to studio orchestra broadcasts, vocal shows by studio singers and occasional variety productions. As a result of the remote restrictions, band broadcast time is now at a premium. No new periods are being distributed and the only way a bandleader can hope to get on the air from a location is to move into a spot from which his predecessor had a wire. Even that's not always a guarantee. Remote condition, if it continues to grow worse, may affect booking of bands in N. Y. spots, most of which are financial loss dates. NBC hasn't used orchestra remotes for some time. CBS and the Blue have, but each has gradually cut down until there is only one spot on either chain getting, more than two shots weekly. That's Benny Goodman's orchestra from the New Yorker Hotel, N. Y. Tommy Dorsey has two on the Blue and two on CBS. Frank Dai ley's Terrace Room has only two on CBS, whereas it once had many more, but it also has a number of Mutual shots. Mutual's methods of picking up remotes are disliked by most leaders, but they continue to take them because there's nothing else available. Few full half-hour periods are allotted by Mutual (there was one instance recently of a live-minute broadcast by Ted Lewis) in an endeavor to carry as many bands as possible.”

FORD SPONSORING T. DORSEY BAND

“Tommy Dorsey's orchestra was signed last week by J. Walter Thompson for a five times per week broadcast bankrolled by Ford Motors. Dorsey will ride the 8:15-8:30 period on the Blue network Monday through Friday beginning Jan. 6. It's the leader's first commercial since dropping off the Raleigh account last fall and doesn't hinder his movements. It can be originated anywhere. Dorsey, currently at the Pennsylvania Hotel, N. Y., goes into the Paramount Theatre, N. Y. Dec. 22, then goes to the coast for a new film for Metro. Thompson is now handling the Ford account, having taken over last week from the Maxon Agency. It will continue indefinitely the other Ford show, the six nights per week news series on the Blue.”

T. DORSEY ON BLUE FOR FORD

“New York – Dec. 11 – Tommy Dorsey is set for a weekly Monday-thru-Friday broadcast over the Blue Network from 8:15 to 8:30 pm under the sponsorship of the Ford Motor Company starting January 6. The program, which can emanate from any city, will be Dorsey's first commercial since he left the Raleigh broadcast last fall. The deal was set by J. Walter Thompson, which took the Ford account over from the Maxon Agency last week.”

“N. Y. Local 802 of the American Federation of Musicians presented Tommy Dorsey with a bill for approximately $1,600 last week, representing money the leader owed for sustaining broadcasts from the Café Rouge, under the local’s fees per man per broadcast regulation. Dorsey had no argument with the local’s bill but asserted he had been told by Music Corp. of America, his bookers, prior to opening at the Penn that the $3 tax rule per man had been shelved for the duration, hence hadn’t offered payment. Dorsey is working on such a close financial margin at the Penn that the $1,600 probably puts his Penn data on a loss basis. MCA has been supplying him with Coca Cola broadcasts weekly, at $1,500 per. Added to his hotel salary of $3,000 weekly, plus a percentage of the covers, the radio shots were just about letting him break even. Even so, the beating he will take financially will be small compared to the $28,000 his brother Jimmy dropped playing the Penn 12 weeks earlier this year.”

FORD SEEKING A BLUE STRIP FOR T. DORSEY

“New York – Dec. 11 – With Tommy Dorsey set for a 15-minute strip on the Blue for Ford Motors, the problem has been what time would be cleared for the show. Yesterday the Motorman canceled his 8-8:15 pm newscast strip, thus presumably clearing the path for the Dorsey ork. Ford news never made much of a dent in the competition, which includes ‘Vox Pop,’ ‘Cavalcade,’ ‘Bigtown,’ ‘Norths’ and ‘Suspense.’ Against this overwhelming drama opposition, the Dorsey music figures to cull listeners. Also open on the Blue schedule are the 8:15-8:45 pm slot, which is not network option time, 7-7:15 when Fred Waring is on NBC nightly and 7:15-7:30 when Harry James is on CBS with three spots a week. The 10:15-10:30 slot after R. G. Swing the commentator is an asset, but the competition is high powered, viz, Bob Hope, Abbott and Costello and Moore-Durante. J. Walter Thompson is the agency.”

TWO T. DORSEY MUSIC FIRMS NOW INACTIVE

“Tommy Dorsey has temporarily put his own two music firms, Embassy and Yankee, into an inactive category. He released Irving Brown and Harry Bernie, contact men, last week. Brown went with Campbell-Porgie and Bernie to American Academy of Music, Mills subsidiary. How long the two outfits will remain inactive isn't certain. Jack Johnstone, former general manager of both, has been manager of Dorsey's band the past several months, replacing Leonard Vannerson. But Johnstone is due to give way soon to Dave Jacobs, former trombonist with Dorsey, who got out of the Army Friday (3). He was with the AAF Ferry Command at Long Beach, Cal. and received a medical discharge. Johnstone will then return to the music firms. Dorsey's move with Yankee, which is an ASCAP firm, and Embassy, a BMI affiliate, doesn't disturb the Dorsey Bros. Music Co. firm owned by Tommy and Jimmy Dorsey jointly. George Marks is professional manager of that outfit.”

'TIRED' T. DORSEY OFF 'BASIN STREET' SHOW; CONNEE BOSWELL IN

“Entering a plea that he was 'just: plain tired,' Tommy Dorsey withdrew yesterday (14) from his skedded guest shot on 'Basin Street' Sunday night (19) only a few minutes before agency staffers and program directors were ready to huddle on music cues, script, etc., for the orch leader's part in the show. According to Lennen & Mitchell, agency handling the account, Dorsey had been signed lo a contract but explained he did not feel physically able to live up to it. Tee Wells, of the agency, did some fast phoning after hearing from Dorsey and succeeded in landing Connee Boswell as 'Basin Street-guest for the spot vacated by the band leader.”

INSIDE STUFF - ORCHESTRAS

“Jimmy Cook, vocalist, formerly with Tommy Dorsey: is still under contract to the leader though he's now singing on WAAT, Jersey City. His connection with the station is in the nature of a farm-out proposition. Dorsey thought he needed more seasoning and experience and made a deal for him there. Cook airs five afternoons a week, Mon.-Fri. 4:30-4.45 pm Dorsey now has Teddy Walters, who was a guitar player with Gene Krupa's now disbanded orchestra.”

METRO-CAPITOL-PAR, N. Y. DATE SNARL NOW INVOLVES T. DORSEYS FORD SHOW

“Tommy Dorsey-Metro-Capitol and Paramount Theatre, N. Y. situation broke wide open last week. It's said that Dorsey is being 'requested' to forego one of the two signed contracts with the Paramount and to play one contracted date at the opposition Capitol on schedule during 1944. Dorsey has a five-times-a-week Ford program, which he is to debut Jan. 10 in the 8-8:15 pm slot on the Blue network. According to sources involved, Dorsey's film contract with Metro allows him only one commercial broadcast a week with the band. To do more than that requires special permission from the film company. On this basis, Music Corp. of America, Dorsey's bookers, has been petitioning the Paramount to let Dorsey out of the second agreement he has to play there or, at least, to let him go to the Capitol first during the coming year and then go back to the Paramount. MCA says the film company can force Dorsey off the Ford show, otherwise. Ford contract is signed; Dorsey opens the first of the two commitments at the Paramount next Wednesday (22). After that he owes the house another date which conflicts with the Capitol contract, also, calling for an appearance in 1944. This Contract was signed on the Coast last August following request from Metro, which has the leader on a seven-year pact. Paramount is sitting tight in the dispute. It has two signed agreements and is not involved in the disagreement in any way except that it is being pressured by MCA to let Dorsey loose of the second agreement. Capitol booking office (Loew's Inc., parent company of Loew's-Metro setup), has a contract on the band which is said to clearly slate it is effective after Dorsey finishes the forthcoming date at the Paramount. The Paramount asserts it has first call on Dorsey for his next two Broadway dates.”

ON THE UPBEAT

“Hugo Winterhalter, arranger, joined Tommy Dorsey's band permanently. He was formerly with Vaughn Monroe.”

INSIDE STUFF - MUSIC

“Jack Johnstone, general manager of Embassy and Yankee music publishing firms owned by Tommy Dorsey, claims that neither firm is even temporarily inactive. He claims that during his run as road manager of Dorsey’s band he was actually dividing his time between the band and the publishing houses, and that the recent release of contact men Harry Bernie and Irving Brown doesn't indicate an inactive status. Dave Jacobs, former trombonist with the outfit, replaced Johnstone as manager with Dorsey’s band late last week. Jacobs got a medical discharge from the Army.”

KRUPA GOES WITH DORSEY BAND

“Gene Krupa joins Tommy Dorsey's orchestra today (Wednesday) at the Paramount theatre, N. Y., a move that had been on the fire for almost two weeks, but wasn't definitely settled until last Thursday (16). Krupa played with Dorsey's band Saturday (18), its final evening at the Pennsylvania hotel, N. Y. Drummer will get no special billing at the Paramount. Krupa was with Benny Goodman's Orchestra at the New Yorker Hotel, N. Y. from early in October until last week, when Sonny Dunham replaced that band. It had been expected that he would work with Goodman on the latter's trio of theatre weeks before going to the Coast, but it didn't work out that way. Dorsey had negotiated with Krupa re: joining his band while the two were in Hollywood late in the summer. Deal fell through at that time. The Paramount will be Krupa's first theatre date since returning to the biz.”

T. DORSEY AGAIN SWITCHES VOCALISTS

“Teddy Walters and Tommy Dorsey's orchestra severed connections last week after a dispute over a contract and Jimmy Cook, whom Dorsey had farmed out to WAAJ, Jersey City, recently, for experience, returned to the band. Walters took over Cooks' spot as vocalist with Dorsey several weeks ago. Dispute is said to have arisen when Jack Gale, Walters' manager, objected to signing a term "contract. He wanted "to "sign for six months only, which Dorsey refused on the basis that he was playing dates in the immediate future that would build Walters and then he might lose him at the end of six months. Dorsey opens at the Paramount Theatre, N. Y., today (Wednesday), then goes to the Coast for film work. He also starts a five-a-week broadcast series for Ford, Jan. 10, on the Blue.”

PARAMOUNT, N. Y.

Tommy Dorsey Orch (30) with Gene Krupa, Betty Brewer, Teddy Walters, The Sentimentalists (4), Paul Regan, Edwards Sisters (2); “Ridin' Hiqh”

“Holiday bill at the Paramount is grooved for juvenes with the enlarged Tommy Dorsey band plus Gene Krupa’s drum dynamics and a well-balanced troupe combining lively terping, nostalgic vocalizing and plenty of solid laughs from Paul Regan’s smartly timed impressions routine. When caught audience, mostly teenagers, was as much part of the show as stage personnel with screams, oohs, ahs,. Shouts for “Frankie” (you know which Frankie) and a flock of shouted suggestions to Dorsey for program wants which interrupted often and occasionally drowned out his intros. Leader takes all this nonsense in good-natured stride, however, pacing the 50-minute show to perfection. As always his horn contributions are socko. Recent addition of Krupa to the band gives outfit a spark missing since Dave Tough and Buddy Rich exited for G. I. assignments. Krupa got a rousing reception and knotted things up completely in his solo shot on ‘Not So Quiet, Please.’ Sinatra’s successor, Teddy Walters, comes on next to closing amid mingled cheers and boos, the latter from died-in-wool Frankie fans, no doubt, who resent anyone stepping into his shoes, and baritone okay with a medley of tunes popularized by the former TD vocalist. Set included ‘My Heart Tells Me,’ ‘Beautiful Morning,’ ‘People Will Say,’ ‘Never Smile Again,’ and ‘Star Dust’ with the four-femme Sentimentalists outfit, also on for closing ‘There Are Such Things.’ Betty Brewer, in two songs, completes the specialty chores. Dorsey band, boasting five fiddles, a cello, five reeds, four trumpets and as many trombones (including TD) and the usual guitar, bass, piano and drum rhythm section, had things all its own way from the opening stains of the ‘Sentimental’ theme. ‘Hallelujah’ opener is followed by ‘Song of India,’ featuring leader’s sock trombone, ‘Boogie Woogie,’ ‘Well, Git It,’ ‘Sleepy Lagoon,’ and ‘We Know and You’ll Find Out’ round it out. ‘Star Spangled Banner’ against huge flag backdrop and waving flags flanking stage provide patriotic closer and band reprise to theme as elevator stage descends. Effect is somewhat marred as leader and several instrumentalists drift offstage before closing production bit blacked out. Dorseyites look well, filling the stage completely but without crowded subway effect. When caught leader sported well-tailored grey ensemble with the hired hands in neat brown sack suits. Four gal harmonizers pretty things up with full skirted gowns of orchid and hair bows o match.”

T. DORSEY IN MGMT. DEAL WITH MICHAUD

“Tommy Dorsey and Arthur Michaud completed a deal last week whereby Michaud takes over professional management of the Dorsey orchestra for a period of five years. Terms of the arrangement were not revealed and it does not become effective until Saturday (1). Michaud managed Dorsey once before, the association ending about six years ago. Michaud replaces Leonard Vannerson as director of the Dorsey interests, but will not travel with the band as Vannerson did. Dave Jacobs, road manager, who succeeded Jack Johnstone recently after being released from the Army, will retain that spot. Deal doesn’t disturb Midland's other band managerial interests.” 88
