## Dual Degree

The Leeds School of Business and the Department of Anthropology endorse a dual degree program in which both a Master of Business Administration and a Master of Arts in Anthropology be awarded to those students who satisfy the requirements outlined below.

Note: Residents of Western states, including Alaska and Hawaii, may be eligible for in-state tuition for this dual degree program. Please see the Western Regional Graduate Program information sheet (download the WRGP handout) at [wrgp.wiche.edu](http://wrgp.wiche.edu), or contact the Tuition Classification Officer in the Office of the Registrar at 303-492-0907, or by email: [tuit.class@registrar.colorado.edu](mailto:tuit.class@registrar.colorado.edu).

## Admission to the Dual Degree Program

1. Students must meet the admissions standards for each program separately, and are urged to have a conversation with the Anthropology faculty member who is most closely aligned with their interests prior to submitting an application. It is important that students clearly indicate their interest in the dual degree program in their Personal Statement to the Department of Anthropology.
2. For admission to the MBA program, at least two years of full-time, post-graduate work experience is strongly recommended. Work experience adds relevance and depth to the learning process and allows greater contribution to classroom discussions and project work.
3. Dual degree students may start either program first; however, in the first year of the dual degree program, courses are taken in one of the two departments exclusively, and in the second year, courses are taken in the other department exclusively.

## Description of Curriculum

It is generally advisable for a student to begin in the Department of Anthropology. In that case, the student will enroll in a full load of Anthropology courses during the first year in the program, as described below.

Specific additional requirements depending upon the student's subdiscipline, to be at least partially met in the first year; the remainder to be completed in the third or fourth year.

- **Archaeology:** ANTH 5345 Archaeological Theory; ANTH 5000 Analysis of Materials Using Laboratory Methods (exs: ANTH 5245 Ceramics; ANTH 5380 Lithic Analysis; ANTH 5919 Collections Research Practicum); ANTH 5400 Research Methods in Archaeology II; ANTH 5460 Archaeology in Contemporary Society; plus a required MA paper in conjunction with ANTH 7840.
