

Transferology Instructions - How to see if a course is pre-approved

Follow these instructions if you have identified a specific course that you want to take at another school, and want to know if it's already approved for transfer to CU Boulder.

In the example below, a student wants to take the course BIOL 101 from Colorado Mesa University, and wants to know if it's approved for transfer to CU Boulder.

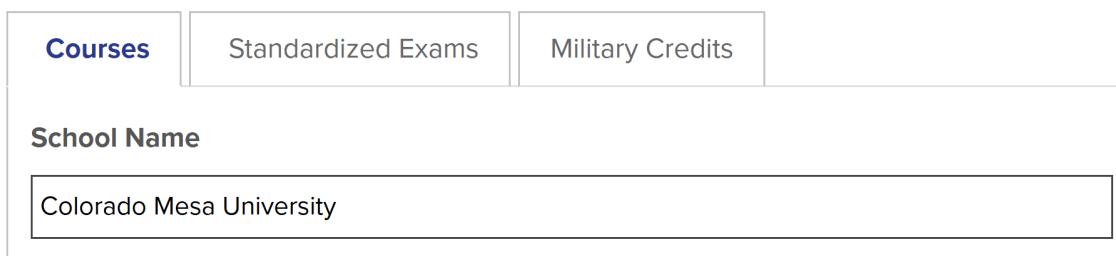

1) Go to www.transferology.com and log in, or create an account if you don't already have one.

2) Click on "Will My Courses Transfer?"

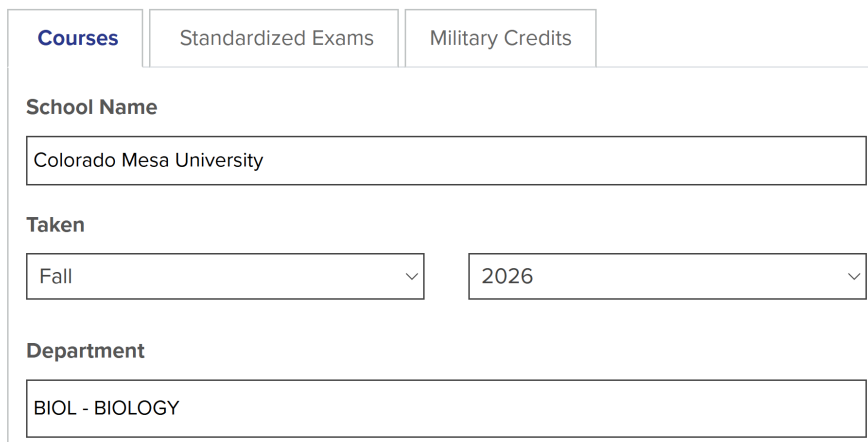

The screenshot shows the Transferology website. At the top is the Transferology logo. Below it is a navigation bar with links: "+ Courses (1)", "% Matches (0)", "★ Favorites (0)", "📁 Programs (0)", a bell icon with "0", and a checkmark icon. Below the navigation bar is a section titled "→ Will My Courses Transfer?". Under this title is a paragraph: "See how your courses will transfer to another school. Enter your coursework and search for matches." Below this paragraph is a link: "Don't want to transfer? [The Find a Replacement Course path](#) allows you to find a course that you can take elsewhere for credit at your current school."

3) In the "School Name" field, start typing the name of the school where you want to take the course, and select it from the drop-down list that appears. If the school isn't listed in Transferology, use the A&S Transfer Credit Review Form.

The screenshot shows the "Will My Courses Transfer?" form. At the top are three tabs: "Courses" (selected), "Standardized Exams", and "Military Credits". Below the tabs is a section titled "School Name". Under this title is a text input field containing "Colorado Mesa University".

4) In the "Department" field, start typing the department code of the course you want to take, and select it from the drop-down list that appears. If the department isn't listed in Transferology, use the A&S Transfer Credit Review Form.

The screenshot shows the "Will My Courses Transfer?" form with more fields filled. At the top are three tabs: "Courses" (selected), "Standardized Exams", and "Military Credits". Below the tabs is a section titled "School Name". Under this title is a text input field containing "Colorado Mesa University". Below this is a section titled "Taken". Under this title are two dropdown menus: the first is set to "Fall" and the second is set to "2026". Below this is a section titled "Department". Under this title is a text input field containing "BIOL - BIOLOGY".

5) A list of courses will appear for the school/department you have selected. Click the + symbol next to the course you want to take. If the course isn't listed, use the A&S Transfer Credit Review Form.

Course	Title	Hours	
BIOL101	GENERAL HUMAN BIOLOGY-GTSC1	3	+
BIOL101L	GENERAL HUMAN BIOLOGY LABORATORY-GTSC1	1	+
BIOL105	ATTRIBUTES OF LIVING SYSTEMS-GTSC1	3	+
BIOL105L	ATTRIBUTES OF LIVING SYSTEMS LABORATORY-GTSC1	1	+

6) If you want to search for multiple courses, repeat this process. The course(s) you've selected will show in the "My Courses" section on the right-hand side of the screen. When you're done adding courses, click "Search for Matches."

8) The results for your class will appear. There are three possible results for each course:

- **Match** – the course has been evaluated and given an equivalent CU Boulder course number. Do not use the A&S Transfer Credit Review Form – contact your advisor if you need more information. See #9 below.

- **Miss** – the course is non-transferrable. Do not use the A&S Transfer Credit Review Form.
- **Maybe** – the course has not yet been reviewed. Use the A&S Transfer Credit Review Form.

Pathways

The matches below represent how University Of Colorado Boulder has reported your courses may transfer if a passing grade is earned. These courses may satisfy different degree requirements depending on your major or program. This information is for reference only. An official evaluation will need to be completed by the institution.

Courses from:
Colorado Mesa University

- BIOL101 GENERAL HUMAN BIOLOGY-GTSC1 2026 → EBI01999TC ⓘ

9) For courses listed as “Match,” the CU Boulder course equivalent will be listed. If the CU Boulder equivalent is accepted toward your degree, the course is approved for transfer.

If you don’t know whether the CU Boulder equivalent is accepted toward your degree, you can contact your advisor for more information. Some courses may be accepted by CU Boulder generally, but will not count toward your degree. Other courses may be accepted at your department’s discretion. You should always talk to your advisor before taking a course if you’re unsure if it will be accepted toward your degree.

Here’s an example of a course that is listed as a match, but should not be taken before talking to your advisor:

Important! Even if the course is approved to transfer and to count toward your degree, you should be aware of the following:

- You must get a C- or higher for CU Boulder to accept the course for transfer. Your department may require a C or higher for the course to count toward your degree.
- You are responsible for making up any difference in semester credit hours between the CU Boulder course and the transfer course. Be especially cautious when taking a class on a quarter system, as these will be converted to semester hours when the class is transferred.
