### News & Events

## New Year, New Approach to Training

We will provide professional development on an on-demand basis beginning in spring 2019, in order to ensure that our offerings are conveniently scheduled and relevant to your specific needs.

## Introducing Sparkshops!

Brief, data-driven discussions of high-impact practices bring conversations about teaching and learning into your department. [Schedule a 15-minute presentation](#) as part of our spring pilot!

## VIP Service Adds a Third Protocol

The [Visualizing Instructional Practices](#) service is now piloting the Teaching Dimensions Observation Protocol (TDOP), which places greater emphasis on instructional technology and pedagogy.

---

## Name Changes for Student Fellows and TTAP

To better reflect their work, the Student Fellows are now called Student Technology Consultants. The Teaching Technology Assistance Program has been rebranded as the Technology Integration Program.

---

## Columns

## Letter from the Advisor

Scientific teaching involves enacting scientific practices for the purpose of testing hypotheses about teaching effectiveness enabling data-driven revision of curricula and teaching strategies.

---

## Tech Spotlight: BuffsCreate

The pilot initiative will allow learners to take control of their digital identities while designing and hosting their own web presence.
