## News & Events

### Arts Faculty Explore Creative Approaches to Remote Teaching

A seminar co-facilitated by OIT's Learning Experience Designers and the Center for Teaching & Learning addressed the unique challenges of remote learning for faculty and students in the fine and performing arts.

### Congratulations to the Learning by Design Fall 2020 Cohort

Eight A&S faculty have been accepted to the NSF-funded program, which aims to build CU Boulder's capacity for student-centered teaching in undergraduate science, technology, engineering, and math (STEM) courses.

## Guidance for Departments on Aligning Curricula

ASSETT teamed up with the NSF-funded collaboration TRESTLE, in the Center for STEM Learning, to develop a web resource that illustrates the steps involved in aligning departmental curricula to ensure that graduates meet program-level learning outcomes.

## Welcome, Matara Hitchcock!

The new manager of ASSETT's Student Technology Consultants is pursuing an MA/MBA in CU's Department of Theatre & Dance and the Leeds School of Business.

## New & Improved Faculty Fellows Program - Coming Soon to a Zoom Screen Near You!

A call for participation in ASSETT's Faculty Fellows program will be announced in our November newsletter. We have been busy updating the program and collaborating with others in A&S to find new ways to meet the needs of the college.

## What's Going On with the Syllabus Archive?

Due to outdated technology, self-service features have been suspended. However, CU Boulder

community members can request files using our online form.

---

## Columns

### Letter from the Advisor

Acknowledgement and gratitude for all that students, staff, and instructors are doing to survive and thrive through the challenges wrought by COVID and a reminder to occasionally “unplug” during challenging times.

---

### Innovation Incubator Update

New web pages unveiled; welcome to our CAMPP interns; experts sought to present on gamification pedagogy; upcoming EDUCAUSE presentation.

---

### Teaching Tip: Liven Up Online Discussions with Tech

Shake up your discussions and encourage creativity with engaging, easy-to-use technology tools. Too busy to try a new tool? Liven up Canvas-based discussions with built-in features.

---

### Tech Spotlight: Let Zoom & Canvas Take Attendance

Simplify the task of tracking attendance with tools you already know and love! OIT's step-by-step guides on [exporting meeting and attendance data from Zoom and importing Zoom attendance into Canvas](#) allow you to focus on higher priorities such as teaching, grading, doomscrolling your newsfeed, and Netflix.
