

1. ASSETT Survey: What do you want on Department websites?

This survey:

... asks a little about you

... gives a list of information a Department website might have. You tell us which you think are important.

Departments want to know what you think!

Each completed survey:

... will take about 10 minutes

... can be entered into a drawing for a \$100 gift certificate from the CU bookstore.

ASSETT is a new program in the College of Arts & Sciences working to support teaching and learning through technology. One of our projects is to improve the use of technology in teaching and learning by finding out what is important to students.

For more information about ASSETT or about this survey, contact Prof. Michele Jackson at jackson@colorado.edu

3. Opinions about Department Websites

Every Academic Department at CU has a website. We'd like to know what you like to see on them and your ideas for how to make these sites more useful for you. CU Departments will use your opinions to design their websites.

This is the main page of the survey, so take your time...

*** 1. Take a look at this list and tell us which are 3-5 MOST important things a Department needs to have on its website.**
