

Welcome to the Wonderful World of Science!!!

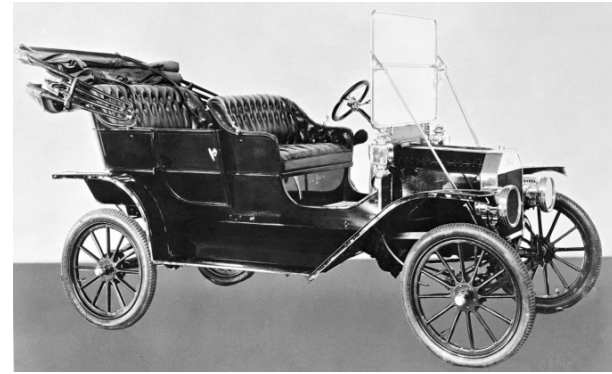

In your notebook, compare the two cars to the right and answer the following (4 min):

1. Write down at least:

- A. two observations about the old car.
- B. two observations about the new car.
- C. two ways in which the cars are different.

2. What might have caused the changes that resulted in the new car?

2. What do you think a car will look like 100 years from now? Draw a picture illustrating a car from 2116. Write a full paragraph explaining why you think it will look that way.

1908 Ford Model-T

2016 Ford Fusion

Closure

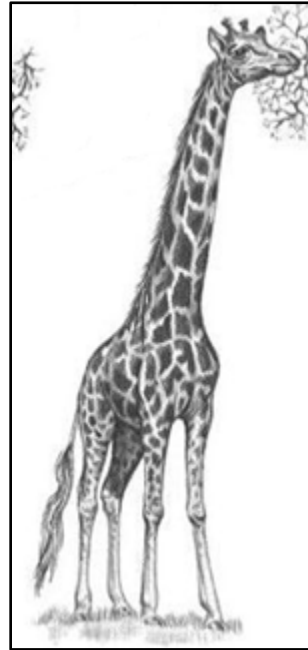

Complete the back of the handout about giraffes:

1. Write one observation for each stage of development. What change do you notice in the appearance of the giraffe?
2. What factors do you think caused the giraffe to develop the way it did?
3. What do you think a giraffe will look like in 1,000 years? Draw a picture and explain.

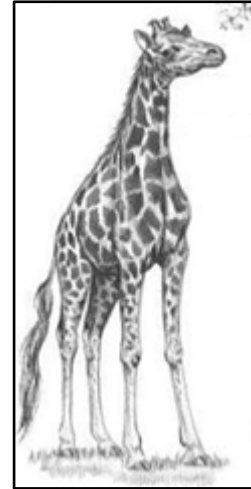

Sort the giraffes in order.
