Learning Management System (LMS) Evaluation and Selection Project

Aisha Jackson

Associate Director of Academic Technology Applications
Office of Information Technology

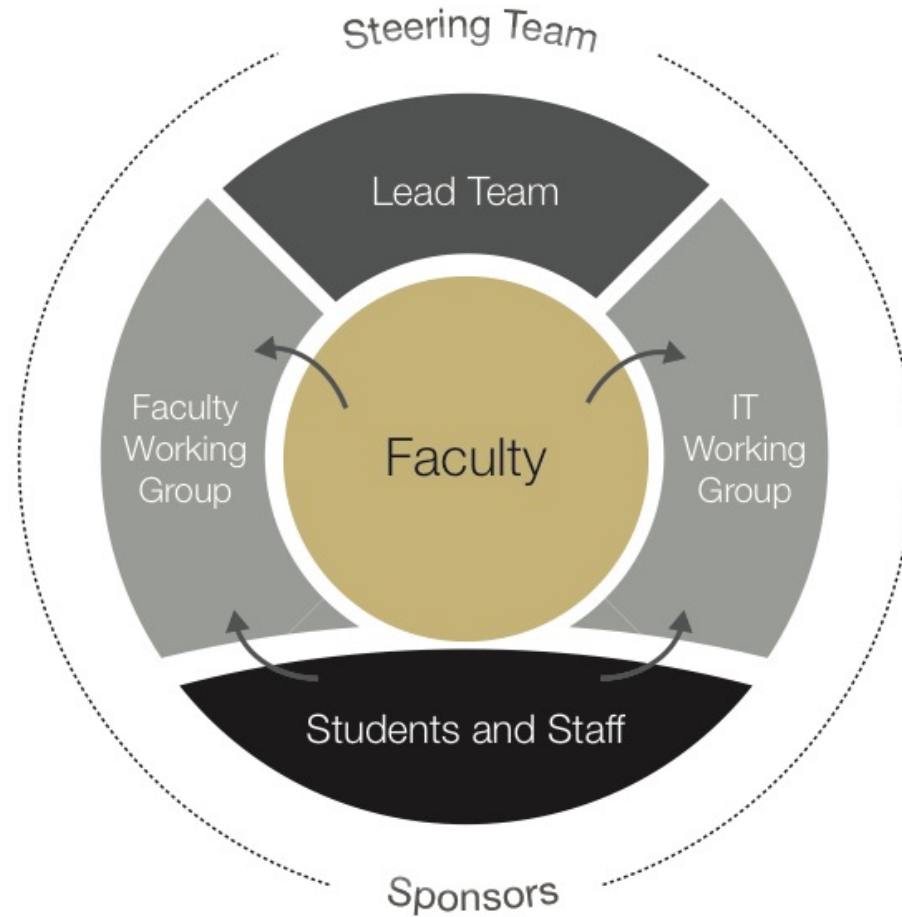

Project Goals

Evaluate Desire2Learn and other learning management systems (LMS) to identify the best LMS to meet CU Boulder's teaching, learning and administrative needs

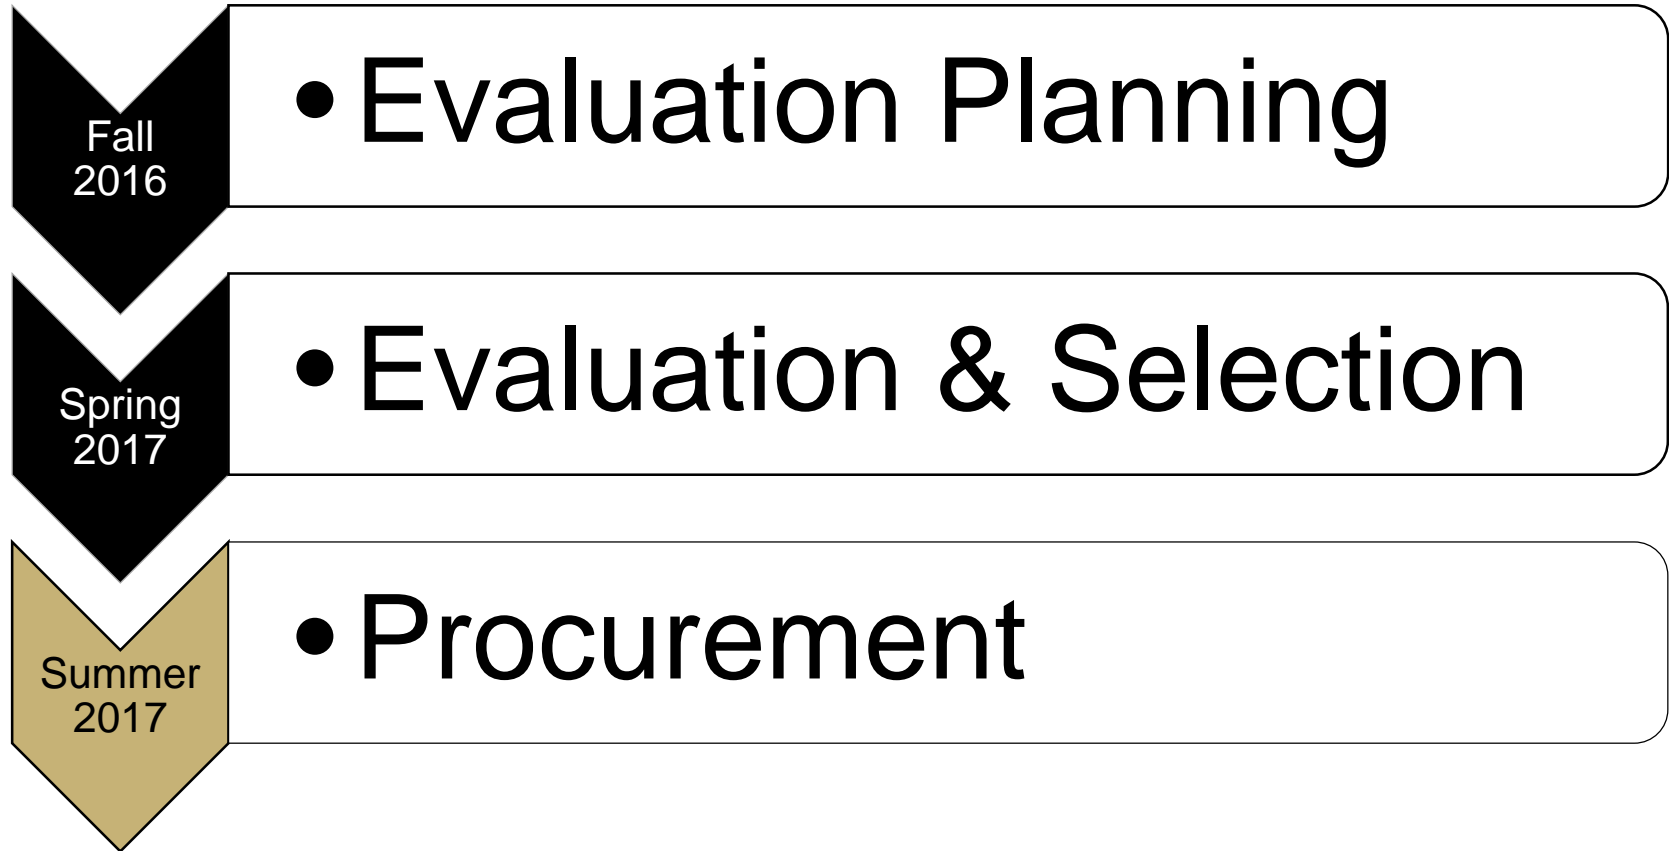

Evaluation Process

- Gather feedback from students, faculty, and staff about their experiences with D2L and other LMSs
- Request proposals from LMS providers
- Plan and conduct an evaluation of LMSs from the teaching and learning and technical lenses
- Select an LMS

Project Organization

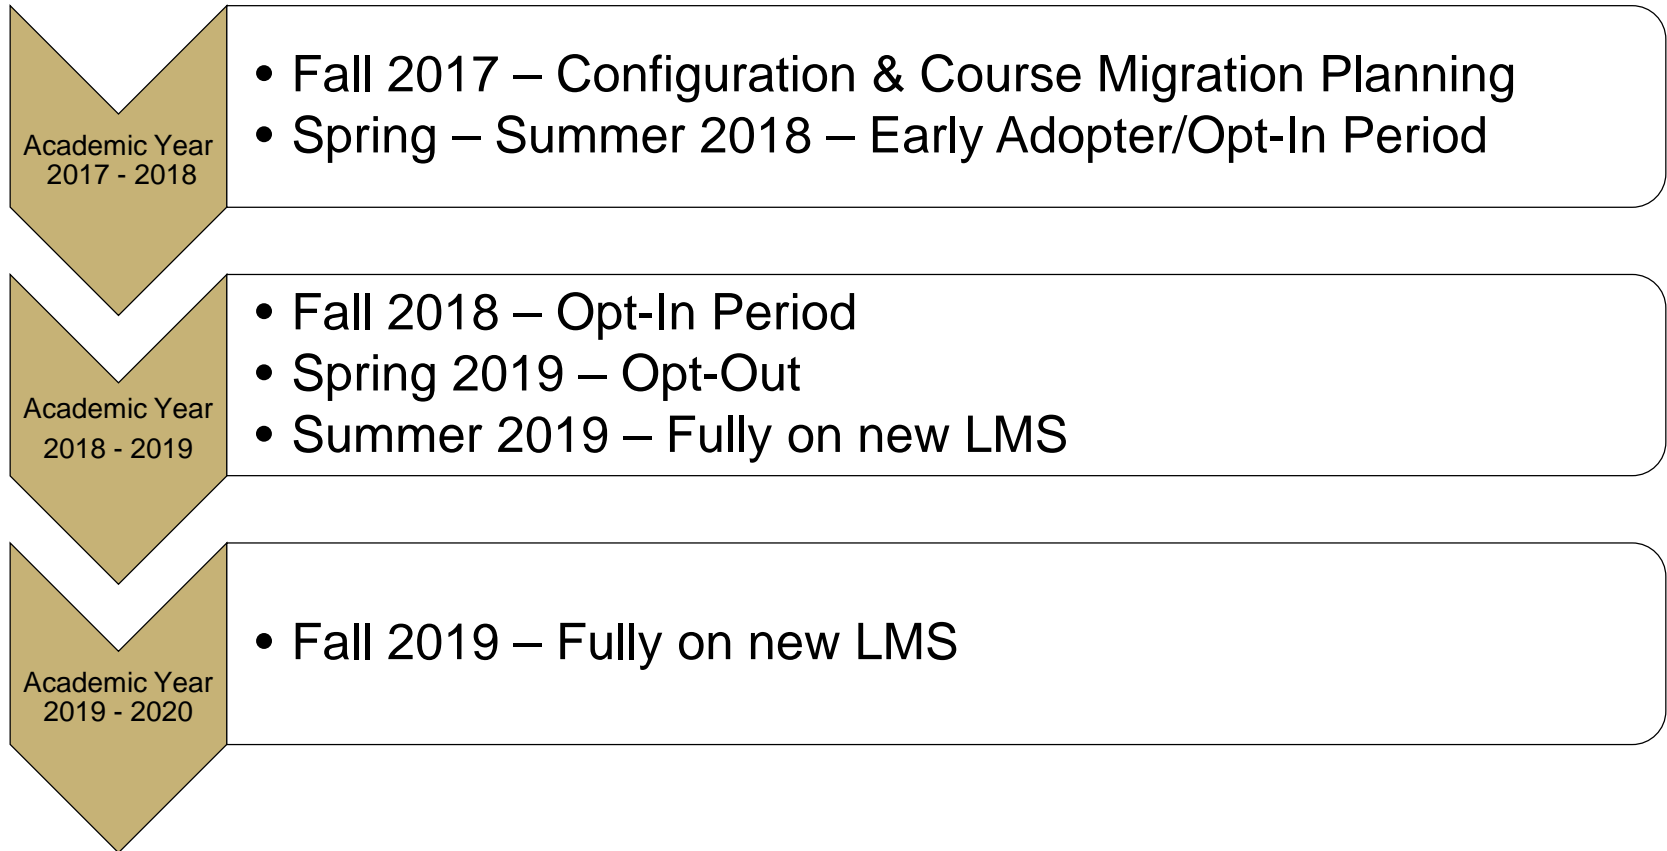

Project Timeline

Future Project Timeline

(if alternate LMS is selected)

Communication
