Application Section B - Student Questions

 $\label{lem:please upload one response document:} https://www.colorado.edu/biochemistry/WuttkeBeckmanAward Allowed file types: .pdf, .doc, .docx$

If yes, please describe your research experience. Be sure to include your mentor's name, the duration of the experience, the nature of the project, and your contributions to the project (maximum 200 words).

- 2. Please address the following points in essay format (maximum 500 words).
 - Why do you want to pursue undergraduate research?
 - What skill sets do you bring to the lab?
 - What are your goals after graduation and how do you anticipate participation in research might guide or help you in attaining those goals?
 - What is the biggest challenge that you have faced and how did you overcome it?
 - What possible topics/research interests do you want to explore in your research?

Application Section C - Student Expectations and Selection Criteria

By signing below, you agree to the following student expectations and selection criteria.

- Must be committed to doing laboratory research.
- Must be committed to doing a minimum of 10 hrs per week of research during the Fall and Spring semesters.
- Must remain in strong academic standing (minimum of 3.0 cumulative GPA) for the awarded terms.
- Encouraged to participate in department-wide meetings and symposia.
- I understand that I may not receive the UROP and the Wuttke & Beckman Foundation Biochemical Sciences Research Award in the same semester.
- I recognize and understand that preference will be given to students who have financial need as determined by the Financial Aid office.
 - I recognize and understand that preference will be given to diverse students students from geographic areas and socioeconomic backgrounds that are historically underrepresented in the fields of the biochemical sciences, first-generation students, ethnically and racially diverse students, and/or students that have faced an unusual adversity.

I agree to the student expectations and selection criteria outlined above and authorize the use of this information by the Wuttke & Beckman Foundation Biochemical Sciences Research Scholarship selection committee.
