Biochemistry Undergraduate Research Scholar Award

University of Colorado Boulder

Application Section B - Student Questions

Please upload **one response document**: Allowed file types: .pdf, .doc

1. Have you ever done research in a lab? ☐ Yes ☐ No

If yes, please describe your research experience. Be sure to include your mentor's name, the duration of the experience, the nature of the project, and your contributions to the project (maximum 200 words.)

2. Please address the following points in essay format (maximum 500 words).

- ◊ Why do you want to pursue undergraduate research?
- ◊ What skillsets do you bring to the lab?
- ◊ What are your goals after graduation and how do you anticipate participation in research might guide or help you in attaining those goals?
- ◊ What is the biggest challenge that you have faced and how did you overcome it?
- ◊ What possible topics/research interests do you want to explore in your research?

Application Section C - Student Expectations and Selection Criteria

By signing below, you agree to the following student expectations and selection criteria.

- ◊ Must be committed to doing laboratory research.
- ◊ Must remain in strong academic standing (minimum of 3.0 cumulative GPA) for the awarded terms
- ◊ Encouraged to participate in department-wide meetings and symposia.

I agree with the student expectations and selection criteria outlined above and authorize the use of this information by the Biochemistry Undergraduate Research Scholar Award selection committee.
