

# Wuttke & Beckman Foundation

## Biochemical Sciences Research Award

### Application: Spring 2021

#### Application Section A - Student Information

Full Legal Name

Last:

First:

Middle:

Student ID Number (SID):

CU Employee ID Number (if applicable):

Current Contact Information

Street Address or P.O. Box:

City:

State:

Zip:

Telephone:

Campus email address:

Birth date (mm/dd/yyyy):

Gender:

Race / Ethnicity (optional - list all that apply):

Major(s):

Current Cumulative GPA:

Expected Graduation (mm/yyyy):

Current and projected credit hours in your schedule

Fall 2020:

Spring 2021:

Summer 2021 (if applicable):

Indicate the highest level of education of natural or adoptive parents or guardian with whom you resided until age 18 (check all that apply):

Parent/Guardian 1:

High school or less

Some college

Associate degree

Bachelor degree

Master's degree

Doctoral degree (PhD/EdD)

Professional degree (MD/DO/DDS/JD)

Parent/Guardian 2:

High school or less

Some college

Associate degree

Bachelor degree

Master's degree

Doctoral degree (PhD/EdD)

Professional degree (MD/DO/DDS/JD)

On average, how many hours do you expect to work each week on your research?

*(Minimum 10 hours / week during the Fall and Spring terms and minimum 40 hours / week during the summer term)*

Fall 2020:

Spring 2021:

Summer 2021 (if applicable):

Will you have any other jobs during the summer (paid or volunteer)? Yes No

If yes, how many hours will you work per week at that other job(s)?

## Biochemical Sciences Research Award

### Application: Spring 2021

#### Application Section B - Student Questions

Please upload **one response document**: <https://www.colorado.edu/biochemistry/WuttkeBeckmanAward>  
Allowed file types: .pdf, .doc, .docx

1. Have you ever performed research in a lab?    Yes    No  
If yes, please describe your research experience. Be sure to include your mentor's name, the duration of the experience, the nature of the project, and your contributions to the project (maximum 200 words).
2. Please address the following points in essay format (maximum 500 words).
  - o Why do you want to pursue undergraduate research?
  - o What skillsets do you bring to the lab?
  - o What are your goals after graduation and how do you anticipate participation in research might guide or help you in attaining those goals?
  - o What is the biggest challenge that you have faced and how did you overcome it?
  - o What possible topics/research interests do you want to explore in your research?

#### Application Section C - Student Expectations and Selection Criteria

By signing below, you agree to the following student expectations and selection criteria.

- o Must be committed to doing laboratory research
- o Must be committed to doing a minimum of 10 hrs per week of research during the Spring semester.
- o Must remain in strong academic standing (minimum of 3.0 cumulative GPA) for the awarded terms
- o Encouraged to participate in department-wide meetings and symposia
- o I recognize and understand that preference will be given to students who have financial need as determined by the Financial Aid office.
- o I recognize and understand that preference will be given to diverse students - students from geographic areas and socioeconomic backgrounds that are historically underrepresented in the fields of the biochemical sciences, first-generation students, ethnically and racially diverse students, and/or students that have faced an unusual adversity.

I agree to the student expectations and selection criteria outlined above and authorize the use of this information by the Wuttke & Beckman Foundation Biochemical Sciences Research Scholarship selection committee.
