<tr>
<td>NSBE</td>
<td>National Society or Black Engineers</td>
</tr>
<tr>
<td>oSTEM</td>
<td>Out in Science, Technology, Engineering, &amp; Mathematics</td>
</tr>
<tr>
<td>SASE</td>
<td>Society of Asian Scientists &amp; Engineers</td>
</tr>
<tr>
<td>SHPE/MAES</td>
<td>Society of Hispanic Professional Engineers/Latinos in Science &amp; Engineering</td>
</tr>
<tr>
<td>SWE</td>
<td>Society of Women Engineers</td>
</tr>
</tbody>
</table>

“Active involvement” is determined by each society; Typically, it requires attending 1 meeting/event per month. First-year students must attend first society meeting by Oct 1.

### 10 BOLD Community Hours Per School Year

- Volunteer at BOLD sponsored or approved events
- Attend BOLD Power Hours (every Wednesday 4 – 5pm in The BOLD Center)
- Attend other BOLD professional development events (advertised throughout the year)

At least 1 hour must be a Diversity / Inclusion topic, and all events must be BOLD sponsored or BOLD approved. TEAMS volunteering can count for up to 5 BOLD hours. First-year Scholars are required to attend BOLD Fall Welcome in August as part of their hours.

### Success Coaching Meeting

Meet with a BOLD staff member to discuss scholarship requirements, academics, research & internships, and other resources.

First-year students must meet by October 15.

### First-Year Engineering Projects Course

- GEEN 1400
- ASEN 1400
- ECEN 1400

In lieu of one of the above courses, students can participate in at least 2 Idea Forge or ITL workshops. Required for first-year students only.

### Additional Requirements

- Attend BOLD Scholars Fall Orientation Session (during Engineering Welcome Days in August)
- Write thank you letter to donor (only if you have a named donor – information will be sent by Gretchen Lee)
- Attend scholarship dinner in fall (only if your named donor is in attendance – invites will be sent by Gretchen Lee)
- Achieve ≥ 2.800 cumulative GPA (First & Second Year BOLD Scholars)
- Achieve ≥ 3.000 cumulative GPA (Third & Fourth Year BOLD Scholars)
- Remain in good standing with the College of Engineering and Applied Science each semester (academic standing, Honor Code, and Student Conduct)
