Rates published by the Bursar's Office are approved by the Board of Regents annually in accordance with the level of cash fund appropriations set for the university by the Colorado General Assembly. The Board of Regents reserves the right to change tuition and fees at any time. Tuition for Coursera programs at CU Boulder is charged by program and credit hours. Tuition for this program is assessed on a linear credit hour basis (each credit hour is the same rate) and continues to increase at the same increment for each hour over 15. Fractional credit hours outside of flat rate tuition are assessed a portion of tuition between the two closest credit hours. Dual degrees and double majors are charged the higher rate. These rates apply to CU Boulder programs on Coursera only. Classes taken on other campuses including Boulder Main Campus and Boulder Continuing Education have separate tuition, fees and billing. Rates and deadlines may be subject to change.
