

**2025 UNAFFILIATED PEER MENTORS (FOR 1<sup>ST</sup> YEAR STUDENTS THAT ARE NOT LIVING IN THE LEEDS RAP OR LEEDS LLC)**

**KARI ANDERSON**

Hi! My name is Kari and I'm from the Bay Area (more specifically the Silicon Valley) and my family recently moved to San Luis Obispo. I love going on walks and spending time with my friends and rewatching the same shows. I came to CU because I love having seasons and snow, and I think that Leeds has a great program! I definitely did not know what emphasis I wanted to do when coming to school, so don't worry if you don't know either!

**ALEXANDRA BECKER**

My name is Alex Becker, and I am studying marketing in the Leeds School of Business with a minor in creative technology and design. I am originally from Philadelphia, but I have fully embraced life here at CU! Some of my hobbies include going to concerts, hiking, hanging out with friends, and anything artistic. I am involved with the women in business club and socially with a sorority here at CU.

**CARSON DUNN**

My name is Carson Dunn, and I was born and raised in Vail, CO. Growing up, I've always loved the outdoors: skiing, biking, rafting, kayaking, hiking, skateboarding, and playing various sports such as football and lacrosse. I am currently studying marketing here at the Leeds School of Business and am just wrapping up my freshman year. Some groups that I am an active member of include Leeds AI Club, and Leeds Real Estate Club, and I am also an active member of Phi Kappa Tau fraternity. I love to travel and explore new places and am a major foodie for any and every kind of eats. In my free time at CU, you can catch me skiing at Eldora (or other resorts nearby), at the Gym, doing various digital art, and enjoying all the famous activities that Boulder has to offer. I would consider myself as a pretty extroverted and outgoing person who loves to meet new people and try new activities. So far I would say my favorite part of CU is how I've been able to branch out to completely new friends outside of the people who came here from my hometown. I'm excited to kick this next year off strong and can't wait to meet you!

I know starting college can feel like a mix of excitement and total chaos, and I'd love to be the person who helps make that transition easier for you! I'm a business major with an emphasis in marketing and management, and I'm minoring in media studies because I'm obsessed with movies. Whether it's a deep dive into film theory or just rewatching a rom-com for the hundredth time, I'm always down to talk about anything movie-related. Outside of classes, I stay pretty involved on campus. I'm in Gamma Phi Beta, where I've found some of my closest friends, and I'm also part of Women in Philosophy, which has given me the space to have some of the most interesting (and sometimes chaotic) debates about life, ethics, and everything in between. So if you ever need a good study spot rec or tips on balancing school, work, and life, I've got you! I love problem-solving and thinking about how businesses connect with people, but what I love even more is helping others feel like they belong. College can be overwhelming, but having someone who gets it can make all the difference. If you need advice, a study buddy, or just someone to grab coffee with and talk about life, I'm here for you. I can't wait to meet you and help make your first year as fun and stress-free as possible!</p>
