Outside the classroom, I have interned in manufacturing and sales, gaining valuable experience in business operations, customer relations, and financial analysis. I've also worked as a Statistics UCA at CU Boulder, where I tutored students and strengthened my ability to break down complex topics into digestible concepts. I previously participated in the Leeds Young Alumni Mentoring Program, where I connected with investment banking professionals to refine my technical skills and career strategy. Now, I'm excited to give back as a Peer-to-Peer Mentor by helping students navigate their academic and career journeys. Whether it's resume-building, interview prep, or course guidance, I'm happy to share what I've learned and help others succeed at Leeds! In my free time, I enjoy snowboarding, lifting, hiking, and playing music. Looking forward to meeting and working with fellow Leeds students!
