Support the Klump Center for Real Estate

In 2020, Leeds graduated its first class of undergraduates with a real estate major, and nearly 500 students have already declared the major this year. Coupled with CU's graduate MSRE and MBA real estate degrees, CU has one of the largest real estate programs in the nation. Through immersive experiences, powerful networks and nationally recognized thought leadership, the Klump Center for Real Estate is redefining what it means to prepare talent and ideas that will shape the future of real estate. Thank you for considering sponsorship to support the Klump Center's work.
