

JD/MBA Law and Business

Dual Degree

To support the University's mission of advancing knowledge across disciplines, and in recognition that business education and training has relevance to many academic fields, the Leeds School of Business and Colorado Law endorse a dual degree program in which both a Master of Business Administration and a Juris Doctor are awarded those students who satisfy the requirements outlined below.

An MBA degree in combination with the JD degree will provide you with a set of business tools to complement your law degree and expand your career options. The dual MBA/JD offers you the opportunity to earn both degrees together in less time than if the degrees were earned sequentially.
