Assigned advisor
Leeds students have an assigned advisor based on their year in school or their declared area of emphasis. First year students are assigned a first-year advisor. Beginning in the second year, students will be assigned to a specific Area of Emphasis advisor once they declare. Second-year Open Option students will remain with their first-year advisor until they declare.

Group advising
Academic Advisors offer a series of workshops in the weeks leading up to the registration period. In order to remove the Academic Advising Required registration hold, students must attend at least one workshop. Within the first month of the semester, students will receive an email with the workshop schedule and other details.

Individual advising
In order to remove the Academic Advising Required registration hold, students must schedule and attend an individual appointment with the Academic Advisor for their Area of Emphasis. Within the first month of the semester, students will receive an email with details.
