

SAMPLE Four Year Plan
BS in Business Administration: Accounting BAM with Summer Internship
Catalog Years 2022-2023

The Bachelor's Accelerated Master's (BAM) program allows students to complete the bachelor's and master's degrees in five years and is designed to be a 4+1 program. This plan outlines the path to completing the BS degree. Students are allowed to take up to 12 credits of MS courses while in the undergrad program and can apply a maximum of 9 MS credits toward their BS degree. If you are considering the BAM option, you should work closely with your academic advisor to make sure you meet the requirements and are on track for both programs. *CPA eligibility requires 150 credits in most states so it is ideal for students on this track to graduate with 132 credits including three MS/BS overlapping courses and one MS course.

First Year

Fall	credits
BCOR 1015: World of Business	3

Choose: Non-Business Elective Course	3
Choose: ACCT 5000-level elective - MS only	2
Total: 15	

The curriculum in the Leeds School of Business is structured such that students move through business classes in a prescribed order. Prerequisites are strictly enforced. This is an example of a plan for completing a business degree in eight semesters. **Students are not limited to this plan; it is meant to be used as a guide for planning purposes.**
