

DATA: Data was pulled from UT Dallas for including: Journal on Computing, Operations Research, Journal of Operations Management, Manufacturing and Service Operations Management, Production and Operation Management from 2015-2018 for the world rankings as of October 8th, 2018. The UTD "Score" in column E comes from the UTD Website. UTD counts number of papers those in top journals. For each paper UTD divides up credit among the authors. So if a paper has two authors, one from School X, School X gets .5 added to its UTD Score. In column H, Score / Number of faculty simply divides the UTD Score in column E by the number of faculty in column G. Please see the tab "Faculty Count" for the counts of faculty for each school. Faculty counts are from current websites. If a school has fewer faculty now than reference period, it "helps" the school's per capita ranking because faculty who left contribute papers for numerator UTD Score but not denominator. If a school has more faculty now than reference period, it "hurts" the school's per capita ranking because new faculty's papers are not in the school's UTD score but are in the denominator.

Per Capita UTD Rank	UTD Rank	University	Articles	Score	Country	Faculty Number	Score / Faculty Number
1	14	Duke University (The Fuqua School of Business)	29	11.41	USA	6	1.902
2	8	Purdue University (Krannert Graduate School of Management)	25	13.09	USA	8	1.636
