Books & Supplies	1,800	
Transportation	1,300	
Medical	2,430	
Personal	1,400	<i>Miscellaneous</i>
<b>Total</b>	<b>\$20,952</b>	

# Tuition and Financial Aid

## Colorado Residency

Tuition classification determines student residency for tuition purposes. Your initial tuition classification is determined from information you supply on your application for admission to the MS Program.

[www.colorado.edu/registrar/students/state-residency](http://www.colorado.edu/registrar/students/state-residency)

## Scholarships

The Leeds School of Business offers merit scholarship awards to selected admitted master's program candidates. Applicants who apply by the April 1 priority deadline will automatically be considered for Leeds School of Business scholarship awards.

## Financial Aid

MS students who are US citizens or eligible non-citizens may apply for financial aid in the form of graduate student loans. To apply, you must submit the Free Application for Federal Student Aid (FAFSA) online for the appropriate academic year as soon as possible.

[www.fafsa.ed.gov](http://www.fafsa.ed.gov)

## Financial Need-Based Eligibility and the Appeal Process

(US Citizens and Eligible Non-US Citizens Only)

Information from the FAFSA is used to determine how much money you should be able to contribute toward your education - your Expected Family Contribution or EFC. The estimate of your Expected Family Contribution (EFC) is based on your previous year's income. If you had a full time job and you no longer work, the expected contribution may not reflect your current situation. The Office of Financial Aid can calculate your expected family contribution to reflect your current circumstances if you file a Petition for Professional Judgement. Contact the financial aid office for further information.

## Federal Loan Programs

### Direct Loans

Federal Direct Loans (Stafford Loans) are fixed-rate student loans for graduate students attending a college or university at least half time. Graduate students are eligible for unsubsidized Direct Loans with a loan limit of \$20,500 per academic year and a fixed interest rate of 6.6% after 7/1/18.

### Graduate Plus Loans

Graduate PLUS student loans are non-need based. Eligibility for Grad PLUS Loans is based on your credit history. The yearly limit on a Graduate PLUS Loan is equal to your cost of attendance minus any other financial aid you receive. For example, if your cost of attendance is \$20,000 and you receive \$5,000 in scholarships and a \$5,000 Direct Loan, you could borrow up to but no more than \$10,000. Graduate PLUS loans have a fixed interest rate of 7.6% after 7/1/18.

## Additional Loan Sources

If scholarships and federal loan funding do not cover your annual budget including living expenses, private student loans may help you fill the gap. [www.simpltuition.com](http://www.simpltuition.com) serves as a central source for comparing private loan options. In addition, you may contact the CU-Boulder Office of Financial Aid for further private loan information.
