ENGINEERING
... because dreams need doing!

College of Engineering and Applied Science
engineering.colorado.edu
Learn about and develop renewable energy alternatives.

Do international service work through Engineers Without Borders.

Engage in hands-on engineering.

Work on real space projects through the Colorado Space Grant Consortium.

Find academic support, career guidance, and new friends at the BOLD Center.

Study Abroad.

Put balance in your life through a wide range of recreational activities.

Teach engineering to K-12 students.

Conduct undergraduate research with distinguished faculty.

Be a CU Engineer!
Financial Aid and Scholarships

engineering.colorado.edu/finance

In 2010, nearly 30% of engineering students received college scholarships (median $1,250) in addition to campus-wide financial aid.

Estimated Cost of Attendance
Undergraduate engineering student for full-time attendance (2011-2012)
