# Course is offered only once per year (FALL or SPRING as shown).

() Prerequisite and co-requisite requirements for course listed.

* AREN 4317 prerequisites: ARCH 4010; and (AREN 4506 and CVEN 3256) or (AREN 4550 and 4570) or (AREN 4161 and 4555) or (AREN 4110 and 4890).

** College-approved writing courses: HUEN 1010 (taken in first two semesters of college only); or HUEN 3100, WRTG 3030, WRTG 3035, or PHYS 3050 (junior standing).

*** Some Proficiency and Concentration courses are offered in different semesters (fall and/or spring) than shown on the block diagram. See reverse.

Fall 2015/revised January 2018
ARCHITECTURAL ENGINEERING CONCENTRATIONS

At least one concentration must be completed in its entirety, including all fundamental, proficiency, and concentration courses.

Fundamental – All students take the fundamental courses in all four concentration areas.

Proficiency – Students choose two of the four areas in which to take a second proficiency-level course.

Concentration – Students choose one area in which to take two additional concentration-level courses.

---

**STRUCTURAL SYSTEMS**

**Fundamental** – CVEN 3525 Structural Analysis (CVEN 3161) – Fall and Spring

**Proficiency** – CVEN 4545 Steel Design (CVEN 3525) – Spring

or CVEN 4555 Reinforced Concrete Design (CVEN 3525) – Fall

**Concentration** – CVEN 4161 Mechanics of Materials II (CVEN 3161) – Fall

and one of the following:
CVEN 4545 or 4555 (whichever not selected as proficiency)

---

**MECHANICAL SYSTEMS**

**Fundamental** – AREN 3010 Mechanical Systems for Buildings (AREN 2050, 2110, 2120) – Fall

**Proficiency** – AREN 4110 HVAC Design (AREN 3010) – Spring

**Concentration** – AREN 4830 Computer Simulation of Building Systems - Spring

AREN 4890 Sustainable Building Design (AREN 3010) - Fall

---

**LIGHTING/ELECTRICAL SYSTEMS**

**Fundamental** – ECEN 3030 Electrical Circuits (APPM 2360) – Fall

and AREN 3540 Illumination I (CHEN 1310, APPM 2350) – Fall

**Proficiency** – AREN 4550 Illumination II (AREN 3540) – Spring

or AREN 4560 Luminous Radiative Transfer (AREN 3540) – Spring

or AREN 4570 Electrical Systems (ECEN 3030) – Fall

**Concentration** – AREN 4550, 4560, 4570 (whichever two not selected as proficiency)

---

**CONSTRUCTION ENGINEERING & MANAGEMENT**

**Fundamental** – CVEN 3246 Introduction to Construction (4th-semester standing) – Fall and Spring

**Proficiency** – CVEN 3256 Construction Equipment & Methods (CVEN 3246) – Fall and Spring

**Concentration** – CVEN 4506 Project Management I (CVEN 3246) – Fall and Spring

AREN 4606 Project Management II (CVEN 3246, AREN 4506) - Spring

---

**ELECTIVE REQUIREMENTS**

**Basic Engineering Elective** – Students who do not take GEEN 1400 may substitute any 3-credit technical course given in the engineering college with a designator ASEN, AREN, APPM, CHEN, COEN, CVEN, CSCI, ECEN, EMEN, EVEN, GEEN, or MCEN, or other course approved by the CEAE Curriculum Committee. Remedial courses (precalculus, etc.) or courses approved as HSS electives may not be used.

**Free Elective** – Any college-level course, except: cannot be remedial courses needed to fulfill deficiencies (algebra, trigonometry, precalculus, introductory chemistry, etc.) and cannot be similar to courses used toward graduation requirements (algebra-based physics, etc.).

**Humanities and Social Science (HSS) Elective** – See the College requirements and list of approved courses at www.colorado.edu/engineering/academics/policies/HSS.

**Technical Elective** – Generally, an upper-division (3000+) science or engineering course with technical content. All upper-division AREN/CVEN courses are technical electives; up to 6 credits outside of AREN/CVEN may be selected with faculty advisor consent. Up to 3 credits of independent study, undergraduate research, or the following ROTC courses are acceptable as technical elective credit: AIRR 3010 or NAVR 4010. See the CEAE website for a list of approved technical electives for AREN students.
