INTRODUCTION & LEARNING OBJECTIVES

Welcome to Spanish Advanced Conversation!

In this class, you will develop skills for communicating in Spanish. This is an interactive class, where we use the language to explore meaning and talk about a variety of rotating topics and themes.

We also aim to build intercultural competence by critically examining our own perspectives and comparing them to those of others.

Level Description

In Advanced Conversation, students use the language creatively and become able to successfully handle a variety of complicated communicative and written tasks. Students become able to form full paragraphs in the target language in order to narrate and describe events and experiences across all major areas of communication and to contribute to a conversation on a substantive topic, for example the environment, with accuracy and clarity.

Course Structure

Each week you will engage in two live class sessions (either in-person, or remotely via Zoom) with the instructor and other students. This class time will be structured with interactive conversation activities and games.

How to get the most out of this class

One of the ALTEC advantages is affordability. Students are not required to purchase materials. Instead, instructors provide a variety of resources, including learning guides, online and/or open-source curricula, and multi-modal language resources. This is integral to our program, as our classes are customized to meet our students' unique learning needs. Many of these resources are linked to the right and you will have access to a number of additional materials in Canvas.

We recognize that each student has their own learning style and language-learning goals. So, you might think about the collection of materials provided by your instructor as a sort of buffet—use what works best for you to meet your own particular learning goals.

Netiquette (Net-Etiquette)

If a breakout room conversation or situation becomes uncomfortable for you, you are welcome to leave and return to the main room. Remember that we have a wide variety of people in our language class who may come from very different backgrounds and lived experiences than you. Let's keep this in mind in our class and breakout room conversations. If you choose to leave a breakout room, please notify your instructor so they can address the issue in a way that is respectful to you and the other learners.
