

## Graduate Certificate in Global Engineering Enrollment Form

The Mortenson Center offers a Graduate Certificate in Global Engineering to degree-seeking, graduate-level engineering students (including BS/MS students in their final year, MS, or PhD students) enrolled in a department within the College of Engineering and Applied Science. It is primarily designed for students who want to learn about global development or who have an interest in pursuing a career in global engineering. Students earn the certificate by satisfactorily completing twelve credit hours approved by the Mortenson Center, with a grade of B- or higher in each course or module. The following courses are required:

- CVEN 5919: Global Development for Engineers (SCDI) **Start Date:** \_\_\_\_\_
- CVEN 5939: Global Development Practicum (SCD Field Practicum)
- The remaining six credit hours will be completed as approved courses or one-credit modules offered by the Mortenson Center or Affiliate Faculty.

The Mortenson Center Global Engineering (MCGE) Graduate Certificate requirements are separate from the graduate degree requirements established by each student's home department. Therefore, graduate students interested in completing the MCGE Graduate Certificate need to contact their respective academic advisors to determine how the certificate courses will fit into their overall degree plan. ***MS/PhD research requirements remain the exclusive responsibility of the students' home dept. / program and advisor.***

Student Name (PRINT): \_\_\_\_\_ Student ID: \_\_\_\_\_

Student Signature: \_\_\_\_\_ Student Email: \_\_\_\_\_

**By signing this form, I recognize that this student intends to complete a 12 credit hour academic certificate program that may include courses in addition to their degree requirements.**

**Student's academic area (circle as appropriate):**

In Civ/Env/Arch:    BSP/AREN    CEM    Civil Sys    Env    EngSci    GeoEnv    GeoTech    Struct    Water Res

Degree Pursued: MS    PhD    Civil MCGE Professional MS    Environmental MCGE Professional MS

Anticipated Graduation Date: \_\_\_\_\_

Outside Civil/Env/Arch Dept.: \_\_\_\_\_ (please specify)

Faculty Name (PRINT): \_\_\_\_\_ Faculty Signature: \_\_\_\_\_

For more information, please contact Mortenson Center Managing Director Laura MacDonald by email: [laura.a.macdonald@colorado.edu](mailto:laura.a.macdonald@colorado.edu). Once signed by the student and the student's faculty advisor, this form must be returned to the Mortenson Center.
