

Colorado Space Grant Consortium

Student Position – Summer 2025

Accepting applications April 23 – 28, 2025

Summer 2025 Positions

1. WARP SPEED– Mentor and Program Support

Position Title: Mentor & Program Support	Position Number: WS01
Project: WARP SPEED	Available Positions: 1
<p>PROJECT Description: The COSGC Space Professional Education, Enrichment and Development or WARP-SPEED program engages an interdisciplinary student cohort interested in space-related research in their first semester at CU Boulder. To prepare for the aerospace workforce, immersion in experiential learning and research is key during the undergraduate experience. WARP-SPEED students will work on experiential, NASA aligned projects in a collaborative, positive, and healthy environment where they can build their technical, communication, interpersonal, and leadership skills, developing their STEM identity. Mentoring is a key component to building a successful path to the aerospace workforce, so students engage with a mentor throughout the program.</p>	
<p>Position Description: The WARP SPEED graduate student mentor will work with the undergraduate student cohort each week facilitating projects and workshop activities, engaging students in a weekly program in the fall semester, and identify and work toward a COSGC NASA challenge project proposal. The mentor will also work with staff to develop a mentoring structure and assessment.</p>	
<ul style="list-style-type: none"> ● Required Skills: <ul style="list-style-type: none"> ○ Experience with interdisciplinary learning environments ○ Experience with project-based learning ○ Previous project or research experience ○ Strong background in math & physics ● Recommended Skills: <ul style="list-style-type: none"> ○ Experience with mentoring ○ Experience with student leadership ○ Experience with teaching 	
<p>Recommended Majors: Engineering, Physics, Astrophysics, Astronomy, Geology, Computer Science</p>	
<p>Time Commitment: 20 hours/week; Summer and Fall semesters 2025</p>	
<p>Type of Position: Biweekly/Hourly Paid \$25/hour</p>	
<p>Apply by: April 28, 2025</p>	

That concludes Summer 2025 postings. Please keep an eye out for updates as the semester progresses.
