

Do you dab cannabis?

Participate in our ACED study that looks at the effects of high potency cannabis on mood, cognition, and perception!

You may be eligible :

- 21-70 years old
- Use cannabis more than 2x a week
- Have experience with high potency marijuana (e.g. dabs)

This Study Involves:

- 1 session at our lab in Boulder
- 1 session in our mobile laboratory, we come to you!
- Questionnaires and computer tasks after you use cannabis
- 4 blood draws across 2 appointments

You can earn up to \$150 for your participation!
