

NOW ACCEPTING APPLICATIONS

Max S. Peters Faculty Development Postdoctoral Fellowship

Department of Chemical and Biological Engineering

University of Colorado Boulder

The new Jennie Smoly Caruthers Biotechnology Building, home to Chemical and Biological Engineering at CU-Boulder

The Max S. Peters Faculty Development Postdoctoral Fellowship is designed to prepare exceptional candidates for careers in academia by providing training for obtaining a faculty position, writing proposals, teaching, and managing a research group. The program also provides conference travel funds. Fellows receive competitive salary and benefits. Fellowships may begin at any time with a minimum duration of 15 months, which may be extended.

To be considered, candidates must:

- Have a PhD in chemical or biological engineering or related discipline
- Demonstrate potential to become a leader in the engineering community
- Identify a primary sponsor from CU-Boulder Chemical & Biological Engineering faculty
- Submit CV, research proposal, statement of career goals, and letters of recommendation

Review of applications will begin on June 30th, 2012.
