Commencement

UNIVERSITY OF COLORADO BOULDER

FOLSOM STADIUM

MAY 5, 2022

One Hundred Forty-Sixth Year of the University
NORLIN CHARGE
TO THE GRADUATES

The first commencement at the University of Colorado was held for six graduates on June 8, 1882, in the chapel of Old Main. It was not until 40 years later, on September 4, 1922, that the first summer commencement was held. Since the first commencement in 1882, the University of Colorado Boulder has awarded more than 350,000 degrees. The traditional Norlin Charge to the graduates was first read by President George Norlin to the June 1935 graduating class.

You are now certified to the world at large as alumni of the university. She is your kindly mother and you her cherished sons and daughters.

This exercise denotes not your severance from her, but your union with her. Commencement does not mean, as many wrongly think, the breaking of ties and the beginning of life apart. Rather it marks your initiation in the fullest sense into the fellowship of the university, as bearers of her torch, as centers of her influence, as promoters of her spirit.

The university is not the campus, not the buildings on campus, not the faculties, not the students of any one time—not one of these or all of them. The university consists of all who come into and go forth from her halls, who are touched by her influence, and who carry on her spirit. Wherever you go, the university goes with you. Wherever you are at work, there is the university at work.

What the university purposes to be, what it must always strive to be, is represented on its seal, which is stamped on your diplomas—a lamp in the hands of youth. If its light shine not in you and from you, how great is its darkness! But if it shine in you today, and in the thousands before you, who can measure its power?

With hope and faith, I welcome you into the fellowship. I bid you farewell only in the sense that I pray you may fare well. You go forth, but not from us. We remain, but not severed from you. God go with you and be with you and us.

Dear graduates:

One of the greatest honors for the University of Colorado Board of Regents, the institution’s governing board, is to be part of this commencement ceremony. Your success is a success for us all. Your degree is a measure not only of an accomplishment of dedication and talent, but also notice to the world that you have the skill and discipline to contribute greatly to any endeavor you pursue.

This commencement ceremony, like every University of Colorado graduation since 1935, will close with the reading of the Norlin Charge. As originally expressed by former CU President George Norlin in 1935, graduation "marks your initiation in the fullest sense of the fellowship of the university, as bearers of her torch, as centers of her influence, and as promoters of her spirit." Welcome to the ranks of CU's alumni family of 475,000 graduates across all campuses since 1882. Congratulations on achieving this milestone. Well done and well earned!

Sincerely,

The Regents of the University of Colorado
Dear graduates,

Congratulations on earning your degree from the University of Colorado Boulder!

This momentous occasion represents years of hard work and commitment toward your goals. Even when faced with difficult circumstances, you kept pushing forward to arrive at your destination today. Bravo!

As you go forth from this exciting moment, our hope is that you will do so with confidence, optimism and enthusiasm for the journey ahead. We hope you continue to discover the ways the university community has shaped and molded your life, just as you helped to shape your university. In all that you do, may you carry a spirit of boldness into each and every facet of your life.

Today is also a day to recognize those who have supported you along the way: friends, family, faculty, staff and others who have brightened your path. We cheer alongside you in joyous celebration of your achievements.

You now join generations of alumni around the globe who carry CU Boulder pride within them. Your collective legacy will be to leave a positive and meaningful mark on humanity, across Colorado and the world.

Today is your day to shine, sharing your success with your family and friends. We wish you health, happiness and prosperity in all your endeavors.

Sincerely,

Todd Saliman

ACADEMIC DRESS

In 1896, U.S. colleges and universities adopted a uniform code governing academic dress. University of Colorado master’s and doctoral degree recipients wear hoods lined with the university colors, silver and gold. The velvet border indicates the degree and usually follows the same code as the color of the tassels. The Oxford cap, or mortarboard, has a long tassel fastened by a button on the top. Candidates for baccalaureate degrees wear the tassel over the right front of the cap before the degree is conferred, and over the left thereafter. The color of the tassel on the bachelor’s cap indicates the field of study, with the exception of the BA degree, whose candidates wear white tassels indicating the arts. To read about the significance of recognition cords or stoles, go to colorado.edu/commencement/academic-dress.

THE PRESIDENTIAL CHAIN OF OFFICE AND THE UNIVERSITY MACE

The Presidential Chain of Office holds the suspended pendants. The back pendant is the seal of the state of Colorado surrounded by a golden ribbon representing the golden circle of knowledge. The top pendant in the front is the seal of the University of Colorado surmounted by an arch set with diamonds and topaz, signifying the necessary link between the search for knowledge and its practical application to the world beyond the university. At the center of the bottom pendant is a gold topaz indicating the quest for knowledge.

The University of Colorado Mace was created for the commencement ceremonies of May 1984. The foot of the scepter is encased in sterling silver bound in 14-karat gold, ending in an intaglio of the seal of Colorado. The shaft of the mace was carved from a black walnut tree thought to have been one of the saplings given to the settlers of the Colorado Territory by President Abraham Lincoln.

THE UNIVERSITY SEAL

The University of Colorado seal depicts a male Greek classical figure sitting in front of a pillar and holding a scroll. Next to the figure, laurel branches frame a burning torch. The inscription in Greek reads Let Your Light Shine. The laurel symbolizes honor or success; the youth suggests the morning of life; and the scroll represents written language.

The seal is used primarily on official documents, such as diplomas and transcripts that have been issued on behalf of the university. The Board of Regents uses the seal on its official documents and publications. The seal also appears on the President’s Chain of Office, the University Mace, regent regalia and various formal publications.

COMMENCEMENT SPEAKER
Tom Costello
NBC News Washington correspondent Tom Costello has covered a range of topics, including the billionaire space race, the death of Princess Diana, the two fatal crashes of Boeing’s 737-MAX and the “Miracle on the Hudson” jet landing in 2009.
Costello, who grew up in Centennial, Colorado, earned a degree in broadcast journalism from CU Boulder in 1987 and spent six years at 9News in Denver. He now reports daily across all NBC News and MSNBC platforms, including TODAY, NBC Nightly News, MSNBC and NBC News Now.

In January 2021, Costello covered the insurrection at the U.S. Capitol and the arrests that followed. He has reported extensively on the coronavirus pandemic.
He has won six Emmy Awards, as well as Edward R. Murrow and National Headliner awards.
Costello holds a master’s in administration/international commerce from Boston University’s Graduate Center in Brussels, Belgium.
**Juan Espinosa**

Juan Espinosa was at the forefront of a generation of journalists who told stories from a community long ignored by major media.

After serving in the U.S. Air Force and while earning a journalism degree at CU Boulder, he founded *El Diario de la Gente*, a campus newspaper of the United Mexican American Students organization. As a student, he covered major events in words and pictures, including the 1973 Grape Strike led by Cesar Chavez and the United Farm Workers Union Constitutional Convention in California. Espinosa did not attend his 1974 commencement—he was part of the student occupation of Temporary Building 1. He helped negotiate the end of the occupation after the deaths of “Los Seis de Boulder,” six Chicano students and activists killed in car bombings that May.

Exactly 46 years ago today, Espinosa co-founded *La Cucaracha*, an independent alternative newspaper in Pueblo. He went on to a 22-year career at *The Pueblo Chieftain*, where his popular column Juan’s World recounted his experience doing the jobs of Colorado State Fair workers. For 14 of those years, Espinosa was a certified high school teacher of Chicano studies. Today, his work preserving Chicano history is shared in museum exhibitions and award-winning documentary films. A project with CU Boulder’s American Music Research Center, *Soundscapes of the People: A Musical Ethnography of Pueblo, Colorado*, is documenting the musical culture of that city.

In recognition of his half-century relating the Colorado Chicano Movement through words and images, the Board of Regents is pleased to award Juan Espinosa the honorary degree Doctor of Humane Letters, *honoris causa*.

---

**Linda Hogan**

Through her poetry, fiction and nonfiction writing, Lind Hogan has become a national and international figure who stands for social justice and the life of our planet.

Born in Denver, Hogan, a professor emerita in the CU Boulder Department of English, earned a Master of Arts from the University of Colorado Colorado Springs. She has been a faculty member of the Institute of American Indian Arts, a writer in residence for the Chickasaw Nation, and has received many writing awards, including the Colorado Book Award, the Oklahoma Book Award and the Lifetime Achievement Award from the Native Writers’ Circle of the Americas. One of her early novels, 1991’s *Mean Spirit*, was a Pulitzer Prize finalist.

A Guggenheim, National Endowment for the Arts and Lannan fellow, Hogan’s main interests as a writer and scholar are the environment, Indigenous spiritual traditions and Southeastern tribal histories. Among her many works are *The Book of Medicines, Savings, Rounding the Human Corners* and *People of the Whale*. In *The Radiant Lives of Animals*, Hogan writes: “We need to have changed minds, to look at new ways of thinking about our shared world.”

As much a teacher as a writer, Hogan has worked with teens at the Chickasaw Children’s Home, teaches creative writing and gives a tireless series of readings and lectures around the world.

In recognition of her literary achievements and compassion for the natural world, the Board of Regents is pleased to award Linda Hogan the honorary degree Doctor of Humane Letters, *honoris causa*.
Ryan P. Haygood
In a long career as a civil rights lawyer and social justice advocate, Ryan Haygood has sought to build systems that create wealth, justice and power for Black, Latino and other people of color in New Jersey. A graduate of Denver’s Manual High School, Haygood earned a degree in history and political science at Colorado College. As a student at the University of Colorado Law School, he earned academic and All-American honors as a football player.

Haygood now serves as the president and CEO of the New Jersey Institute for Social Justice, where he leads a team of racial justice advocates who engage in grassroots organizing, research, policy and legislative advocacy, and litigation. Under his leadership, the institute helped to restore voting rights to 83,000 people on parole and probation, a right that had been denied in New Jersey since 1844. It also secured automatic and online voter registration; ended prison-based gerrymandering; fought for a $15 minimum wage; and backed reporting of COVID-19 racial data. The institute’s advocacy has resulted in an independent state prosecutor for cases involving police misconduct.

Before joining the institute, Haygood served as deputy director of litigation at the NAACP Legal Defense & Educational Fund, where he twice defended core provisions of the Voting Rights Act before the U.S. Supreme Court and led a successful challenge to a photo ID law in Texas. A federal district court struck down the law as intentionally racially discriminatory, a violation of the Voting Rights Act and an unconstitutional poll tax.

The Board of Regents is pleased to present the Distinguished Service Award to Ryan P. Haygood for his dedication to social justice and leadership in the preservation of democracy.

Michael Leeds
The business school at CU Boulder might have no better friend than alumnus and namesake benefactor Michael Leeds.

After graduating from CU Boulder with a business degree in 1974, Leeds embarked on a successful career in media, aviation and philanthropy. During more than a decade as president and CEO of CMP Media, a company at the forefront of technology, computers and the internet founded by his parents in 1971, Leeds took the company public. One of Fortune’s “100 Best Companies to Work For,” CMP Media later sold for almost $1 billion, and Leeds turned his attention to philanthropy.

In 2001, the Leeds family made what was then the largest single donation to CU Boulder and the only gift to name a school in the CU system. The donation led to the creation of two initiatives at the Leeds School of Business that support student success: the Center for Ethics and Social Responsibility (CESR) and the Office of Diversity Affairs (ODA). Leeds continues to engage and advocate to the greater CU network to promote philanthropy.

Leeds has remained a member of the Leeds Advisory Board and served as chair from 2002 to 2007. He co-developed and taught the course Leadership and Ethics—Challenges in Moral Courage in the 2000s and addresses new students during orientations. Leeds is a 2005 recipient of the George Norlin Award, the most prestigious honor bestowed by the University of Colorado Boulder. The award honors alumni who throughout their lives have demonstrated a commitment to excellence in their chosen field and a devotion to the betterment of society and their community.

After the sale of CMP Media, Leeds was president of FlightStar Inc., a charter jet management and consulting company, enjoying piloting corporate jets. Today, Leeds maintains his longtime passion as an instructor at Colorado’s Beaver Creek ski area.

For his commitment to the success and strength of the University of Colorado, the Board of Regents is pleased to award the University Medal to Michael Leeds.

COMMENCEMENT INFORMATION MAP
The University of Colorado Boulder works diligently to ensure the safety of our graduates, their families and their friends during the spring 2022 Commencement Exercises. You can do your part by noting the following:

- Once you are seated in Folsom Stadium, locate the nearest exit. If you are seated on the field level, you should exit north (toward Dal Ward Athletic Center).
- Listen carefully and follow any instructions that might be issued by the Master of Ceremonies or other public safety authority.
- Parents should keep their children with them at all times.
- Pay particular attention to the safety of any elderly people and people with disabilities.
- If directed to evacuate Folsom Stadium, move away from the stadium and remain outside until you receive an all-clear by a public safety authority.
- If necessary, seek assistance from a robed Commencement marshal, uniformed police officer or security guard.

The following services are available to ensure equal access to people with disabilities:
- Real-time captioning will be displayed on the main video board in English. Captioning in English and Spanish can also be viewed on personal mobile devices:
  - Spanish link: captionedtext.com/enter.aspx?EventID=5063989
- Assistive listening devices are located at the information kiosks. (Note: A photo ID must be left with staff when obtaining this device.) American Sign Language interpreters will be located in Section 119.
- Large-print brochures are available at the information kiosks.
- Wheelchair seating is available in Sections 103, 114, 118, 119 and 121. Wheelchair assistance is provided at the north side of Duane Physics. Service animals are welcome at all campus ceremonies.
- Accessible shuttles and limited courtesy transportation are available.
- For emergency medical treatment, please dial 911. Event security staff can help during medical emergencies.
