

2018 Society for Engineering Education Zone IV Conference
In the Zone: Engineering Education in Zone IV
University of Colorado, Boulder, CO
March 25-27, 2018

The American Society for Engineering Education Zone IV invites abstracts (full paper, work-in-progress or WIP, workshop, and poster) for the 2018 Zone IV Conference in Boulder, Colorado on March 25-27, 2018. ASEE Zone IV encompasses the Pacific Northwest, Pacific Southwest, and Rocky Mountain Sections.

This year's theme is *In the Zone: Engineering Education in Zone IV*. We want to highlight the innovations, efforts underway, and research happening in Zone IV. Please consider submitting on topics relevant to engineering education and joining us at this exceptional conference. Sessions in typical years include laboratories and projects, courses and curricula, experiential and global learning in engineering, pedagogy and assessment, and reports on student research and design. However, authors are encouraged to submit on any relevant topic in engineering education. Topics relating to online teaching, active learning and industry partnerships are of particular interest. Instructions and templates for abstract and full paper submission are provided below.

Poster, Workshop, and Work-in-Progress (WIP):

- Abstracts clearly indicate whether it is for a poster, work-in-progress, or workshop.
- Authors should submit a 250-500 word abstract in electronic form (.doc, .docx or .pdf).
- An accepted work in progress will be assigned to a poster session.
- To submit an abstract, please click on the Monolith link:
<https://asee.org/public/conferences/112/papers>

Full Papers:

Submission for a full paper is a three-step review process consisting of an abstract review followed by, if favorable, a draft paper review, and then a full manuscript review if necessary. Abstracts will each receive one blind review; papers will be blind reviewed by a minimum of three reviewers. Acceptance of both the abstract and the full manuscript is required for presentation in conference sessions and for inclusion in the conference proceedings (publish to present).

Abstracts shall be 250-500 words in length. All abstracts must be submitted through the Monolith abstract & paper submission portal at this website: <https://asee.org/public/conferences/112/papers>

Authors are encouraged to consult the Author's Kit before submitting draft papers.

Conference Information:

Further details on the conference can be found at: <http://www.colorado.edu/conference/aseezoneiv2018/>

For questions on submission, please contact:

- Afsaneh Minaie minaieaf@uvu.edu 801-863-6391
- Reza Sanati-Mehrizy sanati@uvu.edu 801-863-6393

For questions on the conference, please contact:

- Angela R. Bielefeldt Angela.Bielefeldt@colorado.edu

Important Dates and Deadlines:

Call for papers: September 15, 2017

Abstracts due: October 30, 2017

Abstracts decision: November 13, 2017

Drafts due: January 15, 2018

Draft Decisions/Feedback: February 9, 2018

Revisions due: February 23, 2018

Papers finalized and uploaded: March 2, 2018
