

CAMPUS CLOSURES, EXTREME WEATHER & OTHER EMERGENCIES

Be in the know. Know what to do.

CU Conference Services is committed to keeping our guests notified with up-to-date and real-time information in the infrequent event of campus closures, extreme weather and other emergencies. CUCS accomplishes this goal by automatically signing up on-site clients and adult attendees to our automated **RAVE Alert System**. All adult's (18 +) email and/or cell phone number provided at registration/check-in are sent to the CU Boulder Alert administrator to be included in the alert database. Individuals are active in the database only for the duration of the event or program on campus. Depending on the contact information provided, alerts are sent straight to either email accounts and/or mobile devices via our text messaging service.

The University of Colorado Boulder is committed to providing timely warnings and/or emergency notifications for situations that represent a serious or continuing threat to the campus community and visiting guests. If warranted, warnings may be followed by a clarification and/or instructional statement from CU Conference Services administration.

How to find additional information in an emergency:

On your mobile device

Watch for text or e-mail alerts in the case of a campus closure or if there is a threat to personal safety.

On the web

Visit www.colorado.edu for detailed campus closure and emergency information and updates.

On the phone

Call the campus info line at **303-492-INFO (4636)** for recorded information and updates relating to campus alerts.

By email

Check your e-mail after an emergency for support and resource information.

On social media
