

Undergraduate Research Assistant Position at the Crown Institute

Are you passionate the science of well-being? The **Mechanisms of Well-being Team** led by **Dr. Winnie Zhuang** at the Renée Crown Wellness Institute is looking for motivated undergraduate research assistants to contribute to our studies on the mechanisms and practices that support individual and community well-being.

Position Details

Role: Undergraduate Research Assistant

Faculty supervisor: Winnie Zhuang, PhD

Time commitment: 6-10 hours/week, minimum 2 semesters

Location: Renée Crown Wellness Institute (some remote work may be possible)

Responsibilities:

- Assist in designing and preparing study materials
- Schedule participants and conduct in-person data collection for studies
- Support team members in data processing, analysis, and reporting
- Conduct literature reviews and summarize findings

Requirements:

- Current undergraduate student at CU Boulder
- Strong organizational skills and attention to detail
- Ability to work independently and as part of a team
- Basic knowledge of research methodology (experience with eye-tracking or statistical software is a plus)
- A commitment to confidentiality and ethical standards in research

What You'll Gain:

- Hands-on experience with empirical and/or secondary research methods
- Opportunities to develop skills in literature reviews, data collection and preparation
- Mentorship from experienced researchers and potential for professional networking
- The chance to make a meaningful impact in the field of psychology and wellness

Note: This is a voluntary, unpaid position designed for those looking to gain experience in and deepen their knowledge of research in psychology.

To Apply: Please send your resume, unofficial transcript, and a brief cover letter explaining your interest to Dr. Zhuang at wen.zhuang@colorado.edu

Application Deadline: Dec 13, 2024
