

Course Based Master's Degree (PMP) PLAN OF STUDY

COMPUTER SCIENCE GRADUATE PROGRAM

STUDENT NAME: _____ SID _____

SUB PLAN: _____ Date _____

5000 LEVEL COURSES IN 3 DIFFERENT AREAS TO MEET BREADTH REQUIREMENTS				
Computer Science courses are listed in three different BINs. All course based MS students must earn a B or better (not a B-) in at least ONE 5000-level (not 6000 or higher) breadth course from each of the THREE BINS. Students need to complete their breadth courses by end of second semester at the latest.				
COURSE NUMBER	COURSE TITLE	SEMESTER TO BE TAKEN	SEMESTER ACTUALLY TAKEN	GRADE

5000 LEVEL SUB PLAN COURSES				
The department requires a candidate to complete an approved program of study consisting of at least 30 semester hours. For each sub plan, students must complete courses mentioned under each sub plan. Students may count the same course towards the breadth requirement and sub plan requirement. A grade of at least a B or better (NOT B-) is required in these sub plan courses.				
COURSE NUMBER	COURSE TITLE	SEMESTER TO BE TAKEN	SEMESTER ACTUALLY TAKEN	GRADE

ADDITIONAL GRADUATE COURSES TO BE USED FOR COMPUTER SCIENCE DEGREE				
The department requires a candidate to complete an approved program of study consisting of at least 30 semester hours. At least 24 of these 30 hours must be in Computer Science courses at the 5000 level or above. (Any course which is cross-listed with Computer Science is considered to be a Computer Science course, regardless of the department in which the student actually registers.)

COURSES FROM OTHER DEPARTMENTS TO BE USED FOR COMPUTER SCIENCE DEGREE (OPTIONAL)

Students may count up to TWO 3 credits courses from another department towards their degree provided they are from approved majors and/or approved by the Graduate Committee via petition.
