

NATURE BINGO

BOARD 1

Flying bird	Track or footprint	Something that is your favorite color	Mammal	Nearby sound
Something smaller than your fingernail	Seeds	Soil	Flying insect	Reptile
Scent	Fruit	FREE	Something made by a person	Walking insect
Tree	Invertebrate that isn't an insect (like a spider or worm)	Flower	Sky	Leaf
Distant sound	Rock	Sitting bird	Grass	Something bigger than you

**AGES
6-10**

Use this bingo game as a way to explore your natural world. Clip the card to a piece of cardboard or a book with a paperclip or clothespin so it is easy to write on it. The choices are intentionally open-ended so that no matter where you are, you are likely to find something to fill in a square. Use a pencil to write or draw what you've found for the square.

Will you get the same answers if you play the game next week? Next month? You play in a different location? Down the street? Across town?

If you'd like to take pictures of some of the things you find, you can send them to us at museumed@colorado.edu. If you need help identifying what something is, you can ask us.

Date: _____
