Here's how it goes

~ In 5 minutes ~

**Introduce your
organization!**

What do you do?
What's your mission?
What do your meetings
look like?

~ Next 5 minutes ~

**Present your
requests!**

What's your request type?
How will the funding
benefit your RSO?
What impact are you
leaving at CU?

~ Last 5 minutes ~

**Question and
Answer.**

The funding board
will ask the RSO questions
if they have any!

What questions should you expect from the Student Organizations Allocations Committee?

Is your organization being inclusive of **all members**, whether in leadership positions or not?

Selective organizations may only request funding for events (open to the CU Community). This includes if you have tryouts, applications, and dues with no way to waive them. Information needs to be included in your bylaws.

How are you making sure the requested items/services are accessible to benefit the maximum amount of students?

What impact or benefit will your requested items/services have on the **CU community** and/or your **specific organization**?

This is why we request bylaws!

How do your requested items work to contribute to your organizations **mission/objectives**?

Does your organization have **on-campus storage** or a **system** to account for items requested in your funding request?

Is your organization being cost-efficient and considering the sustainability measures of requests?

How will you ensure the items requested stay within the organization?
