GROUP REVIEW

Schedule Zoom reviews with your classmates; have everyone come prepared with questions and quiz each other.

TEST YOURSELF

Practice under simulated exam conditions. Choose an exam topic and create practice questions. For cumulative exams, create questions from each unit.

PREPARE MATERIALS

If it's an open book exam, mark your textbook for sections to reference ahead of time. Prepare condensed notes for faster review.

STUDY WITH BREAKS

Every 20 minutes, take a five-minute break. Then, every fourth break take a longer 15-20 minute break. This helps to maintain concentration and energy.

DIVERSIFY TECHNIQUES

To develop a deeper understanding of material, use a variety of methods: practice applying knowledge, creating new examples, teaching others, etc.

USE YOUR RESOURCES

Check in with your Academic Advisor about virtual tutoring, mentoring, and academic coaching.
