

# RESEARCH CHANGES DIRECTIONS

**Equipment  
your lab needs  
now may not  
be needed  
later...**

**Make your  
equipment assets  
really count!**

## **Enhance science on campus by sharing:**

- Put equipment in shared facilities or work with your department to create a shared facility
- List equipment on the Shared Instrumentation Network: [colorado.edu/sharedinstrumentation](http://colorado.edu/sharedinstrumentation)
