

LAB SPACE IS AN IMPORTANT COMMUNITY ASSET

It is
also one of the
most expensive
and energy-intensive
campus spaces
to build and
maintain

1000 sq ft
of lab space
≈
\$1 million
in new construction
costs

*Strategic use
of space to meet
communal and
individual lab needs
benefits the entire
campus research
community*

CU Green Labs encourages action for
efficient and optimized use of lab space.
